## ODA and JICA

Japan has been providing financial and technical assistance to developing countries through Official Development Assistance (ODA) since 1954. Japan International Cooperation Agency (JICA) is an implementing body of all ODA schemes, working in over 150 countries with some 90 overseas offices.

### Mission

JICA, in accordance with the Development Cooperation Charter, will work on human security and quality growth.

### Vision

Leading the World with Trust

JICA, with its partners, will take the lead in forging bonds of trust across the world, aspiring for a free, peaceful and prosperous world where people can hope for a better future and explore their diverse potentials.

### Actions

## JICA IN THAILAND

Japan's assistance to Thailand began by accepting 21 Thai trainees to Japan in 1954. JICA established its office in Thailand in 1974, and since then, has been contributing to the socio-economic development of Thailand, responding the country's changing needs at specific times.

### Basic Policy of Assistance/Partnership

Promotion of mutual benefit and contribution to regional development based on strategic partnership

### Priority Areas of JICA Cooperation to Thailand

1. Sustainable development of economy and coping with maturing society
2. Coping with common issues in ASEAN countries
3. Promotion of cooperation towards countries outside the ASEAN region

### JICA Major Assistance Schemes

- Technical Cooperation
- ODA Loans
- Grant Aid

Contributions to Thailand in Figures\*\*

Water Production 92%  
Among the total water production for Bangkok, the rate of water produced by treatment plants assisted with JICA's cooperation

Ports 68%  
Among all cargo volume at major ports in Thailand (under PAT/IEAT), the rate of those handled at ports assisted with JICA's cooperation

Expressway 54%  
Among total expressway distance under EXAT, the rate of those assisted with JICA's cooperation

International Airports 42%  
Among all passengers using international airports in Thailand, the rate of those who use airports assisted with JICA's cooperation

Electricity 40%  
Among the total electricity generated under EGAT, the rate of electricity generated by power plant stations assisted with JICA's cooperation

Mass Rapid Transit 39%  
Among all Mass Rapid Transit system distance in Bangkok, the rate of those assisted with JICA's cooperation

State Railways 23%  
Among state railway distance in Thailand, the rate of those assisted with JICA's cooperation

\*\*as of 2016

\*cumulative total, up to 2015

# Notable JICA's Cooperation Projects in Thailand

## • Transport Development

The World's 20<sup>th</sup> Busiest Container Port (2017)

Laem Chabang Port

The World's 20<sup>th</sup> Busiest Airport (2016)

Suvarnabhumi Airport

New Rail Transportation Hub for Thailand and ASEAN

Bang Sue Grand Station (Red Line)

Friendship Bridge 2

Linking Thailand and Lao PDR for Future Economic Growth

Maha Chesadabodindranosorn Bridge

Thailand's 1<sup>st</sup> Extradosed Prestressed Concrete Bridge with Japanese Technology

## • Health and Elderly Care

1962-70's Infrastructure Development for Health Care Service

- Human resource development for infectious diseases in Virus Center, Chest Hospital, and Faculty of Tropical Medicine, Mahidol University

1980's-90's Capacity Building for Tackling Infectious Diseases

- Human resource development in primary health
