Mumbai Trans Harbour Link Project Inauguration

COVERAGE REPORT
01 February 2024 (Updated)

Coverage Summary:

Along the sidelines of the inauguration of the Mumbai Trans Harbour Link in Maharashtra on Friday, January 12, 2024, Edelman conducted interviews for Mr. SAITO Mitsunori, Chief Representative, JICA India with leading wires and news publications such as The Press Trust of India (PTI), Mint, ETInfra, and Moneycontrol. With key mentions of JICA, the interviews focused on the Chief's view on the recent inauguration of the Mumbai Trans Harbour Link, thoughts on its completion and process, as well as JICA's plans for India for development across sectors, among other topics.

Based on these interviews, news stories have appeared in significant national and regional publications such as The Economic Times, The Financial Express, The Pioneer, The Telegraph, The Daily Guardian, Business Standard (Hindi), The Print (Hindi), and Hindustan (Hindi), among many others, across print and online platforms. Edelman also garnered tags on X for Chief's handle from PTI and Mint.

Summary Snapshot:

- 1. Interviews conducted: 04*
- 2. Wires flashed based on the interviews: 02*
- 3. Total story count: 47 | Wires – 02; Print - 16; Online - 29*
- 4. Overall reach: 110+ million*

Ahmedabad-Mumbai bullet train project progress satisfactory, says JICA India chief

NEW DELHI: Expressing satisfaction with the ongoing Ahmedabad-Mumbai bullet train project, the Chief Representative of JICA India, Saito Mitsunori, said that the PM Gati Shakti plan has accelerated public works in the country.

In an interview with PTI, Mitsunori also expressed Japan's interest in enhancing India's border road networks and participating in the transnational power transmission project with Bhutan, Nepal and Bangladesh.

"Once the project concept is in the pipeline, meaning the official preparatory route within the government, clarity is there, and everybody is able to assess and monitor progress So, that has helped a lot in accelerating public works in this country," Mitsunori said.

'Ahmedabad-Mumbai bullet train progress satisfactory'

EXPRESSING SATISFACTION WITH the ongoing Ahmedabad-Mumbai bullet train project, the chief representative of JICA India, Saito Mitsunori, said that the PM Gati Shakti plan has accelerated public works in the country.

In an interview with *PTI*, Mitsunori also expressed Japan's interest in enhancing India's border road networks and participating in the transnational power transmission project with Bhutan, Nepal and Bangladesh.

"Once the project concept is in the pipeline, meaning the official preparatory route within the government, clarity is there, and everybody is able to assess and monitor progress So, that has helped a lot in accelerating public works in this country," Mitsunori said.

The JICA India chief mentioned that the situation has improved a bit, as earlier it took years to get clearance from the local authority, causing project delays and cost overruns.

Japanese funding agency JICA has been the funding partner of India's several multi-billion infrastructure projects such as metro projects in Chennai, Ahmedabad and Delhi and several other projects across sectors such as rural development and education.

The government launched the PM Gati Shakti Plan in 2021 to provide multimodal connectivity infrastructure to various economic zones.

Ahmedabad-Mumbai bullet train works go full steam ahead

NEW DELHI

Expressing satisfaction with the ongoing Ahmedabad-Mumbai bullet train project, the Chief Representative of JICA India, Saito Mitsunori, said that the PM Gati Shakti plan has accelerated public works in the country.

In an interview with PTI, Mitsunori also expressed Japan's interest in enhancing India's border road networks and participating in the transnational power transmission project with Bhutan, Nepal and Bangladesh.

"Once the project concept is in the pipeline, meaning the official preparatory route within the government, clarity is there, and everybody is able to assess and monitor progress So, that has helped a lot in accelerating public works in this

country," Mitsunori said.

The JICA India chief mentioned that the situation has improved a bit, as earlier it took years to get clearance from the local authority, causing project delays and cost overruns.

Japanese funding agency JICA has been the funding partner of India's several multi-billion infrastructure projects such as metro projects in Chennai, Ahmedabad and Delhi and several other projects.

The government launched the PM Gati Shakti Plan in 2021 to provide multimodal connectivity infrastructure to various economic zones.

Speaking about the progress of the Ahmedabad-Mumbai High-Speed Corridor project, the Chief Representative of JICA said that the agency is excited to see work on all sections

started. The Japanese official said that all uncertainties about the project have been removed.

"We are really excited to see the work on all sections, such as Ahmedabad to BKC in Mumbai. The big change was on July 22 when the Maharashtra government decided to start tendering works within the State... The undersea tunnelling work between Mumbai and Thane has started. We are very much satisfied with the rapid and steady progress," he said.

The JICA India chief also mentioned that besides the northeastern region, the agency is keen to partner in building border roads in the Himalayan region. JICA has also expressed keen interest in funding power transmission projects connecting Nepal and Bhutan with Bangladesh. PTI

Japan to help India cut power sector emissions, build infra

Shashank Mattoo &

Rhik Kundu

NEW DELHI

Japan International Cooperation Agency (JICA), the country's development aid agency, is working with India on a roadmap to reduce carbon emissions in the power sector, Saito Mitsunori, the chief representative of the agency's India Office said.

JICA is also in talks with the central and state governments to fund more projects to improve connectivity with Bangladesh, Nepal and Bhutan, Mitsunori said.

The Japanese agency, one of the largest bilateral funders for India, is financing large infrastructure and connectivity projects like the Mumbai-Ahmedabad Bullet Train project, Mumbai Trans Harbour Link Project, and road connectivity improvement projects in the North-east, apart from projects in water and sanitation, power, forestry, agriculture, health, education and sustainable development goals (SDGs).

"A decarbonization road map (for the power sector) will

Chief representative of JICA India, Saito Mitsunori.

be formulated by the government with JICA's support in the coming years," Mitsunori said.

JICA is also working with the Central Electricity Authority to help it with planning policy formulation and terms of the power sector development, apart from funding renewable sector development in the country, he added.

India has an ambitious goal of decarbonizing energy to 50% and achieving 500 GW of fossil fuel-free generating capacity by 2030. This would require the country to meet 50% of its electricity require-

ments from renewable energy sources by 2030.

Meanwhile, JICA is also financing large infrastructure connectivity projects in India and Bangladesh.

As things stand, India, Japan, and Bangladesh have come together in the form of the ambitious Bay of Bengal North-east Corridor project to transform connectivity in the Bay of Bengal region through multiple connectivity corridors and industrial value chains.

While on the Bangladesh side, JICA is financing the development of Matabari's deepseaport in Cox's Bazar district, on the Indian side. In India it is financing road connectivity improvement projects in the North-east region, totalling more than 750km in length.

"Looking into the future, we are very much keen to fund more projects to improve connectivity with Bangladesh or Nepal or Bhutan," Mitsunori said. "We are yet to unveil a plan but I'd like to convey JICA's keenness and willingness to do more for that direction," he added.

After Delhi Metro, Atal Setu JICA's 2nd biggest milestone in India: Mitsunori

The Japanese lending agency which provides official development assistance for several infrastructure projects, has lent nearly \$2 billion for the development of the Mumbai Trans Harbour Link also known as Atal Setu. Japanese company IHI Infrastructure Systems provided advanced bridge technology which enabled reduction in construction time for the project.

New Delhi, Jan 21 (PTI) Expressing satisfaction with the ongoing Ahmedabad-Mumbai bullet train project, the Chief Representative of JICA India, Saito Mitsunori, said that the PM Gati Shakti plan has accelerated public works in the country.

In an interview with PTI, Mitsunori also expressed Japan's interest in enhancing India's border road networks and participating in the transnational power transmission project with Bhutan, Nepal and Bangladesh.

"Once the project concept is in the pipeline, meaning the official preparatory route within the government, clarity is there, and everybody is able to assess and monitor progress So, that has helped a lot in accelerating public works in this country," Mitsunori said.

The JICA India chief mentioned that the situation has improved a bit, as earlier it took years to get clearance from the local authority, causing project delays and cost overruns.

Ahmedabad-Mumbai bullet train: Saito Mitsunori, the Chief Representative of JICA India, expressed satisfaction with the ongoing Ahmedabad-Mumbai bullet train project, highlighting the positive impact of the PM Gati Shakti plan on accelerating public works in India. In an interview with PTI, Mitsunori also discussed Japan's interest in contributing to India's border road networks and participating in transnational power transmission projects involving Bhutan, Nepal, and Bangladesh.

The Chief Representative emphasised the improvements in project clearance timelines, attributing the positive changes to the official preparatory route within the government under the PM Gati Shakti plan. This approach has streamlined assessments and progress monitoring, mitigating delays and cost overruns.

अहमदाबाद-मुंबई बुलेट ट्रेन परियोजना की प्रगति संतोषजनक है: जेआईसीए

नयी दिल्ली: 21 जनवरी (भाषा) जेआईसीए (जीका) इंडिया के मुख्य प्रतिनिधि साइतो मित्सुनोरी ने अहमदाबाद-मुंबई बुलेट ट्रेन परियोजना की प्रगति पर संतोष व्यक्त करते हुए कहा है कि पीएम गति शक्ति योजना से देश में सार्वजनिक कार्यों में तेजी आई है।

मित्सुनोरी ने 'पीटीआई-भाषा' को दिए एक साक्षात्कार में भारत के सीमा सड़क संपर्क को बढ़ाने और भूटान, नेपाल तथा बांग्लादेश के साथ अंतरराष्ट्रीय बिजली पारेषण परियोजना में हिस्सा लेने में जापान की रुचि भी व्यक्त की।

अहमदाबाद-मुंबई बुलेट ट्रेन परियोजना की प्रगति संतोषजनक है : जेआइसीए

नई दिल्ली, 21 जनवरी (भाषा)।

जेआइसीए (जीका) इंडिया के मुख्य प्रतिनिधि साइतो मित्सुनोरी ने अहमदाबाद-मुंबई बुलेट ट्रेन परियोजना की प्रगति पर संतोष व्यक्त करते हुए कहा है कि पीएम गति शक्ति योजना से देश में सार्वजनिक कार्यों में तेजी आई है।

मित्सुनोरी ने एक साक्षात्कार में भारत के सीमा सड़क संपर्क को बढ़ाने और भूटान, नेपाल तथा बांग्लादेश के साथ अंतरराष्ट्रीय बिजली पारिषण परियोजना में हिस्सा लेने में जापान की रुचि भी व्यक्त की। उन्होंने कहा, एक बार परियोजना की अवधारणा पर काम शुरू होने का मतलब है कि सरकार के भीतर आधिकारिक काम जारी है। इसको लेकर स्पष्टता है और हर कोई प्रगति का आकलन तथा निगरानी कर रहा है। इससे इस देश में सार्वजनिक कार्यों में तेजी लाने में बहुत मदद

मिली। जेआइसीए इंडिया के प्रमुख ने कहा कि स्थिति में अब थोड़ा सुधार हुआ है, क्योंकि पहले स्थानीय प्राधिकरण से मंजूरी मिलने में वर्षों लग जाते थे जिससे परियोजना में देरी होती थी और लागत बढ़ जाती थी।

जापान की वित्तपोषण एजेंसी जेआइसीए भारत की कई अरब डालर की बुनियादी ढांचा परियोजनाओं जैसे चेन्नई, अहमदाबाद तथा दिल्ली में मेट्रो परियोजनाओं और ग्रामीण विकास तथा शिक्षा जैसे क्षेत्रों में कई अन्य परियोजनाओं की वित्तपोषण भागीदार रही है। सरकार ने विभिन्न आर्थिक क्षेत्रों में 'मल्टीमाडल कनेक्टिविटी' बुनियादी ढांचा प्रदान करने के लिए 2021 में पीएम गति शक्ति योजना शुरू की। अहमदाबाद-मुंबई द्रुत गति की गलियारा परियोजना की प्रगति के बारे में जेआइसीए के मुख्य प्रतिनिधि ने कहा कि एजेंसी सभी खंडों में काम शुरू होने से उत्साहित है।

अहमदाबाद-मुंबई बुलेट ट्रेन परियोजना की प्रगति संतोषजनक है: जेआईसीए

नई दिल्ली/भाषा। जेआईसीए (जीका) इंडिया के मुख्य प्रतिनिधि साइतो मित्सुनोरी ने अहमदाबाद-मुंबई बुलेट ट्रेन परियोजना की प्रगति पर संतोष व्यक्त करते हुए कहा है कि पीएम गति शक्ति योजना से देश में सार्वजनिक कार्यों में तेजी आई है। मित्सुनोरी ने 'पीटीआई-भाषा' को दिए एक साक्षात्कार में भारत के सीमा सड़क संपर्क को बढ़ाने और भूटान, नेपाल तथा बांग्लादेश के साथ अंतरराष्ट्रीय बिजली पारेषण परियोजना में हिस्सा लेने में जापान की रुचि भी व्यक्त की। उन्होंने कहा, एक बार परियोजना की अवधारणा पर काम शुरू होने का मतलब है कि सरकार के भीतर आधिकारिक काम जारी है। इसको लेकर स्पष्टता है और हर कोई प्रगति का आकलन तथा निगरानी कर रहा है इससे इस देश में सार्वजनिक कार्यों में तेजी लाने में बहुत मदद मिली।

बुलेट ट्रेन प्रकल्पाची प्रगती समाधानकारक - मित्सुनोरी

। मुंबई : मुंबई-अहमदाबाद बुलेट ट्रेन प्रकल्पाच्या प्रगतीबद्दल जिकाचे भारतातील मुख्य प्रतिनिधी सायटो मित्सुनोरी यांनी समाधान व्यक्त केले असून पंतप्रधान गतिशक्ती योजनेमुळे देशातील सार्वजनिक कामांना गती मिळाली असल्याचे मत व्यक्त केले. भारताची सीमा रस्ता कनेक्टिव्हिटी वाढवण्यात आणि भूतान, नेपाळ आणि बांगलादेशसह आंतरराष्ट्रीय ऊर्जा पारेषण प्रकल्पांमध्ये सहभागी होण्यात जपानला स्वारस्य असल्याचे त्यांनी सांगितले.

प्रकल्पाच्या संकल्पनेवर काम सुरू झाले, याचा अर्थ सरकारमध्ये अधिकृत स्तरावर काम सुरू आहे. या कामाबद्दल स्पष्टता असून प्रत्येक जण प्रगतीचे मूल्यांकन आणि निरीक्षण करत आहे. परिणामी देशातील सार्वजनिक कामांना गती मिळण्यास खूप मदत झाली आहे. पूर्वी स्थानिक प्राधिकरणाकडून मंजूरी मिळण्यास अनेक वर्षे लागायची. पण परिस्थिती आता

थोडी सुधारली आहे, असेही मित्सुनोरी म्हणाले.

विविध आर्थिक क्षेत्रांमध्ये 'मल्टिमोडल कनेक्टिव्हिटी' पायाभूत सुविधा उपलब्ध करून देण्यासाठी सरकारने २०२१ मध्ये पीएम गतिशक्ती योजना सुरू केली. अहमदाबाद-मुंबई हायस्पीड कॉरिडॉर प्रकल्पाच्या प्रगतीबाबत बोलताना मित्सुनोरी यांनी सर्व विभागांमध्ये काम सुरू झाल्यामुळे उत्साहित असून प्रकल्पाबाबतची सर्व अनिश्चितता दूर झाली असल्याचे स्पष्ट केले.

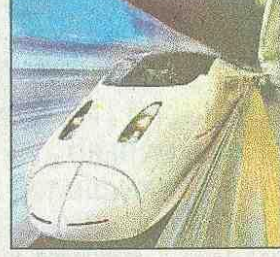

नेपाळ आणि भूतान बांगलादेशला जोडणाऱ्या वीज पारेषण प्रकल्पांना वित्तपुरवठा करण्याचा मनोदयही त्यांनी व्यक्त केला. नेपाळ आणि भूतानसोबत अतिशय सखोल चर्चा सुरू आहे, असेही ते म्हणाले.
