

## PROJECT NAME

病院間の血液・検体ドローン輸送網構築  
with Q Parking(SEM)

Project to establish an inter-hospital blood  
and specimen drone delivery network  
working with Q Parking (SEM)

KAWANOUE KAZUFUMI (AERONEXT) , G.TULGA(SEM)

Organizer

Co-organizers

Gold Sponsor

Silver Sponsor

Bronze Sponsor

**3** すべての人に健康と福祉を

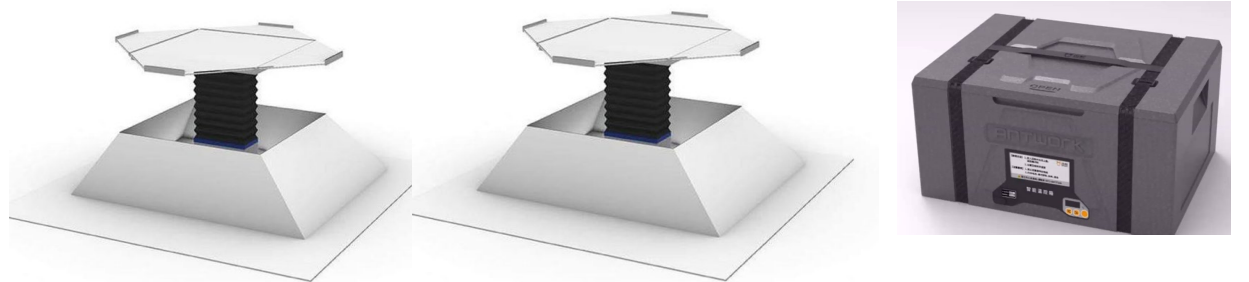

**9** 産業と技術革新の基盤をつくろう

**13** 気候変動に具体的な対策を

**17** PARTNERSHIPS FOR THE GOALS

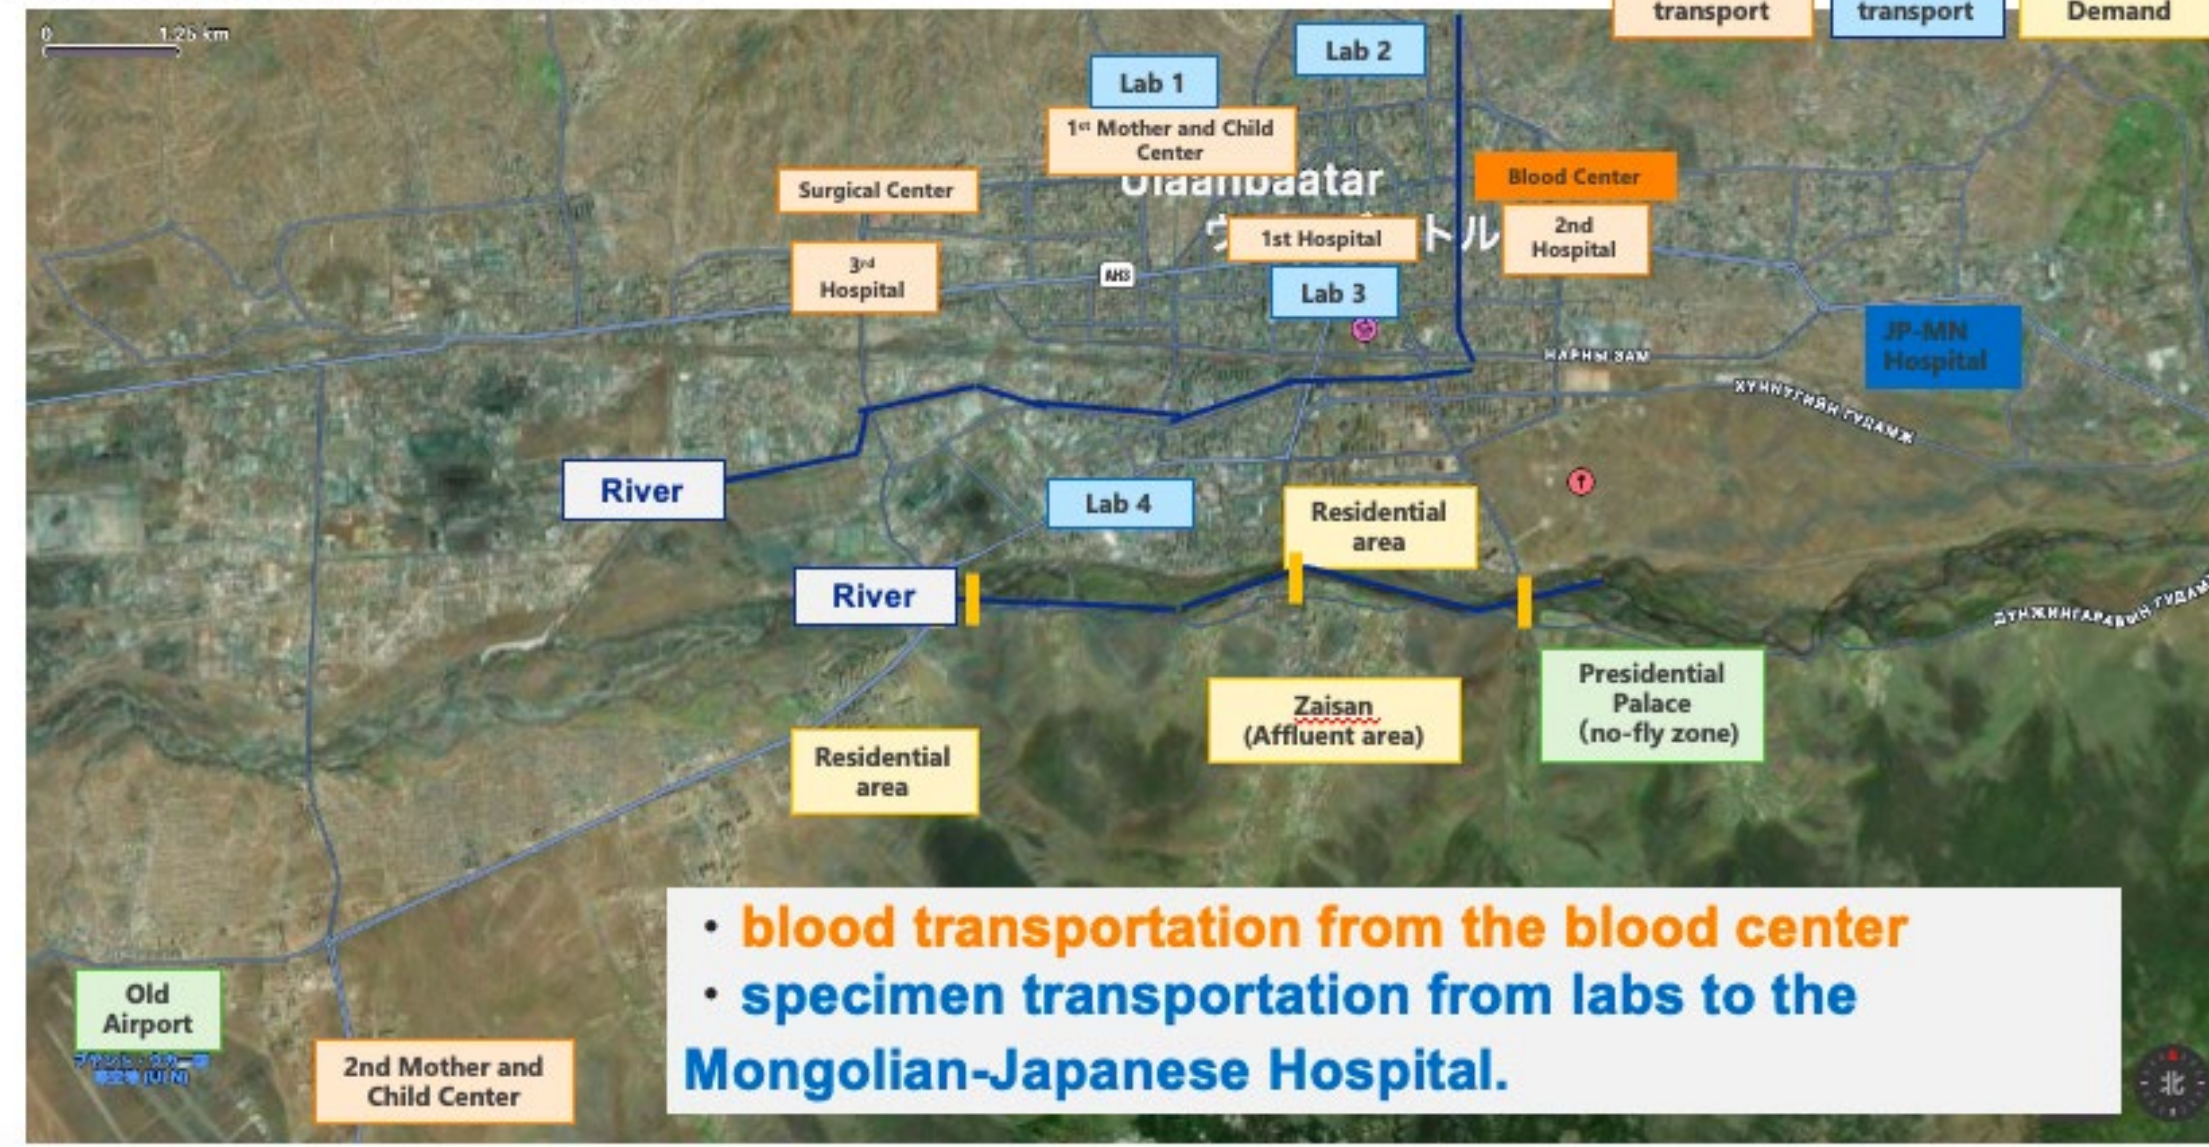

Air Truck

Drone Stand

Medical delivery Box

**<Examination of assumed routes>**

プロジェクトのインパクト：

人命救助 Saving Lives

看護師の輸送対応時間の削減による医療サービス向上

Improved medical services by reducing nurses' transportation response time

チームメンバーと役割：

NEWCOM、MOBICOM、TOKTOK、BLOOD CENTER

ACSL、KSD（KDDI SMART DRONE）、SEINO

マッチングセッションで獲得したパートナー名

SEM、JASTC

Expected outcome of the project (100 words)

血液センター（国立第二病院隣接）、日本・モンゴル教育病院を基点とした血液、検体のドローンによる定期輸送ネットワークの構築

Establishment of a regular drone transportation network of blood and specimens based on the Blood Center ( next to the National Hospital No.2) and the Japanese and Mongolian Teaching Hospitals.

## Funding

Expected total funding (MNT or JPY)

200 万JPY

Already secured funding (Amount (MNT or JPY) and funding sources (if not confidential))

**JICA ニーズ確認調査 SDGs Business Needs Confirmation Survey**

Use of newly gained funding through MICS-2023

**ドローンスタンドや医療用輸送ボックスの試作開発**

**Development of prototype drone stands and medical transport boxes**
