## 2,000 Bridges Survey using iPad (8<sup>th</sup> July -)

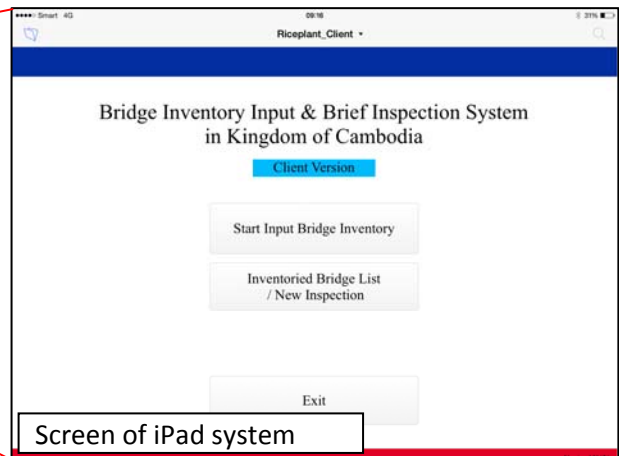

All bridges in Cambodia are being surveyed by MPWT and DPWT officials with supporting JICA Expert Team. These surveys were begun 8<sup>th</sup> July after instruction and practice.

5 Team was formed within MPWT. Members of surveyor is from RID, PWRC, RMC, HEC and every DPWT. They are surveying in all provinces for about 3 months.

After these surveys, all bridges inventory database will be completed. And results of inspection will be used for maintenance of bridges.
