

*The Project for Strengthening Capacity for Maintenance of Roads and Bridges
Project News (February, 2016)*

6th Workshop in MPWT

6th workshop was held on 18 February 2016.

The workshop took following three themes;

- 1) Database system for bridge and road inspection
- 2) Pilot project for bridge repair work
- 3) Pilot project for road repair works/outline of road repair guideline

From this workshop, RID officials served a presenter and made a presentation using PowerPoint slide which was prepared together with JICA Expert. Presentation style of the workshop in the project will be shifted from technology introduction and problem presentation by JICA Experts to the problem presented from Cambodian officials from now on.

The number of participants of the workshop is about 30 persons. In particular this workshop, 5 officials from DPWT (Kandal and Phnom Penh) attended the workshop and discussed Q&A actively.

Presentation by Mr. Chea Dara

Presentation by Mr. Hay Chandara

Question and Answer by Mr. Nin Menakak
