The Japan-France cooperation in Africa after the TICAD7

**Japanese development cooperation in Africa:
its new trends and the possible prospects for
cooperation with France**

September 6, 2019

Naohiro Kitano

Faculty of Science and Engineering,
Waseda University
Visiting Fellow, JICA Research Institute

The Seventh Tokyo International Conference on African Development (TICAD7)

Yokohama, 28th - 30th August, 2019

- The government of Japan has been leading this conference since 1993, co-hosted by **United Nations**, United Nations Development Programme (**UNDP**), **World Bank** and African Union Commission (**AUC**)
- Provide an **open and inclusive platform** where collaboration and networking further advance African development
- **53 countries** participated including the **top leaders from 42 countries**
- More than 10,000 participants
- Yokohama Declaration 2019, Yokohama Plan of Actions 2019

Keynote Address by Mr. Shinzo Abe, at the Opening Session of the TICAD 7

Positioning Business at the center of TICAD

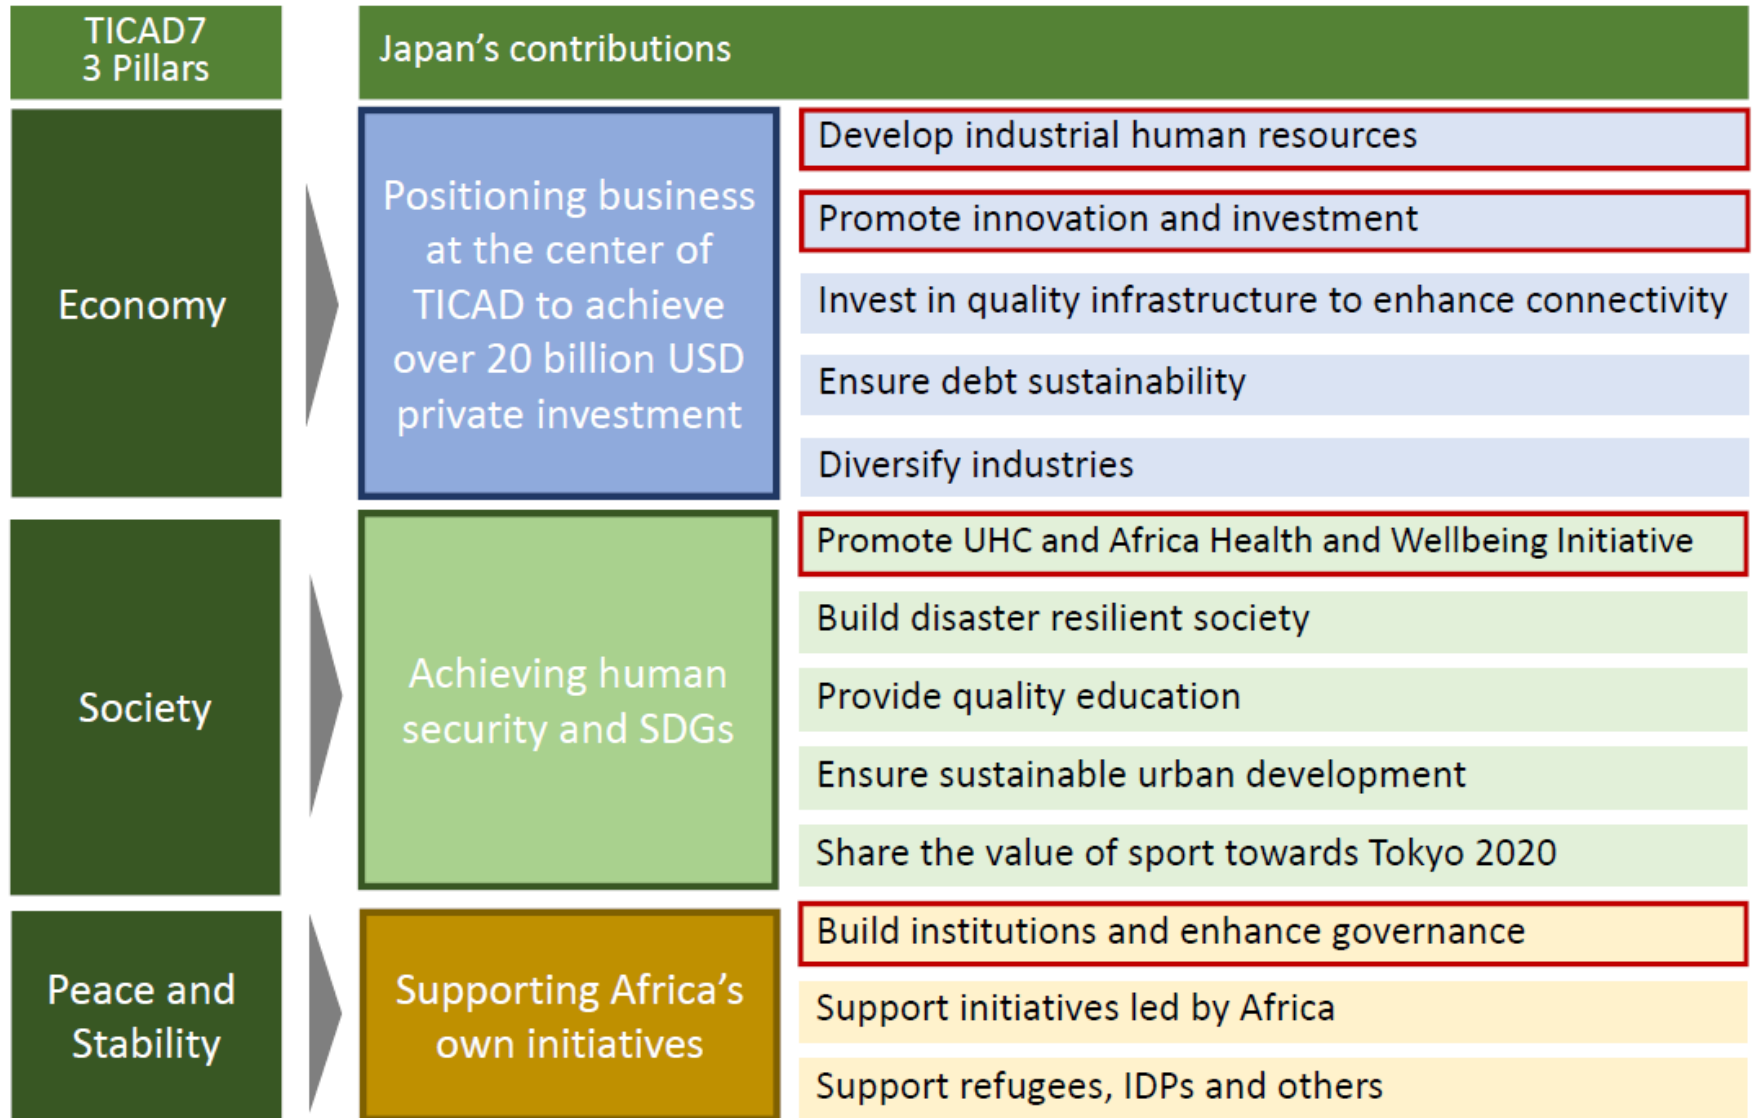

Let me introduce something brand new to you. That's “**New TICAD**,” born in Nairobi and growing by leaps and bounds.

Our New TICAD is a magnificent “**double E, double I**” springboard.

It is a partnership that lifts to greater heights the double **E's** of “**entrepreneurship**” and “**enterprise**,” along with the double **I's** of “**investment**” and “**innovation**.”

I make this pledge to you. The Government of Japan will **put forth every possible effort** so that the power of **Japanese private investment of 20 billion dollars in three years should**, in the years to come, **be surpassed** anew from one day to the next.

TICAD7: Japan's contributions for Africa

: Focus of Japan's contribution

“We take good note of the initiative of a free and open Indo-Pacific” (Yokohama Declaration)

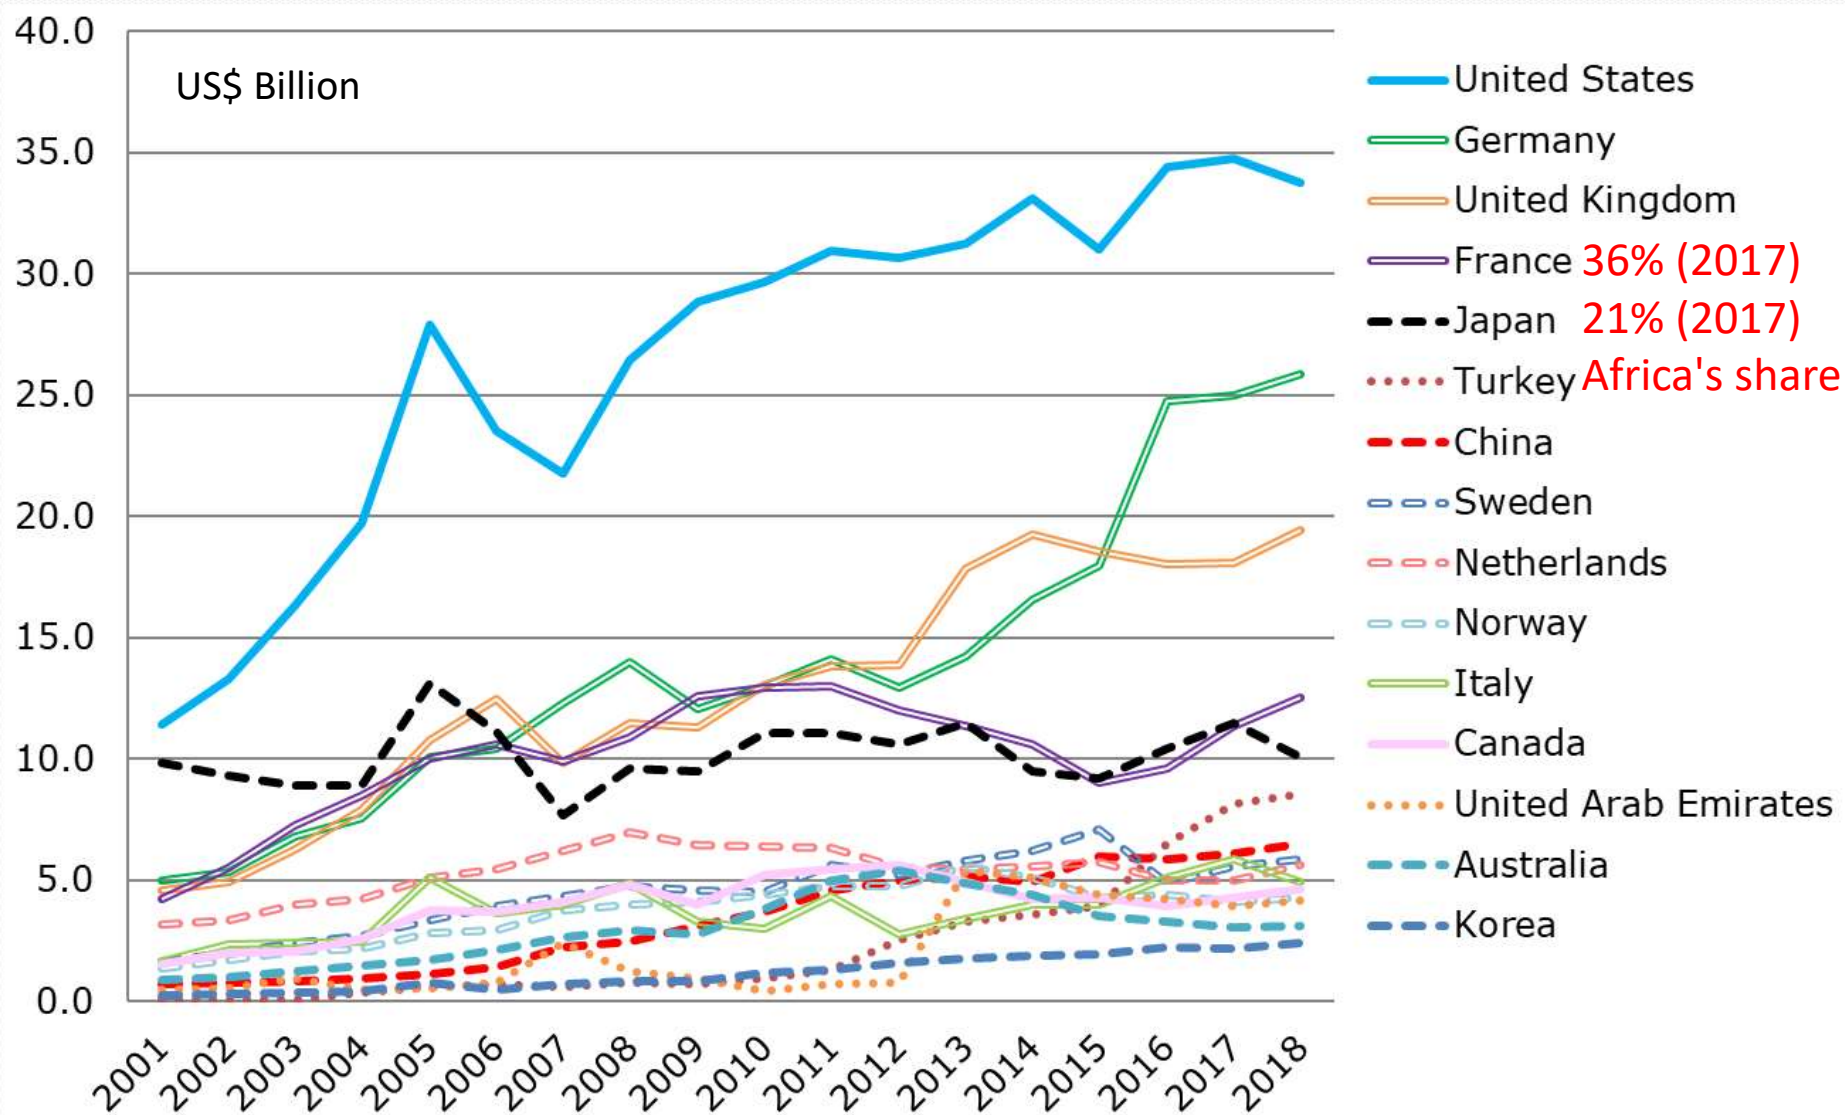

Positioning Business at the center of TICAD (1/2)

- Launch **Japan Business Council for Africa (JBACA)** to promote Japanese companies' businesses in Africa through PPP
- Launch **bilateral committee on improvement of business environment** in 7 countries to discuss improvement in institutions
- Introduce and match African start-ups with Japanese companies through **JETRO Start-up Cooperation**
- **Promote Japanese SMEs and SDGs businesses** in Africa by **JICA**
- **JICA, JETRO, and UNDP tripartite partnership agreement** on promoting SDGs through successful business in Africa
- Support financing for Japanese private sector to expand business in Africa through **Facility for African Investment and Trade Enhancement (FAITH)** of **JBIC** (4.5 billion USD in 3 years)
- Launch **NEXI (Nippon Export and Investment Insurance)'s new trade insurance scheme covering 100% of import costs and project financing** in cooperation with African Trade Insurance Agency and Islamic Development Bank Group
- Promote **JICA's Private Sector Investment Finance** for African countries based on MoU to be signed between JICA and AfDB

Positioning Business at the center of TICAD (2/2)

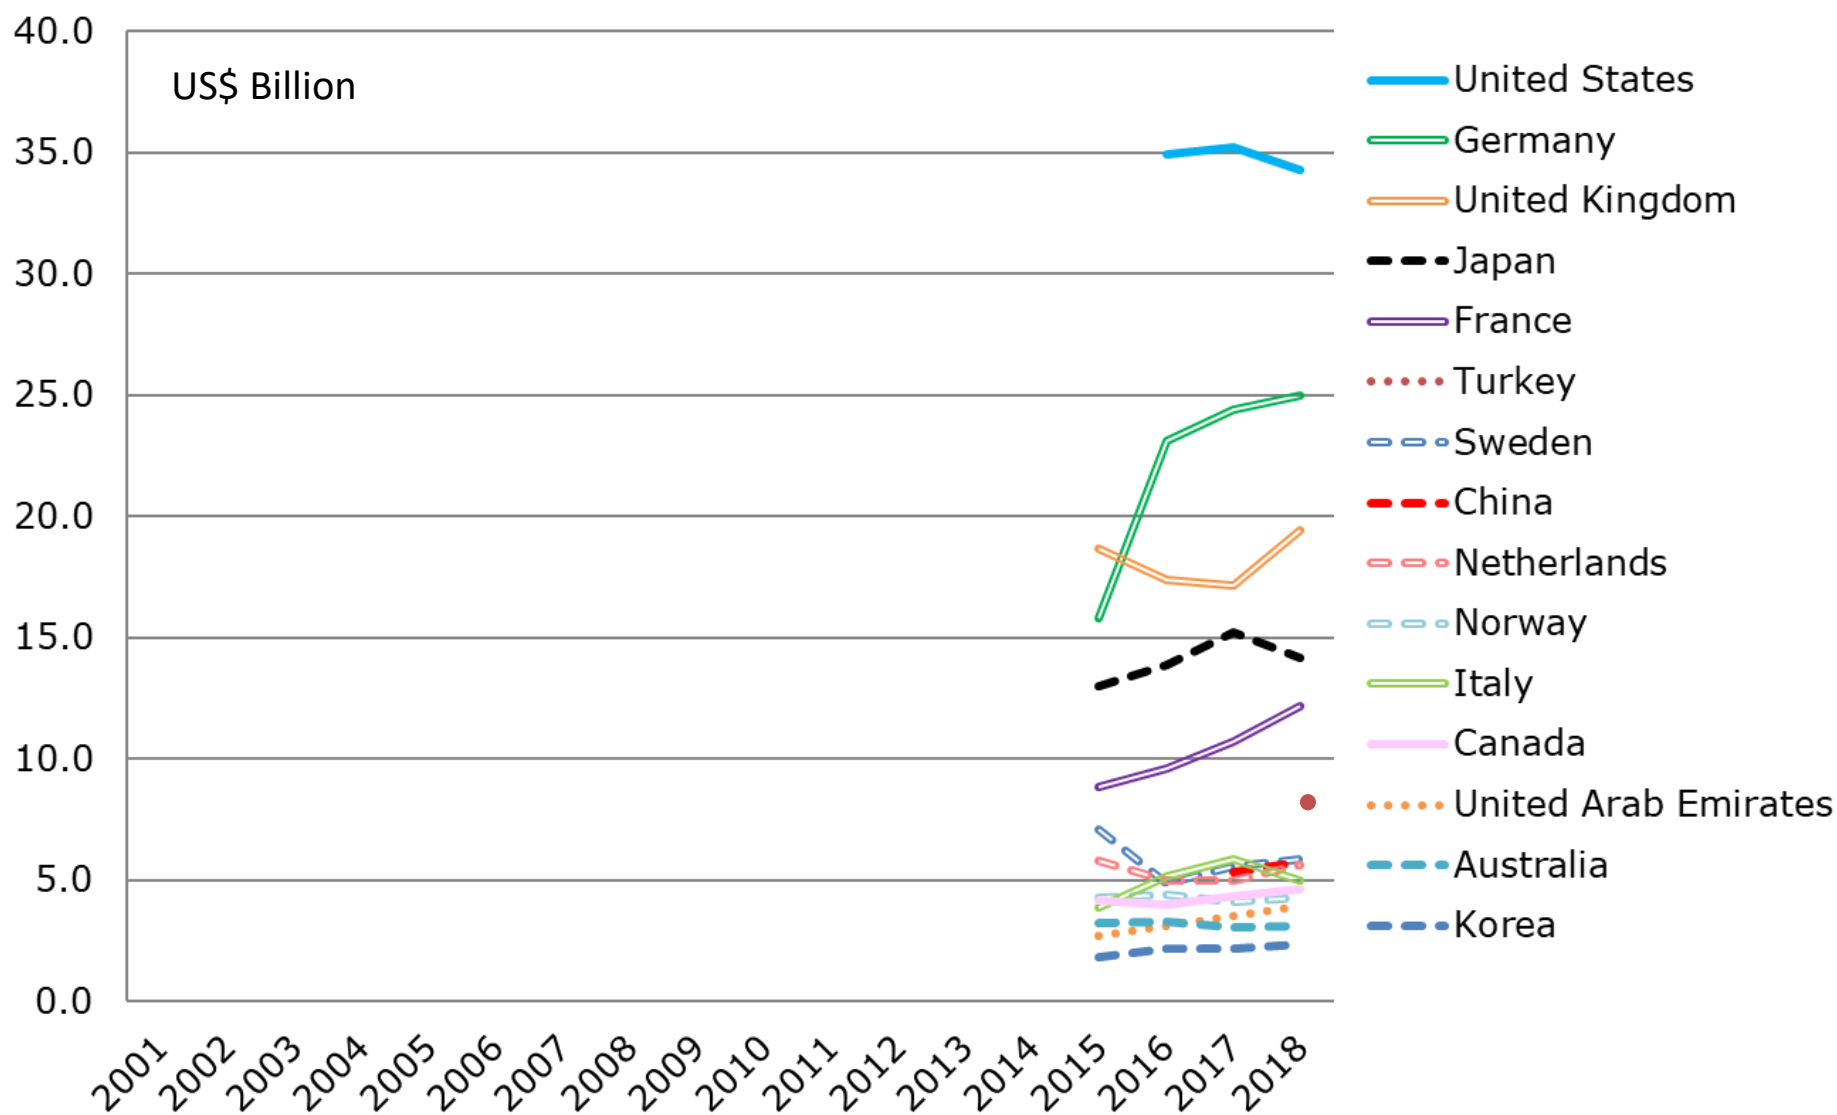

- Develop 3,000 industrial human resources to promote business between Africa and Japan in 6 years under **ABE initiative 3.0 (African Business Education Initiative for Youth)**; Support African students in Japan and ABE Initiative graduates to **find employment in Japanese companies**
- **Train 140,000 people** to diversify industries and create jobs in areas such as innovation, agriculture, blue economy and others through Kaizen Initiative and etc.
- Provide **quality education to 3 million children** through measures such as science and mathematics education and improvement of learning environment
- **Develop 5,000 highly skilled people for STI (including AI) at Egypt–Japan University of Science and Technology (E–JUST) and Jomo Kenyatta University of Agriculture and Technology (JKUAT)**
- Develop ICT talents by supporting development, operation and utilization of small satellites, including small satellites

Net ODA disbursements from DAC and other countries and China's net foreign aid 2001-2018
