

The Ministry of Agriculture, Livestock, Fisheries and Irrigation (MoALFI) and Japan International Cooperation Agency (JICA) has started to implement technical cooperation project, called SHEP since 2006, and now we are in 3rd phase, called SHEP PLUS.

The project clarion call is "Changing Farmers' Mindset From 'Grow and Sell' to 'Grow to Sell'"

Through our activities, we have witnessed our groups, our farmers grown out fantastically, as well as excellent agriculture extension staff who were supporting them.

Here, we would like to share some of those stories as "Raha ya Kilimo", "Joy of Farming" in English.

We are sharing a success story or millionaire's story every Friday.

If you are the one of the implementers or beneficiaries of the SHEP Approach, share your stories with us so that we can share your story here at **Raha ya Kilimo**.

SHEP PLUS
