Celebration of the International Day of Persons with Disabilities ~Nothing about Us without Us
Kwizihiza Umunsi mukuru w'abantu bafite ubumuga~Nta kintu cyadukorerwa tutakigizemo uruhare

“Nothing about Us without Us”. This is a slogan on disability movement. This slogan means “Do not make any decision on disability excluding People with Disabilities (PWDs).” PWDs are the central key persons in the disability affairs because they know what is disability. We can not do anything without PWDs.

The International Day of Persons with Disabilities (IDPD) on 3rd December was established by the International Year for Disabled Persons (1981). Moreover, the World Programme of Action concerning Disabled Persons, adopted by the United Nations General Assembly on 3rd December 1982. Therefore, the various programs on disability are implemented in December.

“Nta kintu cyadukorerwa tutakigizemo uruhare”. Iyi ni imvugo isubirwamo kenshi n'imiryango y'abantu bafite ubumuga. Iyi mvugo isobanura ngo “Ntimugafate ibyemezo ku birebana n'ubumuga muheje abantu bafite ubumuga”. Abantu bafite ubumuga niba shingiro ry'ibibazo bibareba kuko bazi ubumuga icyo ari cyo. Nta kintu twakorera rero abafite ubumuga batabigizemo uruhare.

Umunsi mpuzamahanga w'abantu bafite ubumuga uba tariki ya 3 Ukuboza washyizweho mu Mwaka mpuzamahanga w'abantu bafite ubumuga (1981). Ikindi kandi, Gahunda y'isi y'ibikorwa birebana n'abantu bafite ubumuga yemewe n'Inteko rusange y'Umuryango w'abibumbye tariki ya 3 Ukuboza 1982. Ibyo byatumye gahunda zinyuranye zirebana n'ubumuga zishyirwa mu bikorwa muri uko kwezi k'Ukuboza.

The Declaration on the “Rights of Disabled Persons”(1975) states: “Disabled persons have the inherent right to respect for their human dignity. Disabled persons, whatever the origin, nature and seriousness of their handicaps and disabilities, have the same fundamental rights as their fellow-citizens of the same age”

Please imagine. If you would be deprived of a chance to enjoy a school life and an opportunity of employment because you were just impaired, what would you feel? In some country, PWDs obtain a school education and use public transportation easily as the natural right. On the other hand, in some country, PWDs have to resign themselves to participate in any activity due to disability. The difficulties which are faced by PWDs are different depend on their society and environment. It means that society makes disability. Therefore, we need to focus and change the society to solve disability issues. There are two approaches to solve the problem on disability. One approach is for PWDs to gain a power and ability to increase their quality of life. Another approach is for someone else to remove the barriers for the participation of PWDs. With both of these wheels in place, we can solve the problem. These wheels are like a relationship between front wheel and back wheel of bicycle. The ECOPD Project goes toward the achievement of the project purpose with these two wheels. In this ECOPD News, the accessible facilities for PWDs are introduced as the activity for change society. The exhibition by PWDs is introduced as the activity for PWDs to make a power.

Itangazo ku “Burenganzira bw’abantu bafite ubumuga” ryo mu mwaka wa 1975 rivuga ko “Abantu bafite ubumuga bafite uburenganzira bwo kubahwa nk’ikiremwa muntu kuva bakivuka. Vol. 5: Mr. Toru TAKAHASHI, Rural Community Development at Nyarugenge Sector, Kigali City. Bwana Toru TAKAHASHI, Ushinzwe amajyambere y'abaturage mu Murenge wa Nyarugenge, Umuji wa Kigali.

Bonjour! Muraho!

I am Toru TAKAHASHI for rural community development at Nyarugenge Sector. You might be incomprehensible "Why Japanese Volunteer for rural community development support the most developed area in Rwanda." I would like to introduce my activity in the center of Rwanda. I am assisting the cooperatives which registered at Nyarugenge Sector. The types of cooperatives are various such as embroidery, clothes, tailoring, souvenir, furniture and so on. In this time, I introduce one embroidery cooperative.

The president has an artificial leg.. Other members also have some disabilities. Their techniques of embroidery are very fine but it is difficult to get enough profit. Therefore, I am trying to seek a new market for them. For example, I visited hotels and airport for the promotion of products with fliers. I also plan to export the products to Japan. I am careful not to be self-conceit in my activities. My motto is "Working with the cooperative members will help to sustain their cooperative ever after I will have left Rwanda".

Nitwa Toru TAKAHASHI, nshinzwe amajyambere y'abaturage mu Murenge wa Nyarugenge ni ukuvuga mu muji wa Kigali rwagati. Mushobora kutumva "Impamvu hari abantu bashinzwe amajyambere mu Karere kateye imbere kurusha utundi mu Rwanda." Ngiye kubasobanurira imirimo yanjye mu karere ko hagati mu Rwanda.
