

**Project for Improvement of the Quality of Human Resources
in Medical Services System
<Project Site Map>**

Vietnam is stretched out from North to South, and is divided into 58 provinces and 5 centrally governed cities, total 63 governmental administration.

Through our project, we support provincial level general hospitals in all over Vietnam through training activities in essential fields. Trainings will be provided at core national level hospitals in Ha Noi, Hue and Ho Chi Minh City.

We aim to strengthening capacity of the hospital staff by providing practical, short-term, and high quality trainings.
