### Tanzania Country Programme Evaluation Questionnaire for the first mission

JICA is undergoing an evaluation as outlined in the attached 'Summary of Tanzania Country Programme Evaluation'. Your kind cooperation in answering the following questions would be highly appreciated.

- 1 Firstly, what is your opinion about the trend of JICA cooperation during the 1990s? Have you encountered any problems, or have suggestions for improvements?
- 2 Your country is receiving various donor cooperation, including Japan and World Bank only to mentions a few. How does your ministry monitor the progress of each project or programmes, and evaluate the results?
- 3 Does your country have monitoring and evaluation system(s) with the donors for the respective donor cooperation, where the results are fed back to improve methods of cooperation? If yes,
  - 3-1 How is it implemented?
  - 3-2 How does the Government participate in the process of monitoring, evaluation and feedback?
  - 3-3 Is it possible to provide us with an example of evaluation results?
- 4 In reference to your Vision 2025, which aims at high quality livelihood, peace, good governance, educated and learning society and competitive economy, and the Rolling Plan and Budget, what are the priority areas (sector/issues and geography)? Within the priority areas, where do you expect Japan s cooperation?
- 5 We recognize that your Government is presently going though the process of drafting the PRSP (Poverty Reduction Strategy Paper) with support from World Bank, international organization and donors. Japan has also been keen in participating in the process. Do you think PRSP is consistent with the development vision and plans (e.g. Rolling Plan and Budget) of Tanzania? Furthermore, how do you think PRSP will influence future donor cooperation, including Japan s?
- 6 In reference to the present trend from project approach to programme approach, how does your ministry define the respective approaches? What advantages and disadvantages do you see in the respective approaches?
- 7 In order to improve the cooperation in accordance to the recipients needs, JICA is gradually shifting from a segregated approach (e.g. provision of experts, acceptance of trainees), to a thematic programme approach with long term and holistic vision. How do you see the shift? In Tanzania, we are cooperating in five main areas, Agriculture, Education, Health, Infrastructure, Forest conservation and Capacity Building. Do you see the six main areas relevant?
- 8 JICA is promoting grass roots initiatives with partnerships with, for example NGOs. We have started such initiatives in other developing countries, and we look forward to such initiatives here as well. What is your opinion about cooperation to support grassroots initiatives?
- 9 In reference to the trend and context of Tanzania, what requests do you have for Japan s future cooperation?

Thank you very much for your cooperation
