

JICA J-ROL

Project (Phase II)
2023 - 2028

Project Outline

For more than 25 years since 1998, legal cooperation between Lao PDR and Japan has contributed progress in terms of legal theory and practice in the Lao PDR's Civil Code, Penal Code and other basic laws together with the development of core human resources of legal professionals. Alongside these longstanding contributions, collaborative efforts have also resulted in the publication of a variety of textbooks utilized by legal professionals and legal students studying law.

Legal Cooperation

Our Purpose

During the period of the new J-ROL Project (Phase II), we aim to further improve the Rule of Law in Lao PDR through the development of practice by legal professionals and by improving the skills of academics and lecturers in legal fields. This is set to be conducted through continuous discussions between legal professionals of Lao PDR and Japan. The legal professionals can acquire vital legal skills and experience training methods that are essential for legal development. By striving to work with honesty and sincerity, we always seek to maintain a good cooperation with the Lao government and people so that Lao-Japan collaboration continues to make vital contributions to the development of the Rule of Law in Lao PDR.

Partners

Project Strategy

2023 - 2028

CCR

Working Group

Civil Code Research Working Group

- Learn vital legal techniques in applying the Civil Code.
- Develop a reference book that illustrates the appropriate process for legal application based on case studies.

PNC

Working Group

Penal Code Research Working Group

- Research the articles in specific parts of the Penal Code that define each crime.
- Compile case studies based on practical examples.

EDU

Working Group

Education & Training Development (Civil) Working Group

- Develop Teacher's Handbooks of past deliverables so that young practitioners and students can more fully comprehend the main point(s) discussed in civil cases.
- WG members deepen their understanding of legal practice via their participation in the process of making relevant materials.

Project Office Location

Simeuang Village, Sisattanak District, VTE | Call: 021-254-307 or Fax: 021-254-308
