

Comprehensive Corridor Development Approach of Nacala Corridor

June 2, 2013

Economic Infrastructure Department,
JICA

- **Comprehensive support of JICA**
- **Potential of Nacala Development Corridor**
- **JICA's Cooperation Projects in Nacala Development Corridor**
- **Vision, missions, objectives and principles of ProSAVANA**
- **Vision for Nacala Corridor Regional Development**

Strategy for Comprehensive support for Nacala Corridor Development

Objective

Reduction of Poverty and Create Employment through Regional/Rural/Agricultural development in Nacala Corridor / Contribution for Food Security

Output

Establishment of Corridor Development Strategy

Establishment of ProSAVANA Development Model

Research

Master Plan

Extension and Development Models

Socio Economic Infrastructure and Human resource development

Road

Port

Bridge

Education

Health

Community Development

Strengthening the Environmental Consideration for sustainable development

Forestry

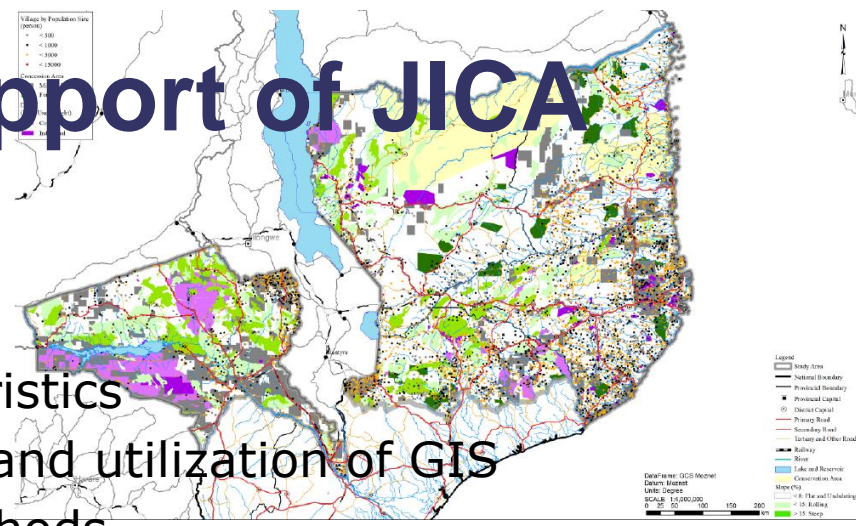

Water Supply and Hygiene

Technical Cooperation

Grant Aid

Yen Loan

Comprehensive support of JICA

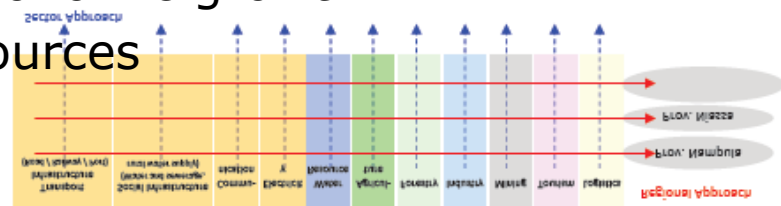

JICA's Approach

- Covering multi sectors
- Consideration for regional characteristics
- Science based – tangible database and utilization of GIS
- Combining diverse cooperation methods

The Project for Nacala Corridor Economic Development Strategies in the Republic of Mozambique

Objectives and goals of the study

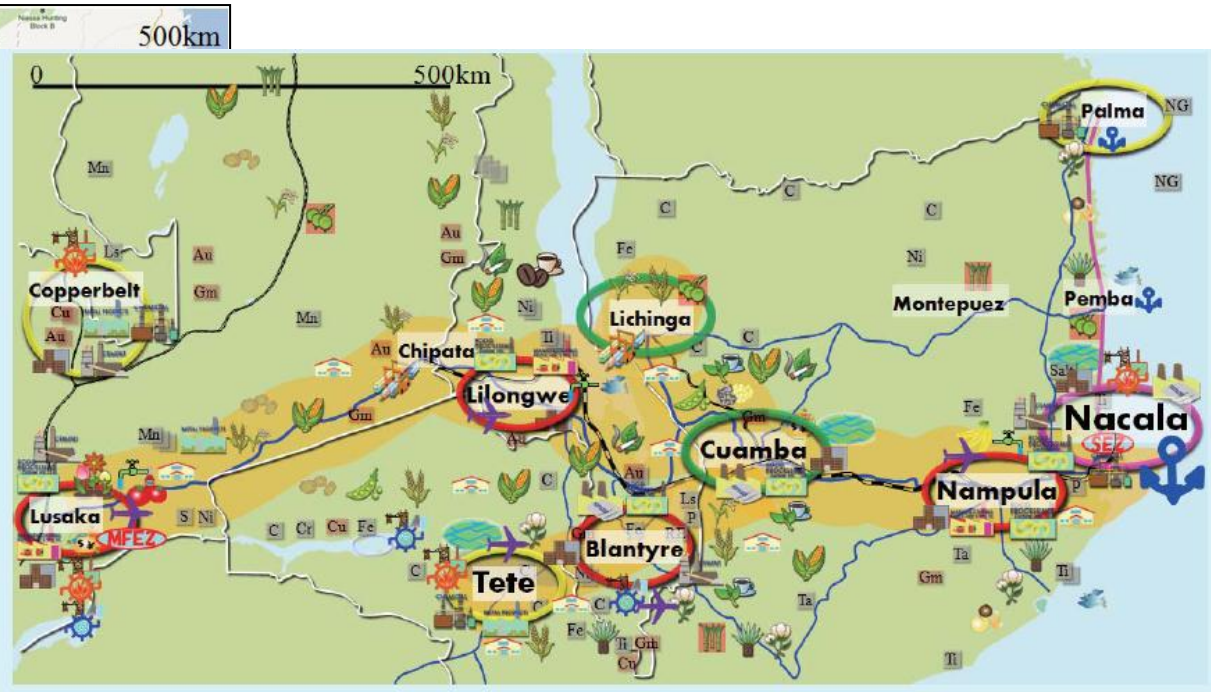

- Provision of development strategies to guide appropriate development and investment
- Enhancing social capacity and economic growth
- Appropriate management of resources

	Agro-Business Center		Manufacturing Industry		Potatoes		Tea	Bx : Bauxite	Pb : Lead
	Mining-Business Center		Food Processing Industry		Citrus/Fruits		Cotton	C : Coal	PGM: Platinum Group Metal
	Airport		Cement Production		Bananas		Sisal (Textile)	Co : Cobalt	Py : Pyrite
	Port		Fertilizer Production		Mushrooms		Oilseed	Cr : Chromite	RE : Rare Earth
	Inter-Modal Terminal		Irrigation Development		Sesame		Livestock Dairy	Cu : Copper	Se : Selenium
	Thermal Power		Water Supply Development		Beans		Fish	Dm : Diamonds	Sn : Tin
	Hydropower		Mineral Resources		Tomatoes / Tomato Sauce		Floriculture	Fe : Iron ore	Ta : Tantalum
	Railway		Micro Finance for SMMEs		Vegetables		Jatropha (Biofuel)	Gm : Gemstones	Ti : Titanium
	Oil Pipeline		Capacity Development		Wheat		Sugar cane (Biofuel)	Gra : Granite	U : Uranium
			Maize		Rice		Sunflowers (Biofuel)	Mn : Manganese	W : Tungsten
			Sugarcane		Sorghum Millet		Soya (Biofuel)	NG : Natural Gas	Zn : Zinc
								Li : Lithium	Zr : Zircon

Development Initiatives and Activities in Nacala Development Corridor

Population of the area
5 provinces-13.6mil.

Promoting Rural Water supply, Hygiene and Sanitation

Railway Rehab. (Brazil)
To be started from 2013

Secondary Schools in Nampula
Primary Teachers Training Institute in Nampula

Gas field development

Nacala Port Development

Nacala Airport Development

Reciprocal relationship with Malawi, Zambia

Mandimba

Cuamba

Nampula

Nacala

Coking Cole Development In Tete

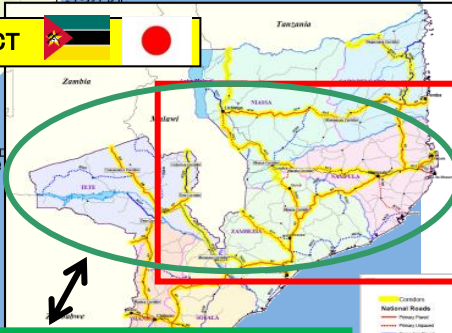

Railway Construction/Rehab.
To be completed in 2015

Gurue

Namplua Agricultural Experiment Station

ONE VILLAGE, ONE PRODUCT

Japan Overseas Cooperation Volunteers

Roads/Bridges

- ① Montepuez-Lichinga Road Upgrading /349Km
- ② Nampula-Cuamba Road Upgrading /306Km
- ③ Cuamba-Mandimba-Lichinga Road Upgrading (under preparation)
- ④ Ile-Cuamba Road and Bridge

Economic Development Strategies
<Namplua, Niassa, Tete, Zambezia, Cabo Delgado>

strengthening pedagogical and technical skills of teachers of health training institute (nation wide)

Establishment of Sustainable Forest Resources Information Platform for Monitoring REDD+

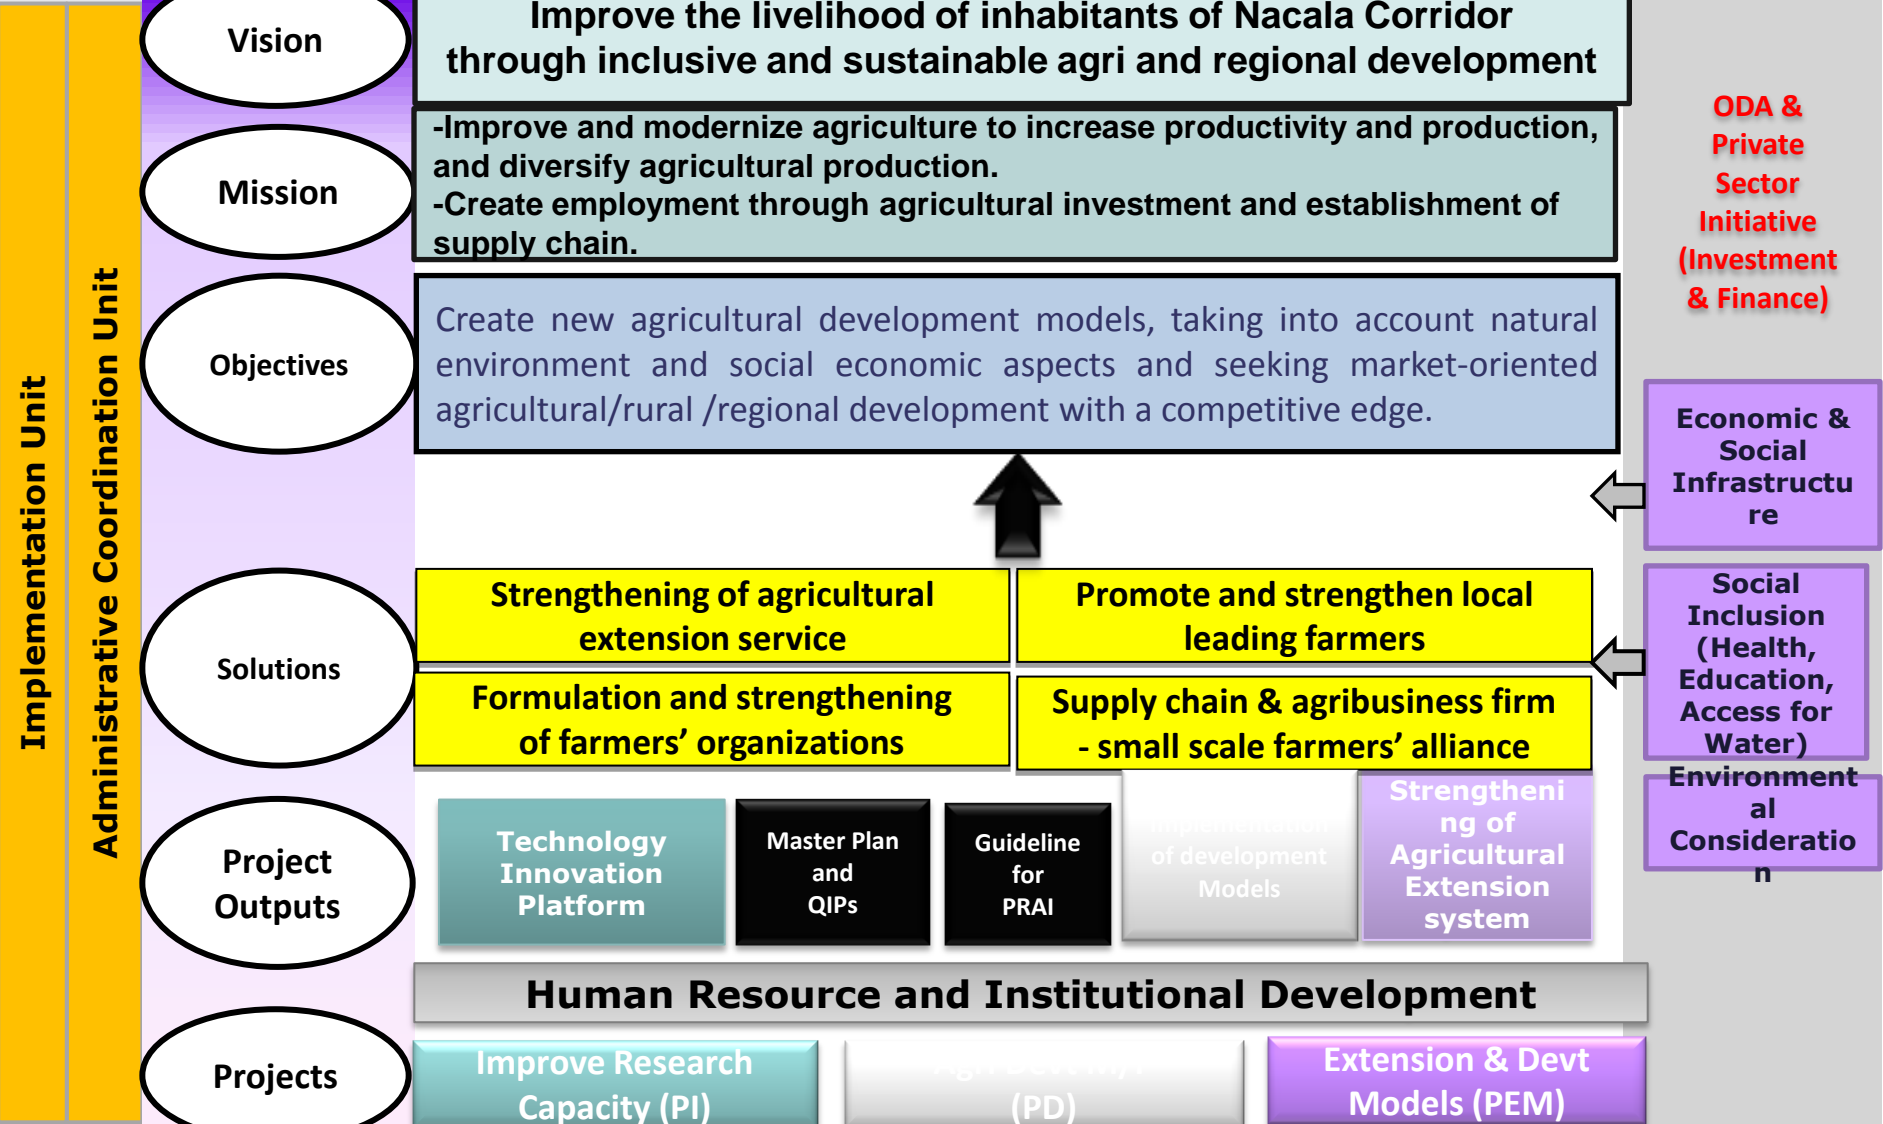

Preparatory Survey on Urea Fertilizer Complex Project

Various initiatives in Southern Africa

- **SADC**
- **COMES**
- **SACU**
- **EAC-COMESA-SADC Tripartite**
 - 1) **Border and Customs Procedures**
 - ✓ **One-Stop Border Posts**
 - ✓ **Coordinated Border Management**

 - ✓ **Self-Regulation of Transporters**
 - 3) **Regional Corridor Management**
- **Spatial Development Initiatives (SDIs)**
- **NEPAD Spatial Development Programs (SDPs)**
- Etc....**

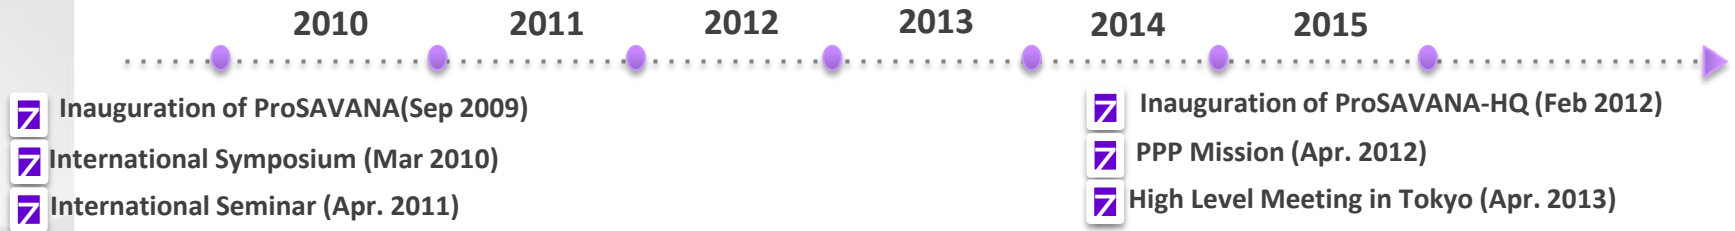

Target Area : 19 Districts in Nampula, Niassa and Zambezia Provinces as priority.

Target Crop : Food Crops as principal and Cash Crops

Principles of ProSAVANA

- ProSAVANA shall be aligned with the vision and objectives of the national agricultural development strategy in Mozambique “The Strategic Plan for the Agricultural Sector Development: 2011-2020 (PEDSA)”.
- ProSAVANA supports Mozambican farmers in order to contribute poverty reduction, food security and nutrition.
- Activities of ProSAVANA, in particular those involving the private sector, shall be designed and implemented in accordance with Principles for Responsible Agricultural Investment (PRAI) and Voluntary Guidelines on the Responsible Governance of Tenure of Land, Fisheries and Forests.
- MINAG and Local Governments, in collaboration with ABC and JICA, will strengthen dialogue and involvement of civil society and other actors.
- Appropriate considerations shall be made for the environmental and social impacts of the activities under ProSAVANA.
