### Development of Laboratory Diagnosis of Resistant Microbes-General Microbiology Applied to Clinical Laboratory (J-07-80884)

**Overall Goal/Purpose**

Participants will acquire knowledge and techniques to improve their laboratory diagnosis ability for drug resistant microbes in their home countries.

**Qualification of Applicant**

1. Clinical laboratory technologists, or microbiologists working in hospital clinical laboratories, public health laboratories, or other health laboratories collaborating with national infectious disease control,
2. Managers of mid-level or above in fields related to the course,
3. Age: Preferably under 45 years

**Participants**

8 participants

**Duration**

Nov. 12, 2007 to Mar. 24, 2008

**Course Contents**

1. Lecture
2. Practice
3. Field trips
4. Group discussion

**Language**

English

**Cooperation Period**

2004 ~ 2008

**Training Institutions**

Agency for Cooperation in International Health (ACIHI)

**JICA Center**

Kyushu International Center (KIC)

**Remarks**
