Press Release

Kick-off Seminar of the Project for Modernization of Vehicle Registration and Inspection Administration System

On 31st August, the kick-off seminar of JICA’s technical cooperation, "Project for Modernization of Vehicle Registration and Inspection Administration System" was held at the Ministry of Public Works and Transport (MPWT), Phnom Penh.

H.E. SUN Chanthol, Senior Minister of MPWT, Mr. ITO Takashi, Senior Representative of JICA Cambodia Office, officers of MPWT and JICA Experts headed by Mr. OTA Masaya, Chief Advisor of the Project attended the seminar.

The number of vehicles and motorcycles in Cambodia is rapidly increasing in recent years. However, vehicle registration and inspection administration system is insufficient and causes a problem with traffic safety and environment. This 3-year project aims to improve the administration of vehicle inspection, registration and IT system in Cambodia. It is expected that the project contributes to lighten the burden of the people to apply for the vehicle registration and inspection through rationalizing the administration procedure, to ensure the vehicle’s value as the property, and to maintain traffic safety.

For more information, please contact Ms. Chin Kimheang, Program Officer, Public Relations and Training Affairs Section of JICA Cambodia Office through Office Phone: 023 211 673/4 or H/P: 012 851 444, Email: ChinKimheang.CM.2@jica.go.jp
