Press Release

Agreement Signing Ceremony for
The Project for Strengthening Engineering Education and Research for Industrial Development in Cambodia

On 26th September 2017 in ITC (Institute of technology of Cambodia), an agreement was signed by H.E Yuok Ngoy, Secretary of State, Ministry of Education, Youth and sports (MoEYS), Dr. Om Romny, Director General of ITC and Mr. Sugano Yuichi, Chief Representative of Japan International Cooperation Agency (JICA) Cambodia Office for implementation of The Project for Strengthening Engineering Education and Research for Industrial Development in Cambodia.

In the project, JICA will support the ITC's efforts to enhance its education and research capabilities through implementing Laboratory Based Education. At the same time, the linkage between ITC and Royal University of Phnom Penh (RUPP), Svay Rieng University (SRU) and University of Battambang (UBB), will be enhanced in the project.

Along with the recent rapid economic growth, The Royal Government of Cambodia has set the National Strategic Development Plan which advocates human resource and capacity development as a significant policy for continuous economic growth in Cambodia. MoYES has driven Education Reforms with the strong initiative of H.E. Minister. Human Resource Development especially on STEM (Science, Technology, Engineering and Mathematics) field is an important part for this reform on Higher education sub-sector.

In this ceremony, Mr. Sugano mentioned that JICA will totally supports the education reforms of the Royal Government of Cambodia and showed the great expectation for this project.
