Definition of Terms

Abbreviated Resettlement Action Plan (ARAP) -- The Resettlement Action Plan (RAP) refers to the planning document that describes what will be done to address the direct social and economic impacts associated with involuntary taking of land or land acquisition. The ARAP is acceptable if fewer than 200 people are affected. It is also acceptable if more than 200 people are affected so long as all land acquisition is minor (10 percent or less of all holdings is taken) and no physical relocation is required.

Ancestral Domain -- As defined in R.A. 8371 (IPRA), refers to all areas generally belonging to Indigenous Cultural Communities/Indigenous Peoples (ICCs/IPs) comprising lands, inland waters, coastal areas, and natural resources therein, held under a claim of ownership, occupied or possessed by ICCs/IPs, themselves or through their ancestors, communally or individually since time immemorial, continuously to the present except when interrupted by war, force majeure or displacement by force, deceit, stealth or as a consequence of government projects or any other voluntary dealings entered into by government and private individuals, corporations, and which are necessary to ensure their economic, social, and cultural welfare. It includes land, forests, pasture, residential, agricultural, and other lands individually owned whether inalienable and disposable or otherwise, hunting grounds, burial grounds, worship areas, bodies of water, mineral and other natural resources, and lands which may no longer be exclusively occupied by ICCs/IPs but from which they traditionally had access to for their subsistence and traditional activities, particularly the home ranges of ICCs/IPs who are still nomadic and/or who practice shifting cultivation. As clarified in Section 4 of R.A. 8371, ancestral domains cover not only the physical environment but the total environment including the spiritual and cultural bonds to the area which the ICCs/IPs possess, occupy, and use and to which they have claims of ownership.

Ancestral Lands -- As defined in R.A. 8371 refers to land occupied, possessed and utilized by individuals, families and clans who are members of the ICCs/IPs since time immemorial, by themselves or through their predecessors-in-interest, under claims of individual or traditional group ownership, continuously, to the present except when interrupted by war, force majeure or displacement by force, deceit, stealth, or as a consequence of government projects and other voluntary dealings entered into by government and private individuals/corporations, including, but not limited to, residential lots, rice terraces or paddies, private forests, swidden farms and tree lots.

Appraised Value -- means the market value of a property as estimated by an Independent Property Appraiser or Government Financial Institution.

BIR Zonal Valuation -- is an approved zonal schedule of fair market values on real property set by the Bureau of Internal Revenue (BIR) as basis for computation of internal revenue taxes.

Certificate of Land Ownership Award (CLOA) -- It refers to a certificate issued to grantees of the comprehensive agrarian reform program. The provisions of CA 141 shall govern in the CLOAs awarded under the Public Land Act.

Compensation -- This means payment in cash or in kind at replacement cost for an asset to be acquired or affected by an infrastructure project.

Cut-off Date -- Determination of informal PAPs and affected improvements shall be based on cut-off date, which is the start of census of PAPs and tagging for improvements. For formal PAPs, cut-off date is reckoned upon receipt of Notice of Taking.

Customary Law -- It refers to a body of written and/or unwritten rules, usages, customs and practices traditionally and continually recognized, accepted, and observed by respective ICCs/IPs.

Disturbance Compensation -- It is the compensation amount for lessees of agricultural land severely affected (i.e., >20% of the land or when the land is no longer economically viable) by the project, equivalent to five times the average gross harvest during the last five years (RA 6389 and EO 1035, series of 1985).

External Monitoring Agent (EMA) -- It is an independent entity or individual designated by the Department to monitor the implementation of the RAP and the IPAP.

Financial Assistance -- It is the cash amount paid to agricultural tenants/settlers/ occupants severely affected by the project, equivalent to the average gross harvest for the last three years and not less than PhP15, 000 per ha (EO 1035), in addition to the cash payment/compensation for their crops damaged by the project.

Free and Prior Informed Consent -- As defined in R.A. 8371, it means the consensus of all members of the ICCs/IPs to be determined in accordance with their respective customary laws and practices, free from any external manipulation, interference, and coercion, and obtained after fully disclosing the intent and scope of the activity, in a language and process understandable and appropriate to the community.

Free and Prior Informed Consent Guidelines of 2006 -- It is also known as National Commission on Indigenous Peoples' Administrative Order No. 1, Series of 2006 implementing Sections 44 (m), 46(a), 57, 58, 59, and 7 of Republic Act 8371 or the Indigenous Peoples' Rights Act.

Government Financial Institution or GFI -- refers to a national government owned or controlled corporation that the Implementing Office may engage to provide property appraisal services, including estimates of the market values of the property, affected by the ROW for a project.

Implementing Agency or IA -- refers to any department, bureau, office, commission, authority, or agency of the national government, including any government-owned or controlled corporation or state college or university, authorized by law or its respective charter to undertake national government projects. The DPWH is an IA.

Inconvenience Allowance -- It is the compensation amount given to each PAP who holds full title to or a legalizable tax declaration over the land and structures severely affected by the project, and who consequently must move elsewhere.

Independent Property Appraiser or IPA -- refers to an individual or firm that may be engaged by the Implementing Office to provide property appraisal services, including estimates of the market values of the property, affected by the ROW for a project.

Indigenous Cultural Community/Indigenous People -- As defined in R.A. 8371, it refers to a group of people or homogenous societies identified by self-ascription and ascription by other, who have continuously lived as organized community on communally bounded and defined territory, and who have, under claims of ownership since time immemorial, occupied, possessed customs, tradition and other distinctive cultural traits, or who have, through resistance to political, social and cultural inroads of colonization, non-indigenous religions and culture, became historically differentiated from the majority of Filipinos. ICCs/IPs shall likewise include peoples who are regarded as indigenous on account of their descent from the populations which inhabited the country, at the time of conquest or colonization, or at the time of inroads of non-indigenous religions or cultures, or the establishment of present state boundaries, who retain some or all of their own social, economic, cultural and political institutions, but who may have been displaced from their traditional domains or who may have resettled outside their ancestral domains.

Indigenous Peoples' Action Plan (IPAP) -- An IPAP is written when an infrastructure project has been found through the social assessment to have potentially adverse effects on Indigenous Peoples. The IPAP sets out measures through which the DPWH and other government agencies will ensure that Indigenous Peoples affected by the project receive culturally appropriate social and economic benefits. It also specifies ways that the identified adverse effects are avoided, minimized, mitigated, or compensated. The formulation of the IPAP is mandated by DPWH Department Order No. 327 series of 2003.

Informal Settler -- refer to households living in a lot, whether private or public, without the consent of the property owner; or those without legal claim over the property they are occupying; or those living in danger areas such as esteros, railroad tracks, garbage dumps, riverbanks, shorelines, and waterways.

Land Acquisition -- It is the process of acquiring land from the current owners pursuant to the provisions of RA 10752 modes of acquisition. The modes of land acquisition are Donation, Barter or Exchange, Purchase, Quit Claim or Expropriation.

Market Value -- means the price of what a willing buyer would pay a willing seller for a given property or asset if both have a reasonable knowledge of the worth of the property.

Older People/ Elderly/ Senior Citizens -- Individuals belonging to the age group 60 years and over

Parcellary Survey -- refers to the activities undertaken as part of the Detailed Engineering Design of a project to define the proposed ROW alignment and limits, the affected lots showing the name of the owners/claimants, lot numbers, and areas, and technical descriptions, and all improvements within the ROW limits.

Poor -- The Philippine Statistics Authority (PSA) said the poverty threshold per family amounted to PhP 12,082 a month. An income below this amount would categorize a family as being poor and an income above this would mean a family is nonpoor.

Prescription Period -- As stipulated in Article 1141 of Civil Code, real actions over immovables prescribe after thirty (30) years. This provision is without prejudice to what is established for the acquisition of ownership and other real rights by prescription (1963).

Production Cost (palay, vegetable and corn) -- This includes among others, land preparation, transportation, seedling, and fertilizer. The amount may vary depending on the location, type of seedling, etc.

Project-Affected Household (PAH) -- It consists of all members of a household residing under one roof and operating as a single economic unit, who will be adversely affected by the project. For resettlement purposes, the affected "Persons" will be dealt with as members of Project-Affected Household (PAH).

Project-Affected Person (PAP) -- Include any person or persons, household, a firm, or a private or public institution who, because of the need to acquire right-of-way for the implementation of an infrastructure project, will lose their land, house, and other improvements fully or partially. Only those PAPs found to be residing in, doing business, or cultivating land, or having rights over resources within the ROW to be acquired as of the date of the census survey (which is the cut-off date) are eligible for compensation of lost assets.

Project Boundaries -- It may be defined as the project construction limits, or it may refer to the Right-of-Way limits, whose width varies from 20 to 60 meters as prescribed in the special laws such as Commonwealth Act 141 (Public Land Act), PD 635, EO 113 (1955), EO 621 (1980), etc.

Project Implementation Office -- It refers to the duly designated Management Office (for foreign-funded projects) within the DPWH Central Office and to Regional and District Offices (for locally funded projects)

Rehabilitation Assistance -- It refers to assistance provided to PAHs seriously affected due to the loss of productive assets, incomes, employment, or sources of living, as supplement compensation for acquired assets in order to achieve full restoration of living standards and quality of life.

Relocation -- This refers to the physical displacement of a PAH from his/her pre- project place of residence and his/her transfer to another place.

Replacement Cost -- This is the amount necessary to replace the structure or improvements based on the current market prices for materials, equipment, labor, contractor's profit and overhead, and all other costs associated with the acquisition and installation in place of the affected improvements/installation.

Resettlement -- This is a generic term that covers all measures taken to mitigate all adverse social impacts of a project on the PAHs, including compensation and relocation.

Right-of-Way (ROW) -- means a part or the entirety of a property, site, or location, with defined physical boundaries, used or required by a government infrastructure project.

Right-of Way Action Plan (RAP) -- refers to the document that defines the extent of the ROW to be acquired for a project, including, among other things, cost estimates for acquiring land, structures/improvements, crops/trees, relocation of informal settlers, and recommended compensation and entitlement package for owners and project-affected persons (PAPs), implementation schedule, and impact and mitigating measures for the ROW acquisition.

Social Impact Assessment or Social Assessment -- It is a framework for incorporating social or stakeholders' analysis and participatory processes in project design and implementation.

Time of Taking -- This refers to the time when both parties, the landowner, and the proponent, agreed on the true value of the land being purchased.

EXECUTIVE SUMMARY

- 1. **Project Description** The proposed Central Mindanao High Standard Highway Project (CMHSHCP) ("Project", "alignment") is part of the Phase II of the Master Plan on High Standard Highway Network Development. The objectives of the plan were to improve the transport efficiency in the region and contribute to enhancing the connectivity between the cities of Cagayan de Oro and Malaybalay as well as the economic development of the surrounding area.
- 2. Necessity of Land Acquisition And Resettlement Objectives of RAP The preparation of the RAP for land, structures and improvements, and crops and trees was in accordance with the Republic Act 10752, and as prescribed in the Land Acquisition, Resettlement, Rehabilitation and Indigenous People's Policy (LARRIP), the JICA Environmental and Social Safeguards Guidelines and other related social safeguards policies/issuances of the Department, such as Department Order (DO) Nos. 5 Series of 2003, DO 327 series of 2003, DO 34 series of 2007, D.O 73 series of 2014 – Prohibited Use within the Right-Of-Way of National Roads, and DO 152: DPWH ROW Acquisition Manual series of 2017.
- 3. **Legal Framework** The policy framework within which this Preliminary Right-of-Way Action Plan for land, structures, other improvements, and crops and trees will operate was derived from the Philippine Constitution, Republic Act 10752, DPWH LARRIP Policy, and other social safeguards issuances, and JICA Environmental and Social Safeguard Guidelines, relative to the ROW acquisition.
- 4. Summary of Project Impacts The CMHSHCP will involve road construction and improvements to include widening, slope protection and drainage that will require the road right-of-way acquisition of public land and private land. Land acquisition will cause physical and economic displacement such as (i) permanent loss of land along the required minimum of 60-m ROW, (ii) loss/damage to structures and improvement, (iii) loss of crops and trees, and (iv) loss of income/business.
 - A total of 484 PAPs with affected assets and properties within the road right-of-way, consists a total area of 3,943,800 m² of land which traverse 27 barangays in two (2) cities and four (4) municipalities.
- 5. Grievance Redress Mechanism A project level GRM was developed to receive and resolve project related concerns, complaints, and grievances. Conflicts within affected communities will be addressed within the community itself through dispute resolution process and mechanisms.
- 6. Compensation Policy Compensation and entitlements are designed to enhance or at least restore the livelihoods of all displaced persons in real terms relative to pre-project levels and to improve the standards of living of the displaced poor and other vulnerable groups. DPWH will offer to the property owner concerned, as compensation price, the sum of 1) replacement cost of land based on the current market value of land, free of taxes; 2) the replacement cost of structures and improvements; and 3) the current market value of crops and trees.

- 7. **Livelihood Restoration Program** –The LRP provides the PAPs assistance whose livelihoods are directly adversely affected by the Project by restoring their income generating capacity to at least pre-project levels. For vulnerable PAPs, the LRP is also aimed at improving their living standards.
- 8. **Institutional Framework** The DPWH is the implementing agency for the Project. The overall direction and leadership for implementing the RAP will be exercised by the Secretary, supported by the Undersecretary of UPMO Operations and other members of the Executive Committee (EXECOM) of the DPWH composed of the Undersecretaries and Assistant Secretaries of the Department. The Roads Management Cluster I, Bilateral, Unified Project Management Office of DPWH is the overall project management unit. Land acquisition activities will be carried out in close coordination with the DPWH Planning Service through its ESSD, RO, DEO, LGUs, NCIP, RIC and all other pertinent agencies and instrumentalities of the government to fully address the impacts of involuntary resettlement.
- 9. **Possible Resettlement Site** There are 96 PAHs (379 persons) whose houses and housescum-shops will be fully affected. If relocation is necessary to be undertaken during the implementation of the project, the Municipality of Sumilao committed to provide a land dedicated to affected households. The other LGUs are still determining the location of their relocation sites.
- 10. **Implementation Schedule** DPWH is expected to initiate the process of land acquisition and compensation for structures, crops and trees starting July 2023 to secure the project's ROW prior to construction. The DPWH shall ensure that ROW acquisition proceeds in close parallel with the construction schedule, making sure that land and structure owners are adequately compensated and re-established away from the construction site months ahead of the civil works implementation. The implementation of the RAP is expected to be completed by February 2023.
- 11. **Budgetary Requirement** The total budget for RAP Implementation of CMHSHCP, (Cagayan De Oro Malaybalay Section) is **PhP 1,303,267,200 (USD 242,944,845).** The budget items cover (i) compensation for loss of land, structures, trees, crops and other entitlements (ii) livelihood restoration program (iii) transitional allowance; (iv) administrative cost; (v) external monitoring; and (vi) contingencies. Table below shows the details of the budget to implement this RAP.

Summary of Budgetary Requirement

| Kind of affected assets | Amount (PhP) | Amount (USD) | | |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------|--------------|--|--|
| 1. Land | 847,966,900 | 14,928,995 | | |
| 2. Structures | 53,789,139 | 946,992 | | |
| Constructional and the construction of the con | 23,072,305 | 406,203 | | |
| 3. Crops (agricultural crops/coconut) | 8,499,121 | 149,632 | | |
| 4. Trees (including seedling replacement) | 120,051,751 | 2,113,587 | | |
| 5. Livelihood Restoration Program | 1,440,000 | 25,352 | | |

| Kind of affected assets | Amount (PhP) | Amount (USD) |
|------------------------------------------------|-------------------|--------------------------------------------------------|
| 6. Relocation and Resettlement | affected LGUs and | shall be made by the covered under their budgets |
| 7. Other Entitlements | 5,275,000 | 92,870 |
| 8. Other Assistance | 84,158,852 | 1,481,670 |
| Administrative Costs (5% of Direct Costs: 1-7) | 53,004,711 | 933,182 |
| Cost contingencies (10% of Direct Costs: 1-7) | 106,009,422 | 1,866,363 |
| TOTAL | 1,303,267,200 | 22,944,845 |

Note: 1 USD = PhP 56.80

- 12. **Monitoring and Evaluation** There will be two types of monitoring, the internal and external monitoring. The UPMO in coordination with the ESSD shall conduct the supervision and in-house monitoring of RAP implementation. An External Monitoring Agent (EMA) shall do the external monitoring and evaluation. The EMA for this Projects is a consultancy firm with qualified and experienced staff with Terms of Reference acceptable to the Bank.
- **13. Public Consultation** The Coordination and Public Consultations Meetings for CMHSHCP were undertaken to inform the primary and secondary stakeholders about the project information such as background, scope, objectives, benefits, updates, basic resettlement policies (GOP and JICA), cut-off-date and announcement of succeeding resettlement activities such as conduct of socioeconomic survey and detailed measurement and inventory of affected assets and properties. The Coordination and Public Consultations for CMHSHCP were conducted on March 22 May 19, 2022.

INTRODUCTION 1

1.1 Rationale

The Central Mindanao High Standard Highway Construction Project (CMHSHCP), particularly the Cagayan de Oro - Malaybalay section, is conceptualized as a vital infrastructural undertaking designed to bolster economic growth and regional connectivity in Mindanao. The CMHSHCP is multi-dimensional, focusing on:

Economic Growth: This highway will serve as a catalyst for economic activities in the region, enhancing trade and industry by providing a more efficient transportation route.

Regional Connectivity: It aims to enhance the connectivity between major cities and rural areas, fostering inclusive growth and development.

Traffic Decongestion: By providing an alternative route, it aims to alleviate traffic congestion in existing roads, thus reducing travel time and improving logistics efficiency.

Safety Improvements: The highway is designed to adhere to high safety standards, aiming to reduce the rate of road accidents in the region.

Sustainable Development: The project incorporates environmental considerations, ensuring minimal ecological impact and promoting sustainable infrastructural development.

1.2 **Objectives**

The primary objective of the Central Mindanao High Standard Highway Construction Project (Cagayan de Oro - Malaybalay Section) is to establish a high-standard, safe, and efficient transportation corridor that will:

- Facilitate seamless movement of goods and people between Cagayan de Oro and Malaybalay, thereby strengthening economic ties.
- Reduce travel time and transportation costs, thereby enhancing the overall productivity of the region.
- Foster socio-economic development in adjacent areas, leading to the upliftment of local communities.
- Encourage tourism by improving access to key tourist destinations in Central Mindanao.
- Incorporate sustainable and eco-friendly construction practices to preserve the natural landscape and biodiversity of the region.

1.3 Methodology

This comprehensive methodology will facilitate effective coordination with LGUs, engage the community through public consultations, and systematically gather data through socioeconomic and inventory surveys, all in compliance with DPWH DO 152 series of 2017 and RA 10752.

1.3.1 Coordination/Orientation Meeting with the Local Government Units (LGUs)

The RAP team presented the proposed project and outlined the activities for preparing the RAP report to the LGUs. This meeting aimed to inform the LGUs about the rules and procedures for the acquisition of right-of-way for the Central Mindanao High Standard Highway Construction Project (Cagayan de Oro – Malaybalay Section) in accordance with the DPWH DO 152 series of 2017 and Republic Act (RA) 10752, titled 'An Act Facilitating the Acquisition of Right-of-Way, Site, or Locations for National Government Infrastructure Projects.

1.3.2 Public Consultations

Public consultations were held in the affected barangays of the cities and municipalities involved. These meetings aimed to inform the Project Affected Persons (PAPs) about DPWH ROW acquisition as per DPWH DO 152 series of 2017 and RA 10752. Specifically, the discussions covered various aspects:

- a. The concept and objective of the project.
- b. Definitions of severe and marginal impacts.
- c. The importance of tagging structures to be affected.
- d. The necessity to photograph the structures and improvements that would be affected.
- e. The process for conducting a census, socio-economic survey, and inventory/detailed measurement survey of assets and properties belonging to PAPs.

Furthermore, the team notified participants that a City/Municipal RAP Implementation Committee (C/MRIC) would be established to assist DPWH in implementing the RAP for affected structures, other improvements, trees, crops, and lots required for the acquisition of right-of-way (ROW).

Moreover, the Consultant informed the PAPs that the RAP team would conduct socioeconomic surveys and inventory/detailed measurement surveys of assets and properties within the ROW after the consultations in all barangays traversed by the project. Permission was sought to access their premises for conducting these surveys/assessments and to inform affected families of the cutoff dates.

1.3.3 Socioeconomic/Inventory Survey

During the survey, we identified affected structures and other improvements, both temporary and permanent, including residential and commercial structures. Additionally, we identified

other improvements such as storage facilities, comfort rooms, extensions, etc. Furthermore, we documented crops and trees, both fruit-bearing and non-fruit-bearing, that will be affected by the project.

1.4 Project Description

The Central Mindanao High Standard Highway Construction Project (Cagayan de Oro - Malaybalay Section) encompasses the following key features:

Route Specifications: The highway will stretch approximately 65.5 kilometers, connecting Cagayan de Oro and Malaybalay with a multi-lane, dual carriageway standard.

Design and Construction: The design includes modern road infrastructure features such as emergency lanes, pedestrian crossings, and advanced signage. The construction will utilize high-quality, durable materials ensuring long-term usability.

Technology and Safety Features: The project incorporates smart road technologies, including intelligent transportation systems (ITS), traffic management systems, and automated emergency response mechanisms.

Environmental Considerations: Environmental Impact Assessments (EIA) have been conducted, with plans in place for reforestation, wildlife protection, and minimizing carbon footprint during construction.

Community Engagement and Development: The project includes initiatives for local community engagement, job creation, and skill development programs, ensuring inclusive growth.

Funding and Partnerships: The civil works for Section 1 which is 11.5 kilometers long will be funded by JICA while civil works for Sections 2-5 which is 54 kilometers in length will be funded by ADB.

1.5 Project Design

The project design is summarized below.

1.5.1 Geometric design standard

The standard references used for the Central Mindanao High Standard Highway are a) Policy on Geometric Design of Highways and Streets, AASHTO 2011, 6th Edition, b) Design Guidelines, Criteria & Standards, volume 4 Highway Design, 2015, DPWH, and c) Japan Road Association, Road Structure Ordinance, 2019.

1.5.2 Design speed

The recommended design speed of 80 kph taken from the previous pre-feasibility study (HSH

MP Phase-2 report) was used for the main alignment. The design speed was selected considering moderate topographic conditions at the proposed alignment and traffic safety.

1.5.3 Interchange ramps

The interchange ramp design speed is 40 kph which is half of the highway design speed. It is also the identified minimum design speed in AASHTO 2011.

1.5.4 High Standard Highway geometry

The geometry applied to the design of main alignment and ramp is summarized in Table 1-1-1 and Table 1-1-2.

Table 1-1-1 Road geometric design standard for main alignment (80kph design speed)

| Item | Unit | Standard | Absolute minimum |
|--------------------------------------------|------|----------|---------------------|
| Design Speed | kph | 80 | |
| Design Vehicle | - | WB-19 | |
| Stopping Sight Distance | m | 130 | |
| Passing Sight Distance | m | 245 | |

Source: JICA Study Team

1.5.5 Vertical clearance

The design vertical clearances of the highway and crossing road is 4.0 to 5.2 meters.

1.5.6 Number of lanes

The alignment is a dual 2-lane (2x2) road in accordance with the traffic demand.

1.5.7 Carriageway, Shoulder, and Median widths

The recommended cross-section configurations are presented in the succeeding paragraphs.

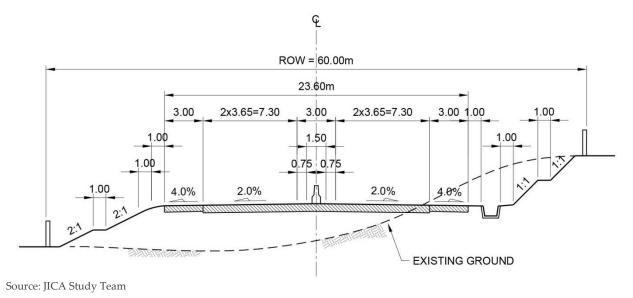

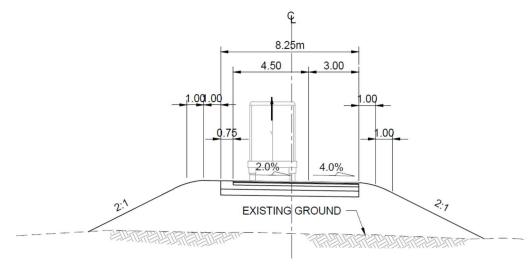

Figure 1-1-1 Typical Cross Section Embankment and Cut: Row=60m

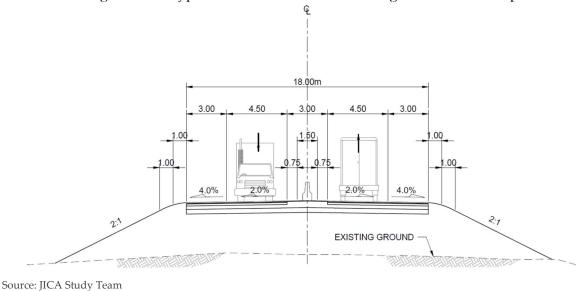

Figure 1-1-3 Typical Cross Section at Interchange: Two-Lane, Two-Direction Ramp

Right-of-Way Limits 1.6

The Central Mindanao High Standard Highway Construction Project (CMHSHCP) having a length of 65.50 kilometers with 60 meters ROW will traverse 27 barangays of four (4) municipalities and two (2) cities in the Provinces of Misamis Oriental and Bukidnon in Region X (Northern Mindanao). The host barangays and general location and jurisdiction maps are shown in Table 11 and Figure 11, respectively.

Table 1-3. Jurisdictions of the Project alignment

| Province | City/Municipality | Barangay |
|------------------|---------------------|----------|
| Misamis Oriental | Cagayan de Oro City | Balubal |
| | | Bugo |
| | | Puerto |

| Province | City/Municipality | Barangay | |

Project Targets 1.7

During the preparation of this preliminary RAP, target PAPs were identified to establish the necessary assistance measures for inclusion in the report. Of the total 484 PAPs, 132 lack proof of land ownership and are classified as informal occupants (non-landowners). Conversely, 352 PAPs possess land ownership documentation and are classified as formal occupants (landowners). Of the 132 informal occupants, 96 PAPs (residing households) qualify for relocation assistance. A summary of the project targets follows below.

Table 1-4. Project Targets

| Summary of Project Targets | | Total | |
|---------------------------------------------------------------|------|---------|-----------------------|
| No. of Draiget Affected Dorsons | PAP | ¹Formal | ² Informal |
| No. of Project-Affected Persons | | 352 | 132 |
| No. of Project-Affected Households that require relocation or | PAH | | 96 |
| resettlement | TAII | - | (379 persons) |
| Tenurial Status of PAPs | | | |
| -owns land only | No. | 350 | _ |
| -owns structure only | No. | 0 | 130 |

¹ Formal (landowners) are defined as the people who have legal rights over the affected land.

² Informal (non-landowners) include structure owners, renters, rent-free occupants/sharers, and caretakers who do not own the land.

| Summary of Project Targets | | Total | |
|--------------------------------------------------------------|----------------|-------|--------|
| -owns both land and structure | No. | 2 | 0 |
| -sharer/rent-free occupant | No. | 0 | 2 |
| Loss of Main Structures (breakdown shown below) | No. 103 | | 103 |
| -Residential Structures | No. 99 | | 99 |
| -Residential-Commercial Structures | No. 1 | | |
| -Commercial Structures | No. 3 | | |
| Loss of Institutional Structures | | 4 | |
| Loss of Community Structures | No. | 52 | |
| Loss of Other Structures | No. | | 139 |
| Loss of Land (breakdown shown below) | | | |
| -Affected Parcels of Land | No. | | 405 |
| -Owners of Affected Parcels of Land | | | 352 |
| -Total Affected Land Area | m ² | 3,9 | 43,800 |
| Land Area of Affected Agricultural Crops | | 2,5 | 71,526 |
| No. of Affected Coconut | No. | 2 | ,552 |
| No. of Affected Forest / Fruit Trees / Other Forest Products | No. | 9 | ,815 |

NECESSITY OF LAND ACQUISITION, OBJECTIVES OF RAP, 2 AND PREVENTIVE/MITIGATING MEASURES

2.1 Scale of Land Acquisition and Resettlement

The preparation of the RAP for land, structures and improvements, and crops and trees was in accordance with the Republic Act 10752, (An Act Facilitating the Acquisition of Right-of-Way Site or Location for National Government Infrastructure projects) and as prescribed in the Land Acquisition, Resettlement, Rehabilitation and Indigenous People's (LARRIP) Policy, the JICA Environmental and Social Safeguards Guidelines and other related social safeguards policies/issuances of the Department, such as Department Order (DO) Nos. 5 Series of 2003, DO 327 series of 2003, DO 34 series of 2007, D.O. 73 series of 2014 - Prohibited Use within the Right-Of-Way of National Roads, and DO 152: DPWH ROW Acquisition Manual series of 2017.

The preparation of this Preliminary RAP covers a length of 65.50 kilometers, including the affected assets and properties within the right-of-way (ROW) width required for the project. The project will traverse twenty-seven barangays across six (6) LGUs in Central Mindanao.

Objectives of the Study 2.2

The objectives of the Preliminary Right-of-Way Action Plan are as follows:

- 1) To determine the number of Project Affected Persons (PAPs) and properties/assets affected by the project based on the road alignment in the feasibility study;
- 2) To identify the extent of impacts of the project on their properties/assets and the measures to mitigate these impacts;
- 3) To determine the compensation and entitlements to the PAPs for their affected properties/assets for inclusion in the Medium-Term Infrastructure Program (MTIP);
- 4) To ensure public participation in the implementation and monitoring of the RAP.

2.3 **Preventive/Mitigating Measures**

Like many large infrastructure projects, the Central Mindanao High Standard Highway Project (Cagayan de Oro – Malaybalay Section) has the potential to impact local communities, environments, and economies. To address these impacts, the Implementing Agency will implement strategies to ensure the well-being of project-affected persons (PAPs), as follows:

2.3.1 **Preventive Measures**

Community Consultation and Participation: Engage with local communities early in planning. This includes informing them about the project, listening to their concerns, and incorporating their feedback into the design.

Resettlement Planning: If displacement is inevitable, develop a comprehensive resettlement plan that includes adequate compensation, housing, and livelihood support for affected persons.

Environmental Impact Assessment (EIA): Conduct a thorough EIA to understand the environmental impacts and develop strategies to minimize negative effects.

Cultural and Heritage Preservation: Identify and protect areas of cultural, historical, or religious significance that might be affected by the project.

Employment Opportunities: Prioritize local hiring to provide job opportunities for affected communities.

Land Use Planning: Ensure that the project aligns with local and regional land use plans, minimizing disruption to existing land use patterns.

2.3.2 **Mitigating Measures**

Fair Compensation: Ensure that all affected persons receive fair and timely compensation for loss of land, property, or livelihood.

Livelihood Restoration Programs: Implement programs to restore or enhance the livelihoods of affected persons, such as vocational training, microfinance, and job placement services.

Health and Safety Measures: Implement measures to protect local communities from construction-related risks, such as noise, dust, and traffic disruptions.

Ongoing Community Engagement: Maintain open communication channels with affected communities throughout the project to address concerns and provide updates.

Monitoring and Evaluation: Regularly monitor and evaluate the impact of the project on local communities and adjust strategies as necessary to address emerging issues.

Grievance Redress Mechanism: Establish a transparent and accessible mechanism for affected individuals to raise concerns and grievances related to the project.

Environmental Conservation Programs: Implement programs to mitigate environmental impacts, such as reforestation, wildlife protection, and water management initiatives.

LEGAL FRAMEWORK 3

Legal Framework Policy on Eligibility for Compensation and Entitlement

The policy framework within which this Right-of-Way Action Plan for land, structures, other improvements, and crops and trees will operate was derived from the Philippine Constitution, Republic Act 10752, DPWH LARRIP Policy, and other social safeguards issuances, and JICA Environmental and Social Safeguard Guidelines, relative to the ROW acquisition.

Basic National Policy 3.1.1

The overall objective of this RAP Policy is anchored on the Bill of Rights of the Constitution of the Republic of the Philippines.

- 1) Article III, Bill of Rights, Section 1: "No person shall be deprived of life, liberty, or property without due process of law, nor shall any person be denied the equal protection of the laws."
- 2) Article III, Bill of Rights, Section 9: Private property shall not be taken for public use without "just compensation".
- 3) Article XII, Section 5: "The State...shall protect the rights of indigenous cultural communities to their ancestral lands to ensure their economic, social, and cultural well-being "By act of Congress, customary laws governing property rights or relations can be applied in determining the ownership and extent of ancestral domains.
- 4) Article XIII, Urban Land Reform and Housing, Section 10: "Urban or rural poor dwellers shall not be evicted, nor their dwelling demolished, except in accordance with law and in a just and humane manner. No resettlement of urban or rural dwellers shall be undertaken without adequate consultation with them and the communities where they are to be relocated."

3.1.2 RA 10752 "The Right-of-Way Act"

RA 10752- An Act Facilitating the Acquisition of Right-of-Way (ROW), Site or Location for National Government Infrastructure Projects, a law that was signed and took effect in March 2016 and its IRR. The RA 10752 provides the different bases for land valuation for the following modes of acquisition: negotiated sale and expropriation.

The law states that the Implementing Agency (IA) shall negotiate with the owner for the purchase of the property by offering the current market value issued by the Government Financing Institution (GFI) for the area where the affected property is located, or appraised market value identified by the private independent property appraiser (IPA) accredited by the Central Bank of the Philippines.

The law also states that valuation of the improvements and/or structures on the land to be acquired shall be based on the replacement cost which is defined as the amount necessary to replace the structure or improvement based on the current market prices for materials, equipment, labor, contractor's profit and overhead, and all other attendant costs associated with the acquisition and installation in place of the affected improvements/installation.

Modes of Acquisition - Under the law, RA 10752 specifies the following methods: Donation, Quit Claim, Exchange or Barter, Negotiated Sale or Purchase, Expropriation and any other modes of acquisition authorized by law.

Market Value - Standards to determine market value. Negotiated sale between DPWH and the property owner based on the following standards to determine the market value:

- 1) The classification and use for which the property is suited;
- 2) The development costs for improving the land;
- 3) The value declared by the owners;
- 4) The current selling price of similar lands in the vicinity;
- 5) The reasonable disturbance compensation for the removal and/or demolition of certain improvements on the land and for the value for improvements thereon;
- 6) The size, shape and location, tax declaration and zonal valuation of the land;
- 7) The price of the land as manifested in the ocular findings, oral as well as documentary evidence presented; and
- 8) Such facts and events as to enable the affected property owners to have sufficient funds to acquire similarly-situated lands of approximate areas as those required from them by the government, and thereby rehabilitate themselves as early as possible.

Mode of Payment for Negotiated Sale - DPWH shall pay the property owner (i) fifty percent (50%) of the negotiated price of the affected land, exclusive of the payment of unpaid taxes remitted to the LGU concerned and (ii) seventy percent (70%) of the negotiated price of the affected structures. improvements, crops, and trees, exclusive of unpaid taxes remitted to the LGU concerned. DPWH shall pay the property owner the remaining fifty percent (50%) of the negotiated price of the affected land after the transfer of title in the name of the Republic of the Philippines, in cases where the land is wholly affected and at the time of the annotation of a deed of in cases where the land is partially affected. DPWH shall pay the remaining thirty percent (30%) of the affected structures, improvements, crops, and trees, exclusive of unpaid taxes remitted to the LGU concerned after the land is already completely cleared of structures, improvements, crops, and trees.

Quit Claim - A quit claim instrument is required to be executed by owners of lands acquired under the Public Land Act (Commonwealth Act 141) because of the reservation made in the issuance of patents or titles thereto. Even if the title or free patent describes the whole area as owned by the patentee or title holders, by operation of the law, a strip of 20 or 60 meters, as the case maybe, of that area described is not absolutely owned by him/her, because it is reserved by the government for public use. Hence, if the government should exercise its right to use the area reserved by it for public use, the owner shall be required to execute a Quit Claim over such area reserved and taken by the government for public use. This mode can be availed if the landowner is the original patent holder or the acquisition of the land from the original patent holder is through a gratuitous title, subject for the provision of CA 141 "Public Land Act" or PD 635. No payment shall be made for land acquired under the quit claim mode except for damages to improvements. However, if the landowner is not the

original patent holder and any previous acquisition of said land is not through gratuitous title, then this land is subject to other mode of acquisition as enumerated in RA 10752.

In case PAPs are qualified for compensation but with arrears on land tax. To facilitate the processing of payment on land acquired from the PAPs with tax arrears, the DPWH upon request by the property owner, will pay the arrears and deduct the amount to the total compensation cost provided that the amount is not more than the negotiated price.

In case the PAPs are qualified but already dead and the heirs have not undergone extrajudicial partition, the PAPs will be given a grace period to meet the requirement within the validity period of allotment for two (2) years. Beyond two years that the PAPs cannot comply with the requirement they have to settle the case in court.

In case of expropriation, the following will be followed:

- 1) For Structures: If the PAP rejects the compensation for structures at replacement cost offered by DPWH, the Department or the PAP may take the matter to court. When court cases are resorted to either by DPWH through expropriation or by the PAPs through legal complaints, the DPWH will deposit the replacement cost at current market value of structures and improvements.
- 2) For Land: If the owner contests the Department's offered value for compensation for land, the PAP or the DPWH may take the matter to court. DPWH shall immediately deposit to the court in favor of the owner the amount equivalent to a 100% of the value of the property based on the BIR zonal valuation. The court shall determine the just compensation, considering the standards for the assessment of the value of the land (Sec.7, RA 10752).

3.1.3 Other Applicable laws and Policies

DPWH Land Acquisition, Resettlement, Rehabilitation, and Indigenous Peoples Policy (LARRIPP) (March 2007) - To ensure uniformity of standards in the Resettlement Planning, a revised LARR Policy, 3rd edition, was formulated, now contains the Departments Indigenous People's policy in accordance with the Indigenous People Right Acts (IPRA) law, called the LARRIPP.

This policy includes the principles and objectives of the involuntary resettlement policy, the legal framework, eligibility, compensation and entitlements, the indigenous peoples' policy framework, implementation procedures that ensure complaints are processed, public support and participation, and the provision of internal and external monitoring of the implementation of the RAP and safeguard instrument for IPs.

Commonwealth Act 141 Section 112 or Public Land Act - prescribes a 20-meter strip of land reserved by the government for public use, with damages being paid for improvements only.

Presidential Decree 635 amended Section 112 of CA 141 increasing the width of the reserved strip of 20 meters to 60 meters.

EO 113 (1955) and EO 621 (1980)

- 1) National Roads shall have a ROW width of at least 20 meters in rural areas which may be reduced to 15 meters in highly urbanized areas.
- 2) ROW shall be at least 60 meters in unpatented public land.
- 3) ROW shall be at least 120 meters through natural forested areas of aesthetic or scientific value.

EO 1035

- 1) Financial assistance to displaced tenants, cultural minorities, and settlers equivalent to the annual gross harvest for the last 3 years and not less than PhP15, 000 per ha.
- 2) Compensation for improvements on land acquired under Commonwealth Act 141.
- 3) Government has the power to expropriate in case agreement is not reached.

MO 65, Series of 1983

- 1) Easement of ROW where the owner is paid the land value for the Government to use the land, but the owner still retains ownership over the land.
- 2) Quit claim where the Government has the right to acquire a 20 to 60 m width of the land acquired through CA 141. Only improvements will be compensated.

Republic Act 6389. Provides for disturbance compensation to agricultural lessees equivalent to 5 times the average gross harvest in the last 5 years.

Article 141, Civil Code. Real actions over immovable prescribe after thirty (30) years. This provision is without prejudice to what is established for the acquisition of ownership and other real rights by prescription (1963).

The Comprehensive Agrarian Reform Law Republic Act 6657 (1988). Section 28 provides that landowner shall retain his share of any standing crop un-harvested at the time the DAR shall take possession of the land under Section 16 of this Act and shall be given a reasonable time to harvest.

DPWH Department Order No. 34 s. 2007 to streamline and standardize its operating procedures DPWH issued the department order was issued to simplify the guidelines for the validation and evaluation of Infrastructure right-of-way claims. The Guidelines is in line with the provisions of the DPWH ROW Procedural Manual adopted under Department Order No.5, s. 2003, as amended, particularly in the validation and evaluation of claims for ROW acquisitions.

DPWH Department Order No.5 s. 2003 this order was issued to identify, acquire, and manage right-of-way (ROW) efficiently and in a timely manner for the implementation of infrastructure projects, an improved ROW process was adopted, among others, (i) it shall be applicable to all foreign-assisted and locally funded projects. (ii) The Implementing Office (IO) shall ensure that ROW costs are always included in project budgets. (iii) All ROW must be fully acquired and cleared before the issuance of the Notice of Award for the project.

DPWH Department Order No. 130 Series of 2016 provides the guidelines for the Implementation of the Provisions of Republic Act No. 6685 and Republic Act 9710 or the Magna Carta of Women. The Implementing Rules and Regulations mandates that contractors to hire a minimum percentage of 50% of unskilled and 30% skilled manpower requirement from the unemployed bona fide residents of the locality and shall be equally accessible to both women and men.

DPWH Department Order No. 152 Series of 2017 Directing the Use of DPWH Right-of-Way Acquisition Manual (DRAM) by All Concerned DPWH offices. The Manual provides a clear, uniform, and user-friendly guide on the rules and procedures for the acquisition of DPWH ROW for its infrastructure projects.

Indigenous People. The Indigenous Peoples' Rights Act (IPRA) of 1997. IPRA sets conditions, requirements, and safeguards for plans, programs, and projects affecting IPs. The important provisions of IPRA are:

- 1) Right to their ancestral domains. (Chapter III, Section 11);
- 2) Right to an informed and intelligent participation in the formulation and implementation of any project, government or private, that will impact upon their ancestral domains; (Chapter III, Section 7b);
- 3) Right to participate fully, if they so choose, at all levels of decision-making in matters which may affect their rights, lives and destinies through procedures determined by them; (Chapter IV, Section 16);
- 4) Right to receive just and fair compensation for any damages inflicted by or as a result of any project, government or private; (Chapter III, Section 7b);
- 5) Right to stay in their territory and not be removed from that territory. If relocation is necessary as an exceptional measure, it can only take place with the free and prior informed consent of the IPs and indigenous cultural communities (ICC) concerned; (Chapter III, Section 7c);
- 6) Right to be secure in the lands to which they have been resettled; (Chapter III, Section
- 7) Right to determine and decide their own priorities for the lands they own, occupy, or use; (Chapter IV, Section 17);
- 8) Right to maintain, protect, and have access to their religious and cultural sites; (Chapter IV, Section 33)

NCIP has issued number of administrative orders (AO) that put into operation the provisions of IPRA. The most important AO for purposes of this RAP is NCIP AO No. 3 or the Revised Guidelines on FPIC and Related Processes of 2012.

Republic Act 7279 is an act to provide for a comprehensive and continuing urban development and housing program, establish the mechanism for its implementation, and for other purposes. The law also provides that local government units in coordination with the National Housing Authority (NHA), shall implement the relocation and resettlement of persons living in danger areas such as esteros, railroad tracks, garbage dumps, riverbanks, shorelines, waterways, and in other public places as sidewalks, roads, parks, and playgrounds. The local government unit, in coordination with the National Housing Authority, shall provide relocation or resettlement

sites with basic services and facilities and access to employment and livelihood opportunities sufficient to meet the basic needs of the affected households and estate management.

3.2 Objectives and Principles of the Involuntary Resettlement Policy

- 1) Involuntary resettlement should be avoided where feasible.
- 2) Where population displacement is unavoidable, it should be minimized by exploring all viable project options.
- 3) People unavoidably displaced should be compensated and assisted, so that their economic and social future would be generally as favorable as it would have been in the absence of the project.
- 4) People affected should be fully informed and consulted on resettlement and compensation options.
- 5) As far as possible, involuntary resettlement should be conceived and executed as part of the project.

3.3 **IICA Policies**

The key policies and principles governing involuntary resettlement prescribed in the Japan International Cooperation Agency (JICA) Guidelines for Environmental and Social Considerations (April 2010) are as follow:

- 1) Involuntary resettlement and loss of means of livelihood are to be avoided when feasible by exploring all viable alternatives.
- 2) When, after such an examination, avoidance is proved unfeasible, effective measures to minimize impact and to compensate for losses must be agreed upon with the people who will be affected.
- 3) People who must be resettled involuntarily and people whose means of livelihood will be hindered or lost must be sufficiently compensated and supported by project proponents in a timely manner.
- 4) Prior compensation, at full replacement cost, must be provided as much as possible.
- 5) Host countries must make efforts to enable people affected by projects and to improve their standard of living, income opportunities, and production levels, or at least to restore these to pre-project levels. Measures to achieve this may include providing land and monetary compensation for losses (to cover land and property losses), supporting means for an alternative sustainable livelihood, and providing the expenses necessary for the relocation and re-establishment of communities at resettlement sites.
- 6) Meaningful participation of affected people and their communities must be promoted in the planning, implementation, and monitoring of resettlement action plans and measures to prevent the loss of their means of livelihood.
- 7) In addition, appropriate and accessible grievance mechanisms must be established for the affected people and their communities.
- 8) For projects that will result in large-scale involuntary resettlement, resettlement action plans must be prepared and made available to the public.

- 9) In preparing a resettlement action plan, consultations must be held with the affected people and their communities based on sufficient information made available to them in advance.
- 10) When consultations are held, explanations must be given in a form, manner, and language that are understandable to the affected people.

3.4 **Gap Analysis and Project Principles**

To ensure compliance and consistency with JICA Guidelines on Social and Environmental Considerations (2010), the review of JICA guidelines to compare to existing laws and policies on the road right-of-way acquisition has been conducted.

Table 3-1 present the results of the Gap Analysis.

Table 3-1. Gap Analysis and Gap Filling Measures

| No | JICA Guidelines and World Bank OP 4.12 | Legislation of Philippines | Major Gaps | Proposed Gap Filling Measures |
|----|--------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1 | Involuntary resettlement and loss of means of livelihood are to be avoided when feasible by exploring all | No person shall be deprived of life, liberty, or property without due process of law, nor shall any person be denied the equal protection of the laws (Article III, Bill of Rights, Section 1) | While there is no specific law in the Philippines, there is no notable gap. | The project will compare and analyze different project alternatives considering the economic, environmental, and social impacts with priority given to the option that minimizes the scale of involuntary resettlement. |
| | viable alternatives. (JICA GL) | Private property shall not be taken for public use without "just compensation (Article III, Bill of Rights, Section 9). | | |
| | | Involuntary resettlement should be avoided where possible. Where population displacement is unavoidable, it should be minimized by exploring all viable project options (LARRIPP, 2007, Chapter II) | | |
| 2 | When population displacement is unavoidable, effective measures to minimize impact and to compensate for losses should be taken. (JICA GL) | Provides compensation and entitlements for affected assets and properties within road right-of-way (LARRIPP, 2007, Chapter III) | There is no notable gap. | The impact on the PAPs will be analyzed in view of the land, structure, crops, trees. Once the impacts have been identified, efforts to minimize such impacts would be undertaken and an appropriate level of compensation would be considered and described in the RAP for implementation. |
| | | RA 10752 – provide just compensation for affected assets and properties within road right-of-way | | |
| 3 | People who must be resettled involuntarily and people whose means of livelihood will be hindered or lost must be sufficiently | Monetary compensation will be made to people that legally own the land and structures affected by the project (RA10752, Article 5). | LARRIPP covers compensation against lost livelihood including loss | Compensation policy and package will be formulated based on the census, lost-asset |
| | | The government will, in coordination with DHSUD and NHA, discuss with LGUs about | attributed to impact on business activities and | inventory, and socioeconomic surveys |

| No | JICA Guidelines and World Bank OP 4.12 | Legislation of Philippines | Major Gaps | Proposed Gap Filling Measures |
|----|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | compensated and supported, so that they can improve or at least restore their standard of living, income opportunities and production levels to pre-project levels. (JICA GL) | identifying the resettlement site and developing them (RA10752 No.9) Government shall provide adequate appropriations that will allow Implementing Agencies to acquire ROW for national government projects. These appropriations include cost of development and implementation of resettlement projects including planning, and social preparation. Where necessary, this may include land development and housing construction, provision of basic services and community facilities, livelihood restoration and improvement (RA10752 Section 15). Among other types of entitlements that may be afforded to the PAFs/PAPs as compensation for lost livelihood is income loss and rehabilitation assistance (LARRIPP, 2007, Chapter III) | therefore, there is no notable gap while there are limitations for the compensation amount. | and will consider the project impact on livelihood including that caused by project impact on business activities based on their socioeconomic status, the laws, and regulations in the Philippines and JICA Guidelines. Impact on business activities will be avoided as much as possible. |
| | | For illegal residents, LGUs and NHA will collaborate to provide low-cost housings or a resettlement site to the PAPs (RA7279). | | |
| 4 | Compensation must be based on the full replacement cost as much as possible. (JICA GL) | In negotiating the level of compensation, project proponents must pay to the owner: 1) Current market price of land; 2) For negotiated sale, payment of capital gains tax (CGT), the documentary stamp tax, transfer tax and registration fees are shouldered by the Implementing Agency (IA). | There is no notable gap for the negotiated sale. | Compensation will be provided to the PAPs based on the full replacement cost measured based on the current market value. |

| No | JICA Guidelines and World Bank OP 4.12 | Legislation of Philippines | Major Gaps | Proposed Gap Filling Measures |
|----|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------|
| | | Replacement cost for structure and other assets; and | | |
| | | 4) Current market value of the crops and trees (RA 10752 No.5, No.6). | | |
| 5 | Compensation and other kinds of assistance must be provided prior to displacement. (JICA GL) | Under R.A. 10752, PAPs will be paid only 50% of the negotiated price of the affected land and 70% of the negotiated price of the affected structures, improvements, crops, and trees upon the execution of a deed of sale. The balance of payment is paid as stated below provided that the land is already completely cleared of structures, improvements, crops, and trees. (1) At the time of the transfer of title in the name of the Republic of the Philippines, in cases where the land is wholly affected; or (2) At the time of the annotation of a deed of sale on the title, in cases where the land is partially affected. | Compensation and other support to the PAPs are not provided fully prior to displacement | All compensation and support will be provided to the PAPs prior to displacement. |
| 6 | For projects that entail large-scale involuntary resettlement, resettlement action plans must be prepared and made available to the public. (JICA GL) National Economic and Development Authority (NEDA) ICC Policy requires the project proponent to acquire the ROW and to prepare and submit a resettlement action plan. DPWH ROW Manual states that the RAP will be disclosed at the validation stage during the DED stage. | | LARRIPP 2007 requires the RAP to be disclosed at the validation stage so there is no notable gap. | RAP will be prepared and be made available on DPWH's webpage under this project. |
| 7 | In preparing a resettlement action plan, consultations must be held with the affected people and | No resettlement of urban or rural dwellers shall be undertaken without adequate consultation with them and the communities | There is no notable gap. | PAPs will be invited to attend the stakeholder meetings from the early stage of the project to |

| No | JICA Guidelines and World Bank OP 4.12 | Legislation of Philippines | Major Gaps | Proposed Gap Filling Measures |

SCOPE OF LAND ACQUISITION AND RESETTLEMENT 4

4.1 **Summary of Project Impacts**

The feasibility study aimed to identify the road alignment option that would result in minimal disturbance to the community, especially in terms of involuntary displacement. However, the study showed that complete avoidance of existing properties was not possible, and displacement will still occur.

Project impacts are classified into three (3) main types: impacts on land, impacts on structure and improvements, and impacts on crops and trees.

A total of 484 PAPs will be affected by the project. In terms of the number of project-affected households, there are 96 PAHs comprising 92 owners, two (2) co-owners, and two (2) sharers/rent-free occupants.

The 96 PAHs who are informal (non-landowner) settlers are considered for relocation to the resettlement site, subject to the eligibility criteria under SEC. 16. Eligibility Criteria for Socialized Housing Program Beneficiaries of the Republic Act No. 7279. This eligibility can be further validated during the conduct of the Detailed Engineering Design study.

Based on Table 4-1, a total of 298 structures will be affected by the project. These structures are distributed as residential structures (99 units), residential-commercial structures (1 unit), commercial structures (3 units), institutional structures (4 units), community structures (52 units), and other structures (139 units). Notably, all structures used for commercial purposes are reported to have no employees.

In terms of land acquisition, a total of 3,943,800 m² will be acquired, which traverses the 27 barangays. The project affected area has a total of 352 parcels of land. In terms of loss of crops and trees, agricultural crops covering an area of 2,571,526 m² & 2,552 coconuts and 9,815 productive trees will lose, respectively.

A summary of the project impacts is shown in Table 4-1.

Table 4-1. Summary of Project Impacts

| Summary of Project Impacts | Total | |
|---------------------------------------|---------------------------------------------------------|---------------------|
| No. of Project-Affected Households | | 96 (379 persons) |
| No. of Project-Affected Persons | | 484 |
| | No. of Project-Affected Persons by Losing Structures | 132 |
| Loss of | No. of Affected Residential Structures | 99 |
| Structures/Improvements and utilities | No. of Affected Residential-Commercial Structures | 1 |
| | No. of Affected Commercial Structures | 3 |

| Summary of Project Impacts | | Total |
|----------------------------------|-----------------------------------------------------------------|-----------|
| | No. of Affected Institutional Structures | 4 |
| | No. of Affected Community Structures | 52 |
| No. of Affected Other Structures | | 139 |
| | No. of Project-Affected Persons by Losing Parcel of Land | 352 |
| Loss of Land | No. of Affected Parcels of Land | 405 |
| | Total Affected Land Area (m²) | 3,943,800 |
| Loss of Crops | Land Area of Affected Agricultural Crops (m²) | 2,571,526 |
| 1 | No. of Affected Coconut | 2,552 |
| Loss of Trees | No. of Affected Forest / Fruit Trees / Other Forest Products | 9,815 |

The survey identified a total of 484 Project-Affected Persons (PAPs). Among these, 350 are landowners, and 130 are exclusively structure owners. Notably, only two (2) PAPs are land and structure owners, while the other two (2) are neither, as they reside as sharers or rent-free occupants.

Of the 350 landowners, a significant majority are individuals, amounting to 338. The remaining landowners are entities; eight (8) are firms or private entities, and four (4) are public or government entities.

Table 4-2. Total Project-Affected Persons

| | Total | Tenurial Status on Land | | |
|------------------------------------------------------------|---------------------|------------------------------------|------------------------------------------|--|
| Project-Affected Persons (PAPs) | PAPs | Formal ³ (landowner) | Informal ⁴ (non-landowner) | |
| 1. PAPs for Relocation/Resettlement | 96 (379 persons) | 0 | 96 (379 persons) | |
| a) Project-Affected Households (owns structure only) | 94 | 0 | 94 | |
| a) Project-Affected Households (sharer/rent-free occupant) | 2 | 0 | 2 | |
| 2. PAPs which do not need relocation | 388 | 352 | 36 | |
| a) Project-Affected Firm/Private Entity | 14 | 9 | 5 | |

| ii. owns structure only | 5 | 0 | 5 | |
| iii. owns both land and structure | 1 | 1 | 0 | |
| b) Project-Affected Public/Government Entity | 10 | 5 | 5 | |

³ Formal (landowners) are defined as the people who have legal rights over the affected land.

⁴ Informal (non-landowners) include structure owners, renters, rent-free occupants/sharers, and caretakers who do not own the land.

| | Total | Tenurial Status on Land | | |
|-----------------------------------|-------|---------------------------------|------------------------------------------|--|
| Project-Affected Persons (PAPs) | PAPs | Formal ³ (landowner) | Informal ⁴ (non-landowner) | |
| i. owns land only | 4 | 4 | 0 | |
| ii. owns structure only | 5 | 0 | 5 | |
| iii. owns both land and structure | 1 | 1 | 0 | |
| c) PAPs (individual) | 364 | 338 | 26 | |
| i. owns land only | 338 | 338 | 0 | |
| ii. owns structure only | 26 | 0 | 26 | |
| Total PAPs | 484 | 352 | 132 | |

Note: The table above is subject to validation during the Detailed Design stage

4.2 **Project-Affected Households (PAHs)**

In the conduct of the socioeconomic survey, the study team considered the households and business owners occupying the project area. These PAHs either have structures for residential, residential-commercial, and commercial purposes and were surveyed to determine their socioeconomic profile. A total of 96 PAHs (including 22 IP PAFs) with 103 structures were classified further as 99 residential, one (1) residential-commercial, and three (3) commercial structures. These were considered in the survey (excluding under-construction and secondary structures) but only 71 PAHs were interviewed since the 15 PAHs were out during the survey, two (2) PAHs refused to be interviewed and eight (8) absentee house owners. The two households who did not participate in the survey were not supportive of the project since their properties will be affected and they are requesting for realignment.

Table 4-3. Total Project-Affected Households (PAHs)

| Total | 3 | 19 | 32 | 12 | 18 | 12 | 96 | 100% |

The confirmed 22 IP PAFs, who occupied land inside the ROW, belong to the Higaonon (15), Talaandig (6), and Bukidnon-Tagoloanon (1) communities, with an average household size of 5. All affected IP PAFs considered vulnerable are entitled to compensation and inclusion in the livelihood restoration program. Additionally, all IP PAFs were invited to attend a series of consultation meetings during both the RAP public consultation and the IPP FPIC process.

Out of these 22 IP PAFs, 19 IP PAFs are located in the province of Bukidnon, and three (3) IP PAFs are situated in the Province of Misamis Oriental. However, only 13 IP PAFs are located within the Ancestral Domain (AD) area and have undergone the FPIC process for inclusion in the Indigenous Peoples Plan.

Furthermore, all 22 IP PAFs were invited to attend during the RAP public consultations meetings. While the 19 PAFs were invited during the FPIC and IPP Consultation Meetings.

4.3 **Asset Inventory**

The CMHSHCP will involve road construction and improvements to include widening, slope protection and drainage that will require the road right-of-way acquisition of public land and private land. Land acquisition will cause physical and economic displacement such as (i) permanent loss of land along the required 60-m ROW, (ii) loss/damage to structures and improvement, (iii) loss of crops and trees, (iv) loss of income/business, (v) increase vulnerability, and (vi) temporary loss or disruption of land use or other assets during construction works, specifically the nature of movement of construction materials to and from work sites is also anticipated.

4.3.1 **Impacts on Land**

The CMHSHCP measures 65.50 km long and will require a total land area of 3,943,800 m² of land. Since no complete/updated land use plan was provided by the LGUs, the RAP team delineated using GPS. The road traverses 27 affected barangays of the six (6) affected LGUs. Based on research data the land use classification of project area is agricultural land.

On the other hand, there are 405 parcels of land owned by 352 PAPs, out of which 129 were identified based on the official land ownership documents provided by the LGUs and DENR. The remaining 223 PAPs will be determined during the conduct of a parcel survey under the DED stage. Thus, the severity of impacts on all affected land cannot be determined at this time. All land parcel owners live outside the ROW.

4.3.1.1 **Cadastral Maps**

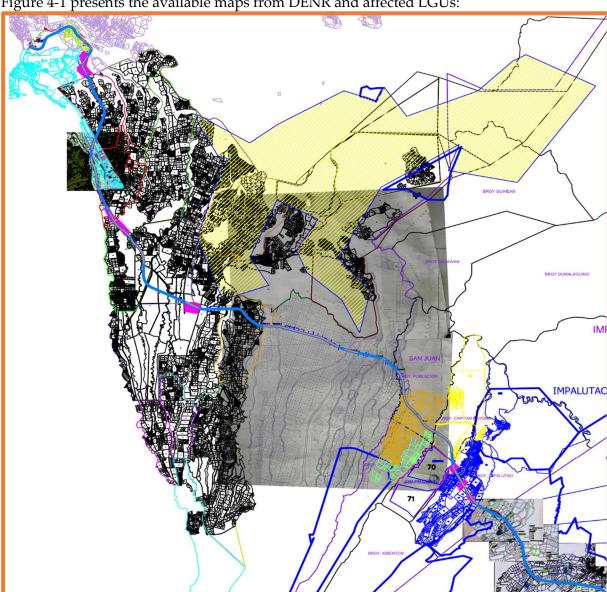

Figure 4-1 presents the available maps from DENR and affected LGUs:

Figure 4-1 Cadastral Map

Land Use and Areas affected 4.3.1.2

The majority of the affected land by the projects is currently classified as agricultural land, some with plantations typically designated for the cultivation of pineapples and bananas.

4.3.1.3 Land Valuation Map

The affected Cities and Municipalities' valuation maps are unavailable due to the ongoing updating of their tax mapping system.

4.3.1.4 Pricing of Land Based on BIR Zonal Values

The complete list of BIR zonal valuations is appended in Volume 2- Appendix 2b.

4.3.1.5 **Pricing of Land Based on Tax Declaration**

The available tax declaration is appended in Volume 2- Appendix 2c.

Recent Prices of Comparable Properties in the Area 4.3.1.6

The complete list of recent prices of comparable properties in the area based on the IPA, is appended in Volume 2- Appendix 2d.

4.3.1.7 OCTs/TCTs and Tax Declaration with Lot Descriptions

The available OCTs/TCTs and Tax Declaration with Lot Descriptions is appended in Volume 2- Appendix 2e.

Additionally, Table 4-5 provides details of the project components requiring land acquisition and bridge approaches (Appendix 1 – Impacts on Land).

Table 4-5. Loss of Land*

| | No. of | Total No. | of Affected | Landowner | | Loss of | Land (sq.1 | m.) | | |
|---------------------------|--------------|-------------------------|-----------------------------|-----------------------|-----------|---------|------------|---------|---------|-----------|

| City of Malaybalay | 68 | 47 | 16 | 63 | 664,227 | - | 41,669 | - | 8,986 | 714,882 |
| Total | 405 | 129 | 223 | 352 | 3,634,350 | 26,853 | 89,418 | 152,646 | 40,533 | 3,943,800 |
| % | | 36.6% | 63.4% | 100% | 92.2% | 0.7% | 2.3% | 3.9% | 1.0% | 100% |

^{*} Due to the unavailability of most land data from the affected LGUs, the severity of land impacts can only be determined during the conduct of the parcel survey at the DED stage.

^{**}excluding canyon, creek, river and road

4.3.2 **Impacts on Structures**

Interviews conducted with structure owners revealed that all the affected structures are situated on private lands. Table 4-6 shows a list of these structures per LGU. Details such as the valuation of each structure based on replacement cost as defined in Section 10 of the IRR of R.A. 10752 are in Appendix 2 - Impacts on Structure.

Table 4.6 shows that out of the total 298 structures, 103 are considered main structures, including 99 residential, 1 residential-commercial, and 3 commercial structures. Additionally, institutional and community facilities such as a basketball court, chapel, stage, and electrical post are affected. The remaining structures, like comfort rooms, kitchens, fences, storage, etc., make up nearly half (139) of the total affected structures. All structures and improvements are severely impacted.

Table 4-6. Loss of Structures

| | | | Loss of Str | uctures | | | |
|---------------------------|-------------|---------------------------|-------------|---------------|-----------|--------|-------|
| Affected LGUs | Residential | Residential Commercial | Commercial | Institutional | Community | Others | Total |
| Misamis Oriental | 24 | 1 | 0 | 0 | 8 | 30 | 63 |

Summary of Affected Crops 4.3.3

The project is also seen to impact livelihood as crops that provide income to PAPs will be displaced. As discussed during the public consultation meetings, production of agricultural products such as banana, corn, rice, and other crops play a vital role as sources of income of the residents and farm workers in the locality (Appendix 3 – Impacts on Crops).

The estimated number of affected agricultural crops and number of affected coconuts is shown in Table 4-14.

Table 4-14. Loss of Crops

| | Total | Agricultural Crops (sq. m.) | | | | | | | |
|---------------------------|-------------------------|-----------------------------|---------|---------|-----------|---------|---------|----------------------------------------|--|
| Affected LGUs | Number of Coconut | Pineapple | Corn | Banana | Sugarcane | Cassava | Others* | Total Agricultural Crops (sq.m.) | |

^{*}Others include: mahogany, antipolo, agoho, marang, nangka, etc.

^{**}One of the affected landowner (Magic Farm and Ranch) did not allow the survey team to conduct the IOL for Crops and Trees.

CENSUS, ASSET INVENTORY AND SOCIOECONOMIC STUDY 5

5.1 **Socioeconomic Profile**

In determining the extent of impacts on the loss of land, structures, crops, and tress, only the households occupying the affected project areas were considered during the conduct of the socioeconomic survey (SES).

The SES includes information on gender, age, civil status, educational attainment, religion, place of origin, length of stay, primary occupation/source of income of household heads, estimated income from primary source for the last 12 months, secondary occupation/income source, total income for the last 12 months, estimated total monthly household expenditures, and average monthly expenses. The results provide the socioeconomic profiles of the directly affected households.

Affected Local Government Units (LGUs) 5.1.1

Table 5-1 shows the population of Bukidnon and Misamis Oriental in the 2020 census. For Misamis Oriental, it has a population of 1,685,302 with a density of 519 inhabitants per square kilometer. Almost half of the inhabitants in Misamis Oriental live in Cagayan de Oro City with a total of 728,402 or 43.22% of the province population while the municipality of Tagoloan has a population of 80,319 (4.77%). Both the population densities of the two LGUs are higher compared to the province as shown in Table 5-1. The City of Cagayan de Oro has 1,765 persons per km square while Tagoloan has 682 inhabitants per square kilometer. In terms of number of barangays, the province has a total of 504 barangays, 10 of which are in Tagoloan and 80 barangays are in City of Cagayan de Oro.

The other province that will be affected by the proposed project is Bukidnon with four (4) affected LGUs, namely: Manolo Fortich, Sumilao, Impasug-ong, and City of Malaybalay. Based on the 2020 PSA data, the province has a population of 1,541,308. The City of Malaybalay has the highest population of 190,712 (12.37%) followed by Manolo Fortich with population of 113,200 (7.34%) while the third is Impasug-ong having a population of 53,863 (3.49%) and lastly is Sumilao with population of 29,531 (1.92%). Manolo Fortich (274), City of Malaybalay (197), and Sumilao (150) all have higher population density as compared to Bukidnon (147) while Impasug-ong (51) has the lowest population density. The total number of barangays in Bukidnon is 464, 22 of which are in Manolo Fortich, 10 barangays in Sumilao, 13 barangays in Impasug-ong, and 46 barangays are in City of Malaybalay.

Table 5-1. Provincial Statistics by Affected City/Municipality

Total Population by Province, City, Municipality, and Barangay as of May 1, 2020, PSA

The male population⁵ of the affected LGUs is slightly higher (51.5%) than the number of females (48.5%). In terms of age, the less than 15 years old population constitutes 34%, while the productive or 15 – 64 years of age is 62%. The elderly or 65 years and above is 4%. This places the dependency ratio or the number of dependents 0-14 years and 65 years and over for every 100% in the productive age 15-64 at 60.7.

Affected LGUs regular income are derived from taxes, licenses, fees and the Internal Revenue Allotment (IRA). According to the Bureau of Local Government Finance⁶, the combined annual regular income of affected LGUs for the fiscal year of 2018 was PHP 5,452,920,235.35. Looking at the involvement of employed males and females in the area, almost half of the employed workers are those performing simple and routine tasks which may require the use

⁵ Total Population by Age Group, Sex, and City/Municipality, PSA (https://psa.gov.ph/population-andhousing/statistical-tables)

of handheld tools and considerable physical effort (elementary occupation) and service and sales workers.

According to the Municipal and City Level Small Area Poverty Estimates⁷, the average poverty incidence in the affected LGUs is 33.7, which is 30.4 lower than the previous estimates. Majority of the gainful workers (15 years old and over) are elementary occupations and service & sales workers.

In terms of the gainful worker's occupational groups⁸, major group occupations in the affected LGUs are elementary occupations (27.1%), service and sales workers (18.7%), managers (9.3%), craft and related trades workers (8.9%), skilled agricultural forestry and fishery workers (8.8%), plant and machine operators and assemblers (8.3%), professionals (6.7%), clerical support workers (6.6%), technicians and associate professionals (5.1%), armed forces occupations (0.4%), and those did not report any occupation (0.1%)

From the population of ten (10) years old and over, the literacy rate is 98.9%9. Highest educational attainment of five (5) years old and over by highest grade/year completed are the following: pre-school (2.91%), elementary undergraduate (21%), elementary graduate (9.39%), high school undergraduate (14.81%), high school graduate (21.41%), post-secondary undergraduate (0.04%), post-secondary graduate (1.21%), college undergraduate (12.81%), academic degree holder (13.39%), post-baccalaureate (0.20%) and those with special education, not stated/no grade completed are (2.83%).

There are also various health and wellness facilities like hospitals, medical clinics, lying-in clinics/birthing within the affected LGUs, and nearby provinces that provide essential health services to the residents that can administer first aid treatment for emergency cases and perform minor/major surgical operations.

Project-Affected Households (PAHs) 5.1.2

A total of 96 PAHs were considered in the survey including 22 IP PAFs but only 71 PAHs were interviewed since the 15 PAHs were out during the survey, two (2) PAHs refused to be interviewed and eight (8) absentee house owners the average household size is 3.94. The breakdown of the PAHs and household size is shown in Table 5-8 and Table 5-8.

5.1.2.11 Housing

Majority (92%) of the affected households used G.I. sheets while 8% used mixed materials as roofing for their houses. The various wall materials used are wood (42%), concrete (39%), bamboo (7%), and 11% of the affected households used mixed materials.

Table 5-22. Roof Material

| | Misamis Oriental | | | Bukidnon | | | | |

| Total | 2 | 13 | 21 | 11 | 15 | 9 | 71 | 100% |

5.1.2.13 Water Source

Households rely on the following sources of water: piped water (56%), spring/river (23%), open well (8%), pump well (4%) and some (2%) rely on rainwater and artisan well while six percent (6%) use mixed sources of water. The survey on water sources implies an underdeveloped water service system.

Table 5-25. Water Source

| M: 6 | Misamis Oriental | | | Buk | Total | | | |
|------------------------------------|---------------------|----------------------------------|---------------------------|-------------|-----------------|---------------------------|----|------|

| Open pit | 0 | 3 | 4 | 1 | 2 | 0 | 10 | 14% | |
| Semi-flush | 2 | 8 | 12 | 10 | 11 | 7 | 50 | 70% | |
| Flush | 0 | 2 | 3 | 0 | 0 | 0 | 5 | 7% | |
| Others (combination of the above) | 0 | 0 | 0 | 0 | 1 | 0 | 1 | 1% | |
| None | 0 | 0 | 2 | 0 | 1 | 2 | 5 | 7% | |
| Total | 2 | 13 | 21 | 11 | 15 | 9 | 71 | 100% | |

5.1.3 **Vulnerable Project-Affected Households/Persons**

This Preliminary RAP extends the compensation and assistance to the vulnerable PAHs of the project. Following the definition of the Philippine Statistics Authority (PSA) regarding vulnerable groups which includes (i) households with elderly (aged 60 years old and above); (ii) indigenous people (IP); (iii) poor households whose income fall below the poverty threshold; (iv) households with member who has disability (PWD); (v) solo parent; and (vi) women-headed households (WHH). Further, regardless of number of vulnerabilities of one household, there will be only one unit of assistance for vulnerability for that household.

As shown in Table 5-28, there are 92 instances of vulnerability affecting 53 PAHs. Majority of the instances were profiled from IP (29%), Elderly, ages 60 and up (21%) and Poor households were derived from the combined monthly income of the household heads and employed household members (21%). This is followed by WHH (11%), Solo Parent (3%) and PWDs with 2%.

Table 5-28. Vulnerability of PAHs

| | No. of | | | Vulneral | bilities | | | |
|---------------------------|--------------------------|-------------|-----|----------|----------|--------------------|---------|--------------------|
| Affected LGUs | Vulnerable Households | Elderl y | IP | Poor | PWD | Solo Pare nt | WH H | Total Instances |
| Misamis Oriental | 12 | 4 | 5 | 5 | 1 | 1 | 3 | 31 |
| Tagoloan | 2 | 1 | 1 | 0 | 0 | 0 | 0 | 4 |
| City of Cagayan de Oro | 10 | 3 | 4 | 5 | 1 | 1 | 3 | 27 |
| Bukidnon | 41 | 15 | 22 | 14 | 1 | 2 | 7 | 61 |
| Manolo Fortich | 16 | 9 | 6 | 4 | 1 | 0 | 2 | 38 |
| Sumilao | 9 | 0 | 7 | 6 | 0 | 0 | 0 | 22 |
| Impasug-ong | 10 | 4 | 8 | 3 | 0 | 1 | 3 | 29 |
| City of Malaybalay | 6 | 2 | 1 | 1 | 0 | 1 | 2 | 13 |
| Total | 53 | 19 | 27 | 19 | 2 | 3 | 10 | 92 |
| % | | 21% | 29% | 21% | 2% | 3% | 11% | 100% |

The Philippine Statistics Authority (PSA) said the poverty threshold per family amounted to PhP 12,082 a month. An income below this amount would categorize a family as being poor and an income above this would mean a family is nonpoor. In determining the poverty threshold, the PSA uses the formula below:

PT = FT / (FE / TBE)

Where:

PT is poverty threshold

FT is food threshold

FE is actual food expenditure families within the +/- 10 percentile of the food threshold TBE is total basic food expenditure families within the +/- 10 percentile of the food threshold

On Indigenous Peoples (IPs) 5.1.3.1

During the conduct of socioeconomic survey, the team learned from the local officials that there are Higaonon, Talaandig, and Bukidnon-Tagoloan tribes located in the project area.

The Higaonon is one of the least known ethnolinguistic groups that inhabit North-Central Mindanao. They occupy the mountainous regions of Misamis Oriental, Bukidnon plateau, the mountain borders of the provinces of Agusan and Lanao in the east and west, respectively. The word Higaonon is derived from the native words higa (living), goan (mountains), and onon (people), or literally people of the living mountains or people of the wilderness.

On the other hand, the Talaandig are one of the indigenous groups in the province of Bukidnon, Mindanao Philippines who has continued to preserve and promote its indigenous customs, beliefs and practices despite the strong influx of modernization and change. The members of the group are found in barangays and municipalities surrounding the mountain of Kitanglad, the historic domain of the Talaandig people.

Lastly, the Bukidnon-Tagoloan who mostly resides in City of Malaybalay. But these IP communities are not living in a declared ancestral domain/land.

The National Commission on Indigenous People (NCIP) Region X issued a Certificate of No Overlap (CNO) (Appendix 6) for both Misamis Oriental and Bukidnon. However, NCIP Region X issued Work Order No. 429-A, dated June 16, 2022, requiring the proponent to conduct a Free and Prior Informed Consent (FPIC) (Appendix 6).

After the supplementary survey, it was known that there are one (1) Higaonon in the Municipality of Tagoloan and two (2) in the City of Cagayan de Oro, both located in the Province of Misamis Oriental. Nonetheless, there were six (6) Talaandig in the Municipality of Manolo Fortich, while there were seven (7) Higanoon in the Municipality of Sumilao and five (5) Higanoon in the Municipality of Impasug-ong and one (1) Bukidnon-Tagoloan in the City of Malaybalay, Bukidnon. As a result, a Total of 19 IPs PAFs were all located in the Province of Bukidnon, while there were only three (3) IP PAFs in the Province of Misamis Oriental. Out of the 22 IP PAFs, only 13 are within the Ancestral Domain (AD) area and thus considered and have undergone the FPIC process for inclusion in the Indigenous Peoples Plan.

The breakdown of the affected IPs is shown in Table 5-29.

Table 5-29. Ethnicity/ Ethnic Group

| Ethnicity/ | Misamis | Oriental | | Bu | kidnon | Total | | |
|-----------------|---------|------------------------------|---------------------------|--------------|-----------------|----------------------|-----|------|
| Ethnic Group | Tagloan | City of Cagayan De Oro | Manolo Fortich Sumilao | | Impasug- ong | City of Malaybaly | No. | % |
| | | IP PAFs | inside the at | fected Ances | tral Domain | | | |
| Higanon | 0 | 0 | 0 | 7 | 0 | 0 | 7 | 54% |
| Talaandig | 0 | 0 | 6 | 0 | 0 | 0 | 6 | 46% |
| Total | 0 | 0 | 6 | 7 | 0 | 0 | 13 | 100% |

Based on the abovementioned survey results, there is no AD and/or CADT at all in the proposed alignment in the Province of Misamis Oriental. The three (3) IPs PAFs within the ROW alignment were all immigrants, thus the NCIP Region X issued a Certificate of Non-Overlap (CNO) on March 30, 2022 for these three cases and they were eliminated from the target IPs of the project at this step.

5.1.3.2 On Informal Settler Families

Republic Act No. 11201 (An Act Creating the Department of Human Settlements and Urban Development) defines Informal Settler Families (ISFs) as:

- 1. households living in a lot, whether private or public, without the consent of the property owner; or
- 2. those without legal claim over the property they are occupying; or
- 3. those living in danger areas such as esteros, railroad tracks, garbage dumps, riverbanks, shorelines, and waterways.

The government, through the Housing and Department of Human Settlements and Urban Development and the National Housing Authority (NHA), in coordination with the LGUs and implementing agencies concerned, shall establish and develop resettlement sites for informal settlers, including the provision of adequate basic services and community facilities, in anticipation of informal settlers that have to be removed from the right-of-way site, pursuant to the provisions of Republic Act No. 7279, otherwise known as the "Urban Development and Housing Act of 1992". Whenever applicable, the concerned LGUs shall provide and administer the resettlement sites.

In the preparation of this RAP, the eligibility of benefits include, the PAPs who have formal legal rights to land (including customary and traditional land rights recognized under law), the PAPs who don't have formal legal rights to land at the time of census but have a claim to such land or assets and the PAPs who have no recognizable legal right to the land they are occupying. For this project, the 96 PAHs were not able to present any documents showing their ownership of the land, thus they are considered informal settlers. Though their structures will be affected by the project, they will be compensated as mandated by RA 10752 and RA 7279. However, this will be validated during the conduct of parcellary survey in the DED stage.

Replacement cost of structures and improvement shall also apply to all owners of structures and improvements who do not have legally recognized rights to the land, and who meet all of the following criteria:

- 1. Must be a Filipino citizen;
- 2. Must not own any real property or any other housing facility, whether in an urban or rural area;
- 3. Must not be a professional squatter or a member of a squatting syndicate, as defined in Republic Act No. 7279, otherwise known as the "Urban Development and Housing Act of 1992"; and
- 4. Must not occupy an existing government ROW.

Land ownership can be a form of economic security among PAHs, business owners, and landowner/claimants. During the conduct of the census, the PAHs stated that they have no legal ownership on the land since no documents were shown to determine the proof of ownership. Therefore, all the PAHs are considered ISF.

The budget for the livelihood restoration program and relocation and resettlement are shown in Table 12-1.

INDIGENOUS PEOPLES

6.1 **Brief Background**

The Inventory of Losses (IOL) and census were initially conducted from November 5, 2021 – February 4, 2022, based on the project design of 65.50-km and 60m road right-of-way. A supplementary survey was undertaken on June 15-18, 27-28, 2022 to gather additional information pertaining to the IPs' traditions, way of life, sacred places, etc. A total of 13 IP PAFs who occupied land inside ROW are Higaonon (7), Talaandig (6) with an average household size of 4.95. All of the affected IP PAFs who are considered vulnerable are entitled to compensation and inclusion in the livelihood restoration program.

As explained in Section 5.1.3.1, NCIP Region X issued CNOs for both Misamis Oriental and Bukidnon. Additionally, NCIP Region X issued Work Order No. 429-A to Bukidnon, identifying 19 IP PAFs, while it was not issued to Misamis Oriental, where 3 IP families were identified. Out of the 22 IP PAFs, only 13 are within the Ancestral Domain (AD) area and have undergone the FPIC process for inclusion in the Indigenous Peoples Plan.

6.2 **IP Project Affected Families**

The confirmed 13 IP PAFs who occupied land inside the ROW are Higaonon (7), and Talaandig (6). All the affected IP PAFs who are considered vulnerable are entitled to compensation and inclusion in the livelihood restoration program.

Table 6-1: Distribution of Affected Indigenous Peoples

| | Ticala, | Kisolon, | Total | | |
|-------------------------|-------------------|----------|-------|------|--|
| Ethnicity/ Ethnic Group | Manolo Fortich | Sumilao | No | % | |
| Higaonon | - | 7 | 7 | 54% | |
| Talaandig | 6 | - | 6 | 46% | |
| Total | 6 | 7 | 13 | 100% | |

The socioeconomic survey (SES) was conducted to establish a profile of the socioeconomic conditions of the indigenous people affected by the implementation/construction of the project. The SES took place during the Focus Group Discussions (FGD) held on June 17 and June 24 in Barangays Kisolon and Ticala, within the Municipalities of Sumilao and Manolo Fortich, respectively.

The survey was undertaken to determine the potential impact of land acquisition on the local economy, economic circumstances, occupations, employment trends, income levels, economic interdependence among households, poverty rates, ethnicity, religious affiliations, and educational achievements. The tables below present the characteristics of the household survey respondents affected by the project.

From the 13 household heads that were interviewed, 7 (54%) are male-headed households while the remaining 6 respondents are female.

Table 6-2: Sex of Household Head

| | Ticala, | Kisolon, Sumilao | Total | |
|--------|-------------------|---------------------|-------|------|
| Sex | Manolo Fortich | | No | % |
| Male | 3 | 4 | 7 | 54% |
| Female | 3 | 3 | 6 | 46% |
| Total | 6 | 7 | 13 | 100% |

Regarding age, 84.6% of the household heads are 20-59 years old, while the remaining 14.4% are considered senior citizens.

Table 6-3: Age of Household Head

| | Ticala, | Kisolon, | Total | |
|---------|--------------------|----------|-------|--------|
| Age | Age Manolo Sumilao | | No | % |
| 20 - 24 | 0 | 1 | 1 | 7.7% |
| 25 - 29 | 1 | 0 | 1 | 7.7% |
| 35 - 39 | 0 | 1 | 1 | 7.7% |
| 40 - 44 | 1 | 4 | 5 | 38.5% |
| 45 - 49 | 1 | 0 | 1 | 7.7% |
| 55 - 59 | 1 | 1 | 2 | 15.4% |
| 60 - 64 | 1 | 0 | 1 | 7.7% |
| 75 - 79 | 1 | 0 | 1 | 7.7% |
| Total | 6 | 7 | 13 | 100.0% |

As for the household size, four (4) or 30.08% of the respondents have a household size of 4 which was followed by 2 respondents all having a household size of three, five and six. For the average household size, Ticala, Manolo Fortich and Kisolon, Sumilao have a size of 4.83 and 4.86, respectively.

Table 6-4: Household Size

| Household Size | Ticala, | Kisolon, | To | otal |
|------------------------|-------------------|----------|------|-------|
| | Manolo Fortich | Sumilao | No | % |
| One (1) | 1 | 0 | 1 | 7.7% |
| Three (3) | 2 | 0 | 2 | 15.4% |
| Four (4) | 1 | 3 | 4 | 30.8% |
| Five (5) | 0 | 2 | 2 | 15.4% |
| Six (6) | 0 | 2 | 2 | 15.4% |
| Eight (8) | 1 | 0 | 1 | 7.7% |
| Ten (10) | 1 | 0 | 1 | 7.7% |
| Total | 6 | 7 | 13 | 100% |
| Average Household Size | 4.83 | 4.86 | 4.85 | |

The majority of the affected household heads are married (69.2%), followed by common-law partner/cohabitating (23.1%), and widowed (8.8%).

Table 6-5: Civil Status of Household Head

| | Ticala, | Kisolon, | Total | |
|-----------------------------------------|-------------------|----------|-------|-------|
| Civil Status | Manolo Fortich | Sumilao | No | % |
| With Common - Law Partner/ Cohabitating | 1 | 2 | 3 | 23.1% |
| Married | 4 | 5 | 9 | 69.2% |
| Widowed | 1 | 0 | 1 | 7.7% |
| Total | 6 | 7 | 13 | 100% |

Of the 13 affected household heads, 31% are elementary graduates, 31% are high school graduates, and 8% are college graduates, while some are undergraduates of elementary (7.7%), and high school (15.4%). The remaining one (1) household head did not attend any formal education.

Table 6-6: Educational Attainment of Household Head

| | Ticala, | Kisolon, | To | otal |
|---------------------------|------------------|----------|----|-------|
| Educational Attainment | t Manolo Sumilao | No | % | |
| Elementary Undergraduate | 1 | 0 | 1 | 7.7% |
| Elementary Graduate | 3 | 1 | 4 | 30.8% |
| High School Undergraduate | 1 | 1 | 2 | 15.4% |

| College Graduate | 0 | 1 | 1 | 7.7% |
| No Education | 1 | 0 | 1 | 7.7% |
| Total | 6 | 7 | 13 | 100% |

In terms of religion, the ICCs/IPs has been exposed to the mainstream cultures that are predominant in the community. Due to this, their religious belief has also been influenced by the various religions proliferating in the community. Based on the result of the SES, eight (8) or 62% are Roman Catholic while there are 2 IP respondents that are member of the Iglesia ni Cristo.

Table 6-7: Religion of Household Head

| | Ticala, | Kisolon, | To | otal |
|--------------------------|-------------------|-----------|----|------|
| Religion | Manolo Fortich | O Sumilao | No | % |
| Roman Catholic | 4 | 4 | 8 | 62% |

| Owner | 5 | 2 | 7 | 54% |
| Co-Owner | 0 | 5 | 5 | 38% |
| Sharer/Rent-Free-Occupant | 1 | 0 | 1 | 8% |
| Total | 6 | 7 | 13 | 100% |

Instead of moving from one place or another, the ICCs/IPs learned to live in one place to preserve their culture. This is as long as there are means for a living. Majority of the respondents have been residents of their respective communities for more than 20 years while (76.9%).

Table 6-9: Length of Residence

| Length of Residence | Ticala, Manolo | Kisolon, | To | otal |
|---------------------|-------------------|----------|------|-------|
| | Fortich | Sumilao | No % | |
| 1-5 years | 0 | 2 | 2 | 15.4% |
| 11-15 years | 0 | 1 | 1 | 7.7% |
| More than 20 years | 6 | 4 | 10 | 76.9% |
| Total | 6 | 7 | 13 | 100% |

In terms of place of origin, all of the respondents originated from their own LGU.

Table 6-10: Place of Origin

| Diago of Owigin | Ticala, Manolo | Kisolon, | To | otal |
|-----------------|-------------------|----------|----|------|
| Place of Origin | Fortich | Sumilao | No | % |
| Within LGU | 6 | 7 | 13 | 100% |
| Total | 6 | 7 | 13 | 100% |

The main reason for establishing residence within the LGU is because of economic reasons such as proximity to livelihood followed by family ties.

Table 6-11: Reason for Establishing Residence

| Reason for Establishing | Ticala, Manolo | Kisolon, | То | otal |
|------------------------------------|-------------------|----------|----|------|
| Residence | Fortich | Sumilao | No | % |
| Economic (Proximity to Livelihood) | 4 | 6 | 10 | 77% |
| Social (Family Ties) | 2 | 1 | 3 | 23% |
| Total | 6 | 7 | 13 | 100% |

6.3 **Information on Employment**

Out of the 13 respondents, 12 are employed and one (1) is unemployed.

Table 6-12: Employed vs Unemployed

COMPENSATION POLICY 7

Compensation and entitlements are designed to enhance or at least restore the livelihoods of all displaced persons in real terms relative to pre-project levels and to improve the standards of living of the displaced poor and other vulnerable groups¹⁰.

DPWH will offer to the PAPs, as compensation price, the sum of:

- 1) replacement cost of land based on the current market value of land, free of taxes¹¹;
- 2) the replacement cost of structures and improvements; and
- 3) the current market value of crops and trees.

Replacement cost refers to the cost necessary to replace the affected structure or improvement with a similar asset based on current market prices. The replacement structure must perform the same functions and meet the performance of specifications as original structure.

To determine the appropriate price offer for the acquisition of ROW through negotiated sale, DPWH will engage the services of a government financial institution (GFI) with adequate experience in property appraisal or an independent property appraiser (IPA) accredited by: (1) the Bangko Sentral ng Pilipinas (BSP) or (2) a professional association of appraisers recognized by BSP.

In terms of entitlements and compensation, these are determined according to the nature of the impacts. Compensation and resettlement assistance will be provided in full to PAPs prior to displacement, land clearance and commencement of works in any affected areas.

If PAPs are unable or unwilling to receive their entitlements due to contested ownership, PAPs being absent and unreachable, or PAPs contest the compensation offered, and following reasonable efforts to identify owners, and adjudicate resolution of disputes as required under RA10752, DPWH will deposit the full amount of compensation and allowances due in an escrow account until such time as the money can be released to the PAPs.

7.1 **Project Affected Persons and Eligibilities**

Project Affected Persons (PAPs) are those who stand to lose, as a consequence of the project, all or part of their physical and non-physical assets, including homes, communities, productive lands, and resources such as forests, range lands, fishing areas, or important cultural sites, commercial properties, tenancy, income-earning opportunities, social and cultural networks and activities. Such impacts may be permanent or temporary. To sum up, PAPs are:

1) Persons with formal legal rights to land and structures lost in its entirety or in part;

¹⁰Vulnerable groups include (i) households with elderly (aged 60 years old and above); (ii) indigenous people (IP); (iii) poor households whose income fall below the poverty threshold; (iv) households with member who has disability (PWD); (v) solo parent; and (vi) women-headed households (WHH).

¹¹ Free of taxes, including capital gains tax, documentary stamps tax, transfer tax, and registration fees, except Real Property Tax (RPT) arrears

- 2) Persons who have no formal legal rights to such land and/or structures wholly or in part but who have claims to such lands that are recognized or recognizable under national laws; and
- 3) Persons who lost the land they occupy in entirety or in part who have neither legal rights nor recognized or recognizable claims to such land.

Specific to the project, the following types of PAPs are qualified:

- 1. Landowners and Land Users.
 - a) Legal owners (e.g. agricultural, residential, commercial and institutional) who have full title, tax declaration, or who are covered by customary law (e.g. possessory rights, usufruct, etc.) or other acceptable proof of ownership over the affected land.
 - b) Users or occupants that have no land title or tax declaration over the affected land.

2. PAPs with Structures

- a) Owners of structures who have full title, tax declaration, or other acceptable proof of ownership (e.g. possessory rights, usufruct, etc.)
- b) Owners of structures, including shanty dwellers, who have no land title or tax declaration or other acceptable proof of ownership
- 3. PAPs with Crops, Fruit Trees, and other Perennials
 - a) Owners of affected crops, fruit trees and perennials who have full title, tax declaration, or other acceptable proof of ownership (e.g. possessory rights, usufruct, etc.)
 - b) Owners of affected crops, fruit trees and perennials who have no land title or tax declaration or other acceptable proof of ownership.
- 4. PAPs Affected by the Loss of Livelihood and Sources of Income
 - a) Owners of registered or unregistered shops, regardless of land tenure status, whose business operation will be disrupted temporarily or permanently due to the project.

Cut-off date is the date of commencement of the census of PAHs within the project boundaries. Persons not covered at the time of census-taking will not be eligible for claims of compensation entitlements. For formal PAPs, cut-off date is reckoned upon receipt of Notice of Taking but the value of the land will be based on the agreed values of the land at the time of taking.

In this Project, the cut-off date of eligibility for structures and entitlements is provisionally set on November 5, 2021 though the official cut-off date shall be set in accordance with the parcellary survey. Determination of informal PAPs and affected improvements shall be based on cut-off date, which is the start of census of PAPs and tagging for improvements.

Compensation and Entitlement Matrix

A range of entitlements is provided in エラー! 参照元が見つかりません。.

For PAPs that are willing to donate their properties, including structures, donation is the appropriate mode of acquisition. Donation, as defined under Art. 2725 of the Civil Code, "is an act of liberality whereby a person disposes gratuitously of a thing or right in favor of another who accepts it". Moreover, the Involuntary Resettlement Sourcebook of World Bank will be observed. Deed of donation should be simple and unconditional, contain clauses to the effect that:

- Donation is made by the donor not to defraud his creditors.
- Donor reserved for himself enough property for his and his family's subsistence, sustenance, and support.
- Deed of donation should be registered with the Registry of Deeds.
- The implementing agency may utilize donation or similar mode of acquisition if the landowner is a government-owned or governmentcontrolled corporation.

Expropriation should be the last resort in acquiring infrastructure ROW. In accordance with RA 10752-IRR Section 7, the IO may resort to the mode of expropriation to acquire real property for the ROW for a national government infrastructure in any of the following cases: a. If negotiated sale fails, i.e., if, within thirty (30) days after receiving the price offer from the IO, the property Owner: (1) refuses or fails to accept the price offer for negotiated sale; or, (2) fails and/or refuses to submit the documents necessary for payment under the negotiated sale; or, b. When negotiation is not feasible, including cases where, after due diligence: (1) the Owner of the property cannot be found or (2) the Owner is unknown or (3) the Owner is deceased and the estate has not been settled or (4) there are conflicting claims over the Ownership of the property and improvements and/or structures thereon.

DPWH will initiate expropriation proceedings. The IO shall immediately deposit to the Court in favor of the Owner, the sum of: the value of the land based on the current relevant BIR zonal valuation, the replacement cost at current market value of the structures and improvements, and the current market value of crops and trees.

Central Mindanao High Standard Highway Construction Project (Cagayan De Oro – Malaybalay Section)

Gender key considerations. Regardless as to whether the designated household head is a man or a woman, both spouses heading PAHs will be invited when the compensation is disbursed. New titles at resettlement sites will be issued in the names of both spouses heading household recipients of resettlement site plots. In the long term, the road project is expected to improve women's access to social services, economic or financial resources or opportunities, and other basic infrastructure.

LIVELIHOOD RESTORATION PROGRAM

The Livelihood Restoration Program (LRP) is an essential component of a RAP. It provides the PAPs assistance whose livelihoods are directly adversely affected by the Project by restoring their income generating capacity to at least pre-project levels. For vulnerable PAPs, the LRP is also aimed at improving their living standards. The livelihood restoration measures are to be planned to take account of each individual situation. Sufficient time for planning and substantial interaction with the PAPs is deemed essential requisites to developing a more robust plan that will promote both immediate and long-term self-sufficiency. As such, while this plan outlines the necessary livelihood restoration measures, further consultations with the PAPs to plan specific livelihood restoration and improvement measures.

As explained in above, the following groups of people are considered to have their livelihood hindered because of the project and hence be eligible to participating in the program.

- 1) Business entities:
- 2) Displaced persons; and
- 3) Vulnerable groups

The LRP was developed based on the understanding of the community's needs, preferences, and challenges which were captured by the socioeconomic survey designed to engage the local population and solicit valuable insights into their livelihood preferences, aspirations, and requirements.

Throughout this survey, the PAPs were asked about their preferred types of livelihood programs, the necessary support to restore or enhance their livelihoods, and the challenges hindering their means of living. This is to ensure that the programs and interventions to be developed would closely align with the actual needs and desires of the people it intended to assist.

Subsequent to the survey, a series of consultation meetings were convened. These gatherings served as a platform for further validating the findings from the socioeconomic survey. During these consultations, the preferred livelihood programs identified in the survey were confirmed and refined based on the additional insights gained.

Based on the results of consultations and SES, the specific activities of the LRP will focus on supporting households interested in venturing into small businesses or services, such as shops or service stalls. DPWH will secure agreements with vocational schools to provide technical advice, entrepreneurship training, and pilot models for these small business ventures. The program will help households understand key factors like selecting the right products, assessing the market situation and competition, estimating investment and potential profit, and evaluating risks.

The core objective of the LRP is to provide training to PAPs, free of charge, in their preferred areas to support their livelihood goals. This will include:

Entrepreneurial skills

- Small business management
- Agricultural extension focused on preferred farming practices
- Vocational training in specified skill areas such as automotive, cooking, driving, etc.

The main service providers will be TESDA, DSWD, LGUs and an entrepreneurial development service provider engaged by DPWH.

Table 8-1 demonstrates the diverse existing skills of the affected PAPs, including Business Management, Butchery, Carpentry, Cooking, Dressmaking, Driving, Electrical, Farming, Horticulture, Masonry, and Welding.

Table 8-1. Existing/Present Skills

| Frieding/ Propert Chille | To | otal |
|--------------------------|----|------|
| Existing/ Present Skills | No | % |
| Business Management | 4 | 6% |
| Butchery | 1 | 1% |
| Carpentry | 6 | 8% |
| Cooking | 1 | 1% |
| Dressmaking | 1 | 1% |
| Driving | 9 | 13% |
| Electrical | 3 | 4% |

| None | 1 | 1% |
| No Response | 10 | 14% |
| Total | 71 | 100% |

Livelihood Restoration of Business Entities 8.1

In terms of business entities, the assistance and entitlements that can be provided by DPWH, with support from concerned government agencies are summarized in エラー! 参照元が見つ かりません。 under the "Other Entitlements". They are grouped based on the following:

- 1) PAPs who own affected fixed micro businesses (e.g. small shops)
- 2) PAPs who own affected small, medium or large businesses

Livelihood Restoration of Displaced Persons and Vulnerable Groups 8.2

The LRP for individuals, including displaced persons, is designed based on the existing relevant programs of the national, regional, provincial and LGU levels. DPWH, in coordination with the LGUs, shall monitor the implementation of the LRP including monitoring of each implementation. LGUs are expected to play an equally, if not more, important role in ensuring that the PAPs' livelihood is restored and/or improved in a long run and that the LRP is in line with the existing programs and institutions. In case the implementation of LRP do not meet its objectives, supplemental measures will be examined with concerned authorities including DPWH. In addition, DPWH-ESSD conducts monitoring on livelihood restoration program as a part of internal and external monitoring.

The program should start prior to implementation stage of the project and may extend as far as the end of its completion yet not less than one year after commencement of construction. To ensure social inclusion, development outcomes should pay a special attention to integrating the different needs and concerns of women and men, people with disability, and the elderly as agents and beneficiaries of the programs and services.

As part of its function in providing livelihood restoration program to its constituents, the local government will assist the PAPs in availing the following livelihood programs from TESDA and DSWD.

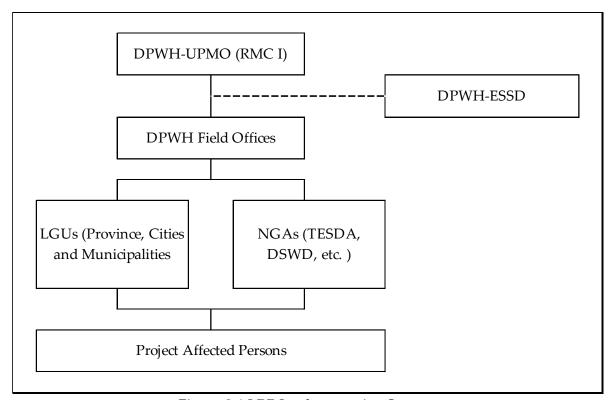

Figure 8-1 LRP Implementation Structure

8.2.1 **Vocational Training offered by TESDA**

Vocational training will be provided to the PAPs by the Technical Education and Skills Development Authority (TESDA). TESDA is the government agency tasked to manage and supervise technical education and skills development in the region.

Most of the technical-vocational courses offered by TESDA require a high school diploma. The other trainee entry requirements for various courses are as follows:

PAPs Applicants-seeking technical education and skill development provided by TESDA are requested to meet at least one of criteria listed below.

- a. At least 18 years old
- b. High School Graduate / Senior High School Graduate
- c. Alternative Learning System (ALS) Passer
- d. TechVoc Graduate
- e. College Graduate / Undergraduate
- f. Industry Worker

Training activities will be delivered through the following three modes.

a. Training Centers operated by TESDA - provides certificates of completion after each training course. The certificates of the completion are presented to would-be employers who will provide permanent employment and a regular stream of income. Trainings cost an average of PhP 10,000/course but may be as high as PhP 15,000. TESDA, in collaboration with the LGUs, industries that provide funds, implement the Training for Work Scholarship Program (TWSP) where successful scholars are chosen to undergo trainings based on industry requirements. The scholars, before being chosen, undergo a rigid selection process. PAHs and/or vulnerable groups may avail of this program after they pass the tests or assessments.

Vocational Trainings - those provided by TESDA in particular, should ensure women's enrolment in non-traditional skills training (e.g. welding, carpentry and plumbing) as it offers higher income compared to being engaged in traditional livelihood activities (Sec. 13, RA 9710). TESDA should ensure the full implementation of the gender sensitive TVET curriculum in all training courses regardless of the mode of delivery of these trainings.

- b. Private Institutions Vouchers are allocated by TESDA at least three to four times a year to accredited training centers. The number of vouchers is based on demand and is usually determined through surveys on the training courses needed in each barangay.
- c. Community-based Programs Community-based Training for Enterprise Development Program is primarily addressed to the poor and marginal groups who cannot access formal training provisions. They may have low skills, limited management abilities, and have few economic options. They may have no access to capital and hence unqualified for formal credit programs. The program goes further than just skills trainings. It is purposefully designed to help form livelihood enterprises that will be implemented by the trainees immediately after the training. Likewise, it is designed to assist partner agencies such as LGUs, NGOs, people

organizations and other agencies and organizations tasked to help the poor people engage in productive activities to help themselves and their communities.

8.2.2 Sustainable Livelihood Program offered by the Department of Social Services and **Development (DSWD)**

The Sustainable Livelihood Program (SLP) is a community-based capacity building program that seeks to improve the program participants' socioeconomic status.

The program design has two tracks: the Microenterprise Development Track and the Employment Facilitation Track.

- a. Track 1: Microenterprise Development The Microenterprise Development Track is a capacity building program that focuses on micro-enterprise development, skills enhancement, networking and partnership building, and provision of capital assistance to poor families. The participants shall be organized by their economic or livelihood activity, depending on the local field implementer's assessment of the most appropriate form.
- b. Track 2: Employment Facilitation The Employment Facilitation Track provides assistance to unemployed members of poor families preferring a job rather than start an enterprise for income generation. They shall be provided with technical skills training, occupational guidance and counselling, and job referrals or placement.

Given the necessary interventions identified for both tracks, the field implementers are expected to serve as process facilitators and partnership builders to generate and bridge opportunities for the program participants.

Both tracks are executed based on the Community-Driven Enterprise Development (CDED) approach, which equips program participants to actively contribute to production and, labor markets by looking at available resources and accessible markets. The CDED approach promotes the Local Economic Development (LED) strategy and Value Chain Production of each community.

The Community-Driven Enterprise Development (CDED) is an important instrument for the realization of potential among marginal and deprived communities and is important in bringing social upliftment. It is a low cost, easy to implement training approach for helping entrepreneurs and development partners. It is one of the strategies being implemented by the national and local governments in addressing the issue of poverty.

GRIEVANCE PROCEDURE 9

Objectives and Advantages of Developing a Grievance Redress Mechanism

A well-designed grievance redress mechanism can help ensure the sound implementation of the project. The mechanism shall provide PAPs a platform to lodge their complaints, if any, towards the project especially on matters relating to land acquisition and resettlement. It shall facilitate accessible and efficient delivery of concerns directly to the decisionmakers as compared to the formal judicial process. This mechanism shall also allow the DPWH to get hold of the concerns immediately so that corresponding response measures can be formed and implemented in a timely manner. Recognizing and addressing grievances early on makes them more manageable and resolvable and will therefore benefit both parties. A good grievance redress mechanism also helps build trust between the parties.

A raise grievance is examined in M/RIC which is composed of wide ranges of people including representatives of PAPs from each affected barangay and Peoples Organization (POs) as necessary. Thus, reliability can be secured in addition to transparency and easy access.

Thus, a grievance redress mechanism shall be established at the DED stage, prior to implementation of land acquisition. A person within the DPWH and/or the RIC shall be assigned to receive and process the grievances. His/her name and contact information shall be shared with all PAPs. The DPWH shall also ensure that the PAPs know and understand the mechanism including the people involved, the procedure, and the time and costs needed to be functional and effective. Special consideration shall be given to vulnerable people such as the illiterate, for which the DPWH may wish to explain the mechanism in a different manner (e.g. verbally instead of by paper). Grievances received must then be properly treated and discussed, and the resolution or conclusion delivered to the complainants within a reasonable time.

9.2 Composition of the RAP Implementation Committee

The RIC will be established where the road project will traverse. The RIC is an inter-agency committee composed of the following:

| 1. | DPWH-UPMO Director or his/her representative - | Chair | person |
|-----|------------------------------------------------------------|-------|------------|
| 2. | City/Municipal Mayor or his/her representative - | Co-Ch | nairperson |
| 3. | DPWH National, Regional Director or his/her representative | - | Member |
| 4. | DPWH Regional Director or his/her representative | - | Member |
| 5. | NCIP Provincial and or Regional Office | - | Member |
| 6. | Chairperson of the Barangay or his/her representative | - | Member |
| 7. | City/Municipal Division Chiefs or his/her representative | - | Members |
| 8. | A representative of the IP/ICC | - | Member |
| 9. | A representative of the PAPs in the barangay | - | Member |
| 10. | A representative of a city/municipal-wide | | |
| | Non-government Organization (NGO), if there is any, | | |
| | endorsed by the other members of the RIC. | - | Member |

The Barangay Chairperson or his/her representative and the representative of the PAP will take active part in the activities of the RIC on matters concerning their respective communities. The RIC will have the following functions:

- 1. Assist in the validation of the list of PAPs.
- 2. Assist in the validation of assets that will be affected by the project and compute the compensation and other entitlements due to the PAPs as per RA 10752, DPWH Resettlement Policy and pertinent Department Guidelines and submit the same to the DPWH for appropriate action.
- 3. Assist the Implementing Office in the conduct of public information campaign, public participation and consultation.
- 4. Assist the DPWH in the payment of compensation to PAPs
- 5. Receive complaints/grievance from PAPs and other stakeholders and act on the same within 15 days upon receipt thereof, except for complaints and grievances that specifically pertain to the valuation of affected assets, since such will be decided upon by the proper courts. (The PAP may refer his/her grievance to the DPWH UPMO, RMC 1 Director, or even to a court of law, if he/she is not satisfied with the action of the RIC or the DPWH.
- 6. Maintain a record of all public meetings, complaints, and actions taken to address complaints and grievances
- 7. Assists the DPWH and NCIP staff in identifying who among the PAP's are IPs or belong to ICCs
- 8. In coordination with the concerned government authorities, assist in the enforcement of laws/ordinances regarding encroachment in the project site or ROW

9.3 Composition of DPWH-UPMO ROW Task Force

The DPWH Secretary issued Department Order (DO) No. 203, series of 2016 which created the UPMO-ROW Task Force (URTF) and its Technical Working Group (TWG). This Order is in line with the Department's decentralization efforts to streamline procedures for a more effective and expeditious implementation of urgent national roads, bridges and various flood control projects being implemented by the Unified Project Management Offices which are hampered by the delay in the ROW acquisition.

The URTF is composed of the Undersecretary for UPMO Operations as Chairman, the Director of the LA as Vice-Chairman, and the UPMO Cluster Directors as Members. The URTF shall be supported by a TWG composed of representatives of the URTF members.

The URTF shall perform the following functions:

- 1. Organize a ROW Team for each UPMO Cluster that will handle the ROW acquisition of its projects, to be headed by the Project Managers assigned to the project.
- 2. Monitor the ROW acquisition status and recommend appropriate actions on projects with problematic ROW.
- 3. Execute and recommend appropriate resolutions pertaining to payment of ROW affected by various UPMO projects which are beyond the authority of the Project Directors.

4. Review the validation of supporting documents undertaken by its TWG and recommend payments after evaluation as to propriety of the claims.

The TWG shall exercise the following functions:

- 1. Ensure that all relevant papers and documents in support of the ROW claim are carefully screened and verified as to their authenticity and genuineness in order to forestall fraud, pursuant to the provisions of the Simplified Guidelines for Validation and Evaluation of ROW Claims.
- 2. Ensure that the computation of land valuations and disturbance compensation (structures and other improvements) are based on the RA 10752 and its IRR and other applicable laws, policies and department orders.

Procedures of Grievance Redress 9.4

A framework for the grievance redress mechanism for land acquisition, compensation and other concerns on the project is provided in the LARRIPP (2007) mentioned above. Grievances related to any aspect of the project will be dealt with through dialogue and negotiations with the aim of rapidly and amicably addressing the concerns in a less costly manner compared to those dealt with as legal cases.

Under this framework, a Municipal/City RAP Implementation Committee (M/CRIC), a local coordinating and consultative body organized for the implementation of RAP and established by UPMO through a Memorandum of Understanding (MOU) with concerned parties prior to commencement of the project, will play a key role. Among their responsibilities is to receive and record the voices, complaints, opinions, and suggestions provided by the PAPs, and address them as the first level of decisionmakers. If the response to the complaint is deemed inadequate in the view of the PAPs, the PAPs may elevate their grievance to the ROW Task Force that consists of higher-level officials of the DPWH CO. Should the grievance still not be settled, the PAPs may finally resort to filing a case with the court. Under this project, grievances from the PAPs shall be handled in the following manner:

- 1) Grievance shall be filed by the PAP with the M/CRIC. The M/CRIC shall act on the grievance within 15 days upon receipt, with the exception of complaints and grievances that specifically pertain to the valuation of affected assets, since such will be decided upon by the proper courts;
- 2) If no understanding or amicable solution can be reached, or if the PAP does not receive a response from the M/CRIC within 15 days of the filing of the complaint, he or she can appeal to the ROW Task Force which should then act on the complaint or grievance within 15 days from the day of its filing;
- 3) If the PAP is still not satisfied with the decision of ROW Task Force, he/she, as a last resort, can submit the complaint to any court of law.

PAPs shall be exempted from all administrative and legal fees incurred pursuant to the grievance redress procedures as guaranteed by the LARRIP (2007). All complaints received in writing (or written when received verbally) from PAPs will be documented and shall be acted upon immediately according to the procedures detailed above.

In the event that the PAP/F rejects the compensation offered by the DPWH, the DPWH or the PAP/F may take the matter to court. When court cases are resorted to by either the DPWH through expropriation or by the PAP/Fs through legal complaints, the DPWH will deposit to the court the (100%) value of the land based on the current relevant BIR Zonal Value.

9.5 Formation of Municipal/City RAP Implementation Committee

The M/CRIC is the responsible body organized for the smooth implementation Right-of-Way Action Plan. In the formation of the M/CRIC, the following activities were undertaken jointly by DPWH and the concerned LGUs:

- 1) Consultation on who will be the members of the committee and their roles and responsibilities.
- 2) Drafting of Memorandum of Understanding (MOU) for the Creation of the M/CRIC for the Central Mindanao Highway Construction Project (Cagayan De Oro -Malaybalay Section).
- 3) Review of the draft MOU by the concerned LGUs.

10 INSTITUTIONAL FRAMEWORK

10.1 Current DPWH Capacities on Social Safeguards

Effective resettlement depends on the capacity and commitment of the agencies responsible for resettlement planning and management. In the past few years, DPWH has improved its management processes, however, the capacity across all levels needs to be further strengthened. JICA will continue to assess the adequacy institutional capacity of DPWH, including NCIP at the National, Regional and Local levels and provide technical assistance to address the issue of institutional development and capacity building by financing the conduct of indigenous people management training seminars and workshops.

District Engineering Office, DPWH. The DEO will act as Technical Coordinator and will (i) oversee the staking-out and verification of affected properties; (ii) review, and if found correct, prepares and approves disbursement vouchers/payments; (iii) cause the prompt delivery of payments to the PAPs with the assistance of RIC (iv) submit reports on disbursements and payments to APs to the RO and the UPMO; and (v) submit monthly progress reports to ESSD, the ROs and the UPMO. The DEO will chair the RIC and will actively participate in its functions.

10.2 National Level

The DPWH will be the Executing Agency (EA) for the Project. The overall direction and leadership for implementing the RAP will be exercised by the Secretary, supported by the Undersecretary of UPMO Operations and other members of the Executive Committee (EXECOM) of the DPWH composed of the Undersecretaries and Assistant Secretaries of the Department.

The Unified Project Management Office (UPMO) shall be responsible for implementing and monitoring the Project, including land acquisition and other resettlement related activities. It will ensure that funds for the timely implementation of RAP are available and that all costs are properly accounted for.

The Roads Management Cluster I, Bilateral, Unified Project Management Office, as the overall project management unit, shall manage and supervise the implementation of the RAP. Resettlement activities and land acquisition will be carried out in close coordination with the DPWH Planning Service through its ESSD, RO, DEO, LGUs, NCIP, RIC and all other pertinent agencies and instrumentalities of the government to fully address the impacts of involuntary resettlement.

The Environmental and Social Services Division (ESSD) shall provide technical guidance and support in the implementation and monitoring of the social safeguards document/plan. They are tasked to:

a) Carry out overall preparation and planning of the RAP;

- b) Submit social safeguards document/plan budget plans (to include compensation, relocation costs, operations) for approval and allocation of needed resources by the DPWH central office;
- c) In accordance with the Department's resettlement policies, guide the District Engineering Offices and the Regional Offices in their tasks, such as the verification of APs, final inventory of affected assets, consultation, and information dissemination;
- d) Amend or complement the RAP in case problems or potential problems are identified during the internal and/or external monitoring of its implementation;
- e) In collaboration with its counterpart in the Region, work closely with the DPWH RO on the processing of compensation claims of PAPs;
- f) In collaboration with UPMO, monitor the progress of compensation payment to PAPs and other resettlement-related activities stated in the RAP; and;
- g) In collaboration with its regional counterpart, prepare quarterly monitoring reports on social safeguards document/plan implementation for submission to the UPMO and JICA;
- h) For uploading the RAP, the DEO with assistance of the RIC shall conduct inventory of loss and socio-economic surveys validation for submission the UPMO and JICA.
- i) Provide RAP orientation to DPWH RO and DEO Team and RIC to strengthen the social, legal, and technical capabilities of these resettlement implementing entities.
- j) Assist the RIC in community awareness raising activities for the RAP implementation.

10.3 Site Level

The District Engineering Office (DEO) will act as Technical Coordinator and will

- a) Oversee the staking-out and verification of affected properties;
- b) Review, and if found correct, prepares and approves disbursement vouchers/payments;
- c) Cause the prompt delivery of payments to the PAPs with the assistance of RIC;
- d) Submit reports on disbursements and payments to PAPs to the RO and the UPMO; and
- Submit monthly progress reports to ESSD, the ROs and the UPMO. The DEO will chair the RIC and will actively participate in its functions.

The Regional Office (RO) will act as the liaison between ESSD and the DEO and will ensure that the RAP is implemented as planned. Specific activities of the RO are:

- a) Monitor the RAP implementation and fund disbursement;
- b) Submit the monthly progress reports to ESSD;
- c) Monitor payments to PAPs;
- d) Monitor assistance provided to the poor and vulnerable households; and
- e) Address grievances filed by the PAPs for speedy resolution.

The RIC shall be composed of representatives from the RO and DEO, the City/Municipal, the NCIP provincial and/or regional office, affected barangays, and PAPs with separate representation for IP/ICC communities affected by the project.

Selection of these ICC/IP representatives shall follow the procedures of the NCIP. Its functions are:

- a. Assist the DPWH staff engaged in resettlement activities in (i) validating the list of PAPs; (ii) validating the assets of the PAPs that will be affected by the project (using a prepared compensation form); and (iii) monitoring and implementing the RAP;
- b. Assist the DPWH and NCIP staff in identifying who among the PAPs are IPs or belong to ICCs;
- c. Assist the DPWH and staff engaged in the RAP activities in the public information campaign, public participation and consultation;
- d. Assist DPWH in the payment of compensation to PAPs;
- e. Receive complaints and grievances from PAPs and other stakeholders and act accordingly;
- f. Maintain a record of all public meetings, complaints, and actions taken to address complaints and grievances; and
- g. In coordination with concerned government authorities, assist in the enforcement of laws/ordinances regarding encroachment into the project site or ROW.

The Municipal or City RIC shall be formed through a MOU between DPWH, the concerned local government unit, with the NCIP Provincial or Regional Office.

National Commission on Indigenous Peoples (NCIP). The NCIP is the primary government agency through which ICCs/lPs can seek government assistance. The Indigenous People's Rights Act (IPRA)vests upon the NCIP the power to issue certificate of ancestral land/domain title (CALT/CADT) (IPRA, Section 44e). It has the power to issue appropriate certification as a pre-condition to the grant of permit, lease, grant or any other similar authority for the disposition, utilization, management, and appropriation by any private individual, corporate entity or any government agency, corporation, or subdivision thereof on any part or portion of the ancestral domain taking into consideration the consensus approval of the ICCs/lPs concerned.

The Local Government Unit provide legal instruments (e.g., Executive Orders, Municipal Resolutions, Memorandum Orders, etc.) that are necessary for the implementation of the RAP. LGUs shall (i) provide the necessary land for relocation purposes, (ii) cooperate with UPMO to form and mobilize RIC to direct and oversee implementation and monitor RAP implementation, and (iii) address issues, grievances and complaints as indicated in the GRM section of this document.

11 POSSIBLE RESETTLEMENT SITE

There are 96 PAPs whose houses and houses-cum-shops will be fully affected. Under Section. 16. Eligibility Criteria for Socialized Housing Program Beneficiaries of the Republic Act No. 7279 – To qualify for the socialized housing program, a beneficiary must be:

- a. Must be a Filipino citizen;
- b. Must be an underprivileged and homeless citizen, as defined in Section 3 of this Act;
- c. Must not own any real property whether in the urban or rural areas; and
- d. Must not be a professional squatter or a member of squatting syndicates.

If relocation is necessary to be undertaken during the implementation of the project, the Municipality of Sumilao committed to provide a land dedicated to affected households. The other LGUs are still determining the location of their relocation sites. Table 11-1shows the proposed relocation sites with the corresponding land areas.

Table 11-1. Proposed Relocation sites of the Affected Cities and Municipalities

| Municipality/City | Location | Land Area |
|------------------------|--------------------------------------------------------------------------|---------------------------|
| Tagoloan | To be determined | To be determined |
| City of Cagayan de Oro | To be determined | To be determined |
| Manolo Fortich | To be determined | To be determined |
| | NHA – Sumilao Resettlement Project 1 in Purok 4, Barangay Kisolon | 1.5 hectares (136 units) |
| Sumilao* | NHA – Sumilao Resettlement Project 2 in Purok 5, Barangay San Vicente | 1.58 hectares (59 units) |
| | Zubiri – Villo Paglaum Village, Purok 2, Barangay Poblacion | 2.05 hectares (100 units) |
| Impasug-ong | To be determined | To be determined |
| City of Malaybalay | To be determined | To be determined |

Note: * Relocation sites in Sumilao are already developed while social infrastructure facilities are yet to be developed.

The figures below show the site development plan for the two (2) resettlement projects in Sumilao, Bukidnon. These 2 housing facilities were constructed by the National Housing Authority (NHA). The Sumilao Resettlement Project Phase 1 has an area of 1.5 ha with 136 residential lots while Sumilao Resettlement Project Phase 2 has an area of 1.58 ha with 59 housing units.

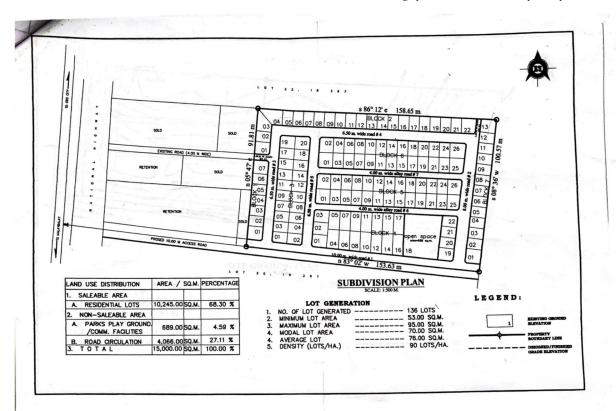

Figure 11-1. NHA Sumilao Resettlement Project Phase 1

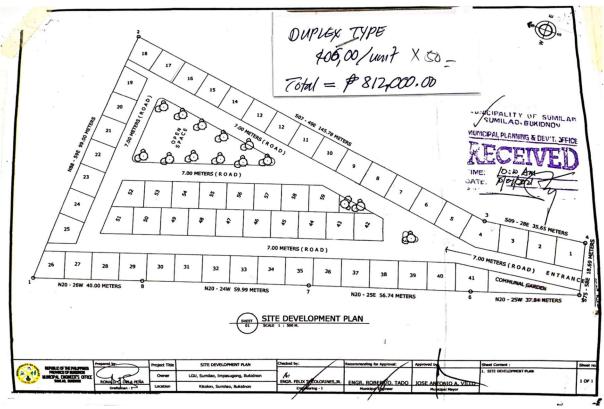

Figure 11-2. NHA Sumilao Resettlement Project Phase 2

12 IMPLEMENTATION SCHEDULE

As shown in Figure 12-1, the DPWH is expected to initiate the process of land acquisition and compensation for structures, crops and trees starting July 2023 to secure the project's ROW prior to construction. The DPWH shall ensure that ROW acquisition proceeds in close parallel with the construction schedule, making sure that land and structure owners are adequately compensated and re- established away from the construction site months ahead of the civil works implementation.

During the preconstruction stage, DPWH will update the Preliminary RAP based on result of the Feasibility Study. Once the Preliminary RAP has been updated and validated, DPWH will disclose the validated appraised value of lands, structures/improvements, crops, and trees. In addition to this, DPWH will finalize the Compensation and Entitlements Matrix, Livelihood Restoration Program cost, and number of households affected. This task shall be undertaken by the UPMO Cluster/PPPS/RO/DEO and the ESSD. If necessary, they may seek the assistance of the M/CRIC.

12.1 Overall ROW Acquisition Workflow

The IA must observe the overall workflow for the ROW acquisition process. The significant features of the DPWH ROW process include the following:

- 1. The process shall be applicable to both foreign-assisted and locally funded infrastructure projects.
- 2. The principles and general rules shall apply to all scopes of work of the project whether the project involves entirely new construction or expansion/improvement of existing infrastructure.
- 3. The IA shall ensure that adequate funds for ROW costs are provided in project budgets which are included in the DPWH infrastructure program within the budget ceilings. The appropriations shall preferably be made at least one year ahead of actual construction works.
- 4. A Pre-Feasibility Study (PFS) or Feasibility Study (FS) shall generally be conducted for each project to define, among other things, the ROW requirements. The level of detail for these studies will vary, depending on the type, size, and complexity of the project.
- 5. The IA shall formulate a ROW Action Plan (RAP) based on the PFS/FS. The RAP shall contain the description and extent of the lands, structures/improvements, and crops/trees to be acquired as ROW, the estimated costs and compensation due to the property owners and PAPs, the budget for all ROW costs including provision for inflation and contingencies, and the schedule of implementation and annual funding requirements.
- 6. If ROW costs differ from the approved ROW budget after the Detailed Engineering Design (DED) has been finalized, a budget adjustment shall be made.
- 7. Parcellary Surveys shall be conducted for all projects in accordance with DO 187, series 2002, as amended. Parcellary Surveys, as well as the RAP preparation, shall be undertaken at least one year ahead of the scheduled construction works.
- 8. The determination of PAPs and affected improvements shall be based on the cut-off date, which is the start of the census of PAPs and tagging for improvements.

- 9. Where feasible, the first mode of acquisition shall be to request donation from the property owner.
- 10. If donation is not feasible, negotiated sale for the acquisition of the property shall be pursued based on the provisions of RA 10752 and its IRR as prescribed in this Manual. Hence, the first and final price offer shall be the sum of: (i) the current market value of the land, (ii) the replacement cost for structures and improvements, and (iii) the current market value of the crops and trees.
- 11. To determine the appropriate price offer for negotiated sale, the IA may engage a GFI or IPA.
- 12. If, within 30 days, the owner does not accept the price offer under negotiated sale, the IA may initiate expropriation proceedings with the appropriate court.
- 13. It is the responsibility of the IA to obtain and validate all necessary documents for ROW claims.
- 14. Prior to payment, ROW claims shall be screened, fully verified and validated, and the supporting documents authenticated in accordance with the checklist of DPWH.
- 15. Valid claims for all lands, structures and other improvements shall be paid in full in accordance with government rules and regulations. For negotiated sale, the IA shall remit to the BIR the Capital Gains Tax (CGT), for the account of the owner, to be deducted from the Total Price or compensation indicated in the Deed of Absolute Sale (DAS). The IA shall remit to the LGU concerned any unpaid Real Property Taxes of the owner, to be deducted from the consideration or Total Price in the DAS. The IA shall pay the Documentary Stamp Tax (DST) to the BIR, the Transfer Tax to the Provincial/City Treasurer, and the Registration Fees to the Register of Deeds, to be funded from appropriate funds of the IA outside the said compensation or Total Price in the DAS.

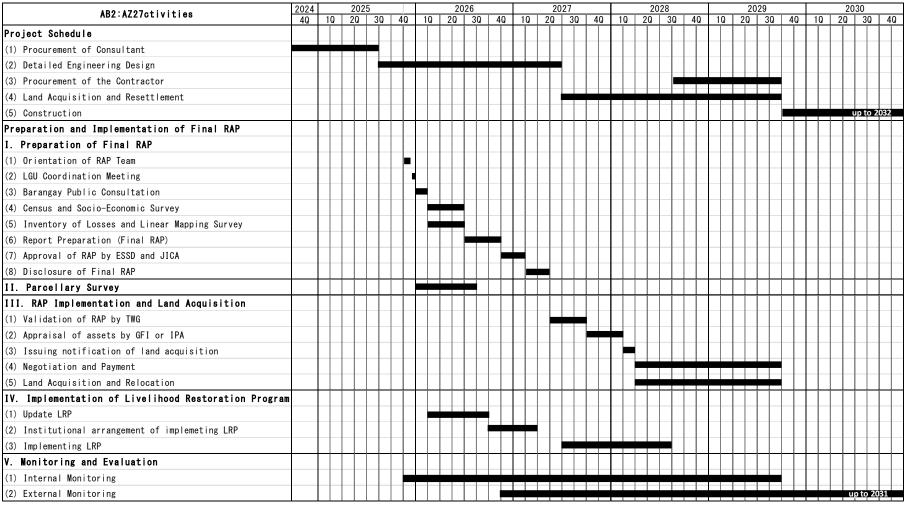

Figure 12-1. Implementation Schedule

12.2 Next Steps

After completion of the Feasibility Study, the following activities will be undertaken with their corresponding timelines:

o First Disclosure: -April 2024

o Parcellary Survey: -July to December 2024 o Updating of RAP: -August 2024 to March 2025 o Formulation of MRIC: -October to December 2024

o Disclosure of updated RAP: -June 2025 o Notification of PAPs: -July 2025

o Compensation: -July 2025 to June 2026

o Relocation and Resettlement: -July 2025 to September 2026

o Income Restoration: -July 2025

o Detailed Design: -2nd Quarter 2024 to 2nd Quarter 2025

o ROW Acquisition: -July 2025 to December 2026 o Construction/Civil Works: -1st Quarter 2027 onwards

Monitoring and Evaluation

o Internal Monitoring: -1^{sth} Quarter 2026 onwards o External Monitoring: -2nd Quarter 2026 onwards

13 BUDGET

The total cost for the implementation of the RAP for the CMHSHCP (CDO-Malaybalay Section) is estimated at PhP 1,303,267,200 (USD 22,944,845). The budget includes costs for acquisition of land and non-land assets, relocation and resettlement assistance including livelihood programs to PAPs/PAHs, and utility relocation, among others.

The estimated RP Implementation Cost is provided in Table 13-1. The summary of cost budget estimate for affected lands, structures, crops, and trees is presented in Appendices 1-4.

Table 13-1. Estimated RAP Implementation Cost

| Kind of Affected Assets | | | Section 1 (JICA | .) | Sections 2-5 (ADB) | | | Total | |
|--------------------------------------------------------------------------------|----------------|---------|-------------------|------------------|--------------------|-----------------|------------------|-----------------|-----------------|
| | | Total | Amount (PhP) | Amount (USD) | Total | Amount (PhP) | Amount (USD) | Amount (PhP) | Amount (USD) |

| Administrative Costs (5% of Direct Costs: 1-7) | | | 21,434,384 | 377,366 | | 31,570,327 | 555,816 | 53,004,711 | 933,182 |
| Cost contingencies (10% of Direct Costs: 1-7) | | | 42,868,769 | 754,732 | | 63,140,653 | 1,111,631 | 106,009,422 | 1,866,363 |
| TOTAL | | | 527,306,417 | 9,283,564 | | 775,960,784 | 13,661,281 | 1,303,267,200 | 22,944,845 |

Note: 1 USD = PhP 56.80

13.1 Preliminary ROW Cost Estimates for Land

The compensation offer will be at current market value at the time of taking. DPWH will pay, for the account of the PAP, the capital gains tax, documentary stamp tax, transfer tax, and registration fee. The property owner will pay any unpaid real property tax.

Other modes of compensation will be explored when feasible, such as land swap (exchange or barter) for a new parcel of land on a value-for-value basis. The owner of the property needed for ROW of a national government project may request the DPWH to exchange or barter an old, abandoned road or other government property near the project with his property.

Holders of Certificates of Land Award (CLOA) granted under Comprehensive Agrarian Reform Act will be compensated at current market value at the time of land acquisition. In case of lands granted through Commonwealth Act No 141, otherwise known as "The Public Land Act", the Project will:

- 1) Follow modes of acquisition enumerated in RA 10752, if the landowner is not the original patent holder and any previous acquisition of said land is not through a gratuitous title; or
- 2) Follow the provisions under CA No. 141, as amended, regarding the acquisition of ROW on patent lands is the original patent holder or the acquisition of the land from the original patent holder is through a gratuitous title

The cost for land compensation is computed at:

Current Market Value of Land²²

Based on the inventory, $3,943,800 \text{ m}^2$ of land belonging to 352 PAPs will be subject to valuation and eventual compensation. The total value therefore of is **PhP 847,966,900** for the 405 parcels of land as shown in Volume 2- Appendix 2a.

Transaction costs for land acquisition, based on the Bureau of Internal Revenue (BIR) and Land Registration Authority (LRA) schedule of fees, shall be shouldered by DPWH as follow:

- 1. Capital Gains Tax²³ (6%)
- 2. Documentary Stamp Tax²⁴ (1.5%)
- 3. Transfer Tax²⁵ (50% of 1%)
- 4. Registration Fee²⁶

²² To be prepared by an independent property appraiser (IPA) accredited by either (1) the Bangko Sentral ng Pilipinas (BSP) or (2) a professional association of appraisers recognized by BSP.

²³ Capital Gains Tax: equivalent to 6 percent of the selling price on the Deed of Sale or the zonal value, whichever is higher

²⁴ Commonly set at 1.5 percent of the selling price, or its zonal value or fair market value, depending on which is higher

²⁵ Transfer Tax (Local Treasurer's Office): this is tax is imposed on the sale, barter, or any other mode of transferring of ownership or title of real property, at the maximum rate of 50 percent of 1 percent of a property's worth.

²⁶ LRA Circular No. 11-2020, Schedule of Fees.

Final cost for land, therefore, is **PhP 932,125,752**. The owner, however, will pay any unpaid real property tax.

13.2 Preliminary ROW Cost Estimates for Structures and Improvements

The replacement cost of a structure or improvement affected by the project per IRR of RA 10752 is based on the current market prices of materials, equipment, labor, contractor's profit and overhead, and all other attendant costs associated with the acquisition and installation of a similar asset in place of the affected asset. If the affected structure has been damaged, then the Replacement Cost shall be based on the pre-damaged condition of that structure. The Replacement Cost of the structure may vary from the market value of the existing structure since the structure that would replace it may have a different cost at current market price. The replacement structure must perform the same functions and meet the performance specifications as the original structure. The following thus applies:

- 1) Cash compensation at replacement cost for the affected structures belonging to the government or non-governmentagencies or the community.
- 2) Cash compensation to cover the cost of reconnecting damaged facilities, such as water, power, and telephone lines.

The replacement cost shall be composed of the Estimated Direct Cost (EDC) and the Estimated Indirect Cost (EIC) of the replacement structure to be finalized by the IPA and validated by DPWH.

The EDC²⁷ consists of the following:

- 1. Current market cost of materials to be used in doing the work item called for, which shall include the following:
 - a. Cost at source including processing, crushing, stockpiling, loading, royalties, local taxes, construction and/or maintenance of haul roads, etc.;
 - b. Expenses for hauling to project site;
 - c. Handling expenses;
 - d. Storage expenses; and
 - e. Allowance for waste and/or losses, at five percent (5%) of materials requirement.
- 2. Current market cost of labor to be used for:
 - a. Salaries and wages, within the limits authorized by the Department of Labor and Employment; and
 - b. Fringe benefits, such as vacation and sick leaves, benefits under the Workmen's Compensation Act, Social Security System (SSS) contributions, allowances, 13th month pay, bonuses, etc.

²⁷ DPWH ROW Acquisition Manual

3. Equipment Expenses:

- a. Rental of equipment usually based on the current Associated Construction Equipment Lessors, Inc. (ACEL) rental rates. For simple computation, the operated rental rates are preferred to the bare rental rates as the former includes operator's wages, fringe benefits, fuel, oil, lubricants and equipment maintenance.
- b. Mobilization and demobilization at one percent (1%) of the EDC of the civil works items.

Cost for Permits and Clearances, e.g Building Permit.

The EIC²⁸ comprised of the following based on accepted construction industry practices:

- 1. Overhead Expenses not exceeding eight percent (8%) of the EDC, which include the following, as applicable:
 - a. Engineering and Administrative Supervision, including expenses for office equipment and supplies, power and water consumption, communication and maintenance;
 - b. Transportation allowances;
 - c. Premium on Contractor's All Risk Insurance, where necessary; and
 - d. Financing Cost, e.g., premium on bonds.
- 2. Contingencies and Miscellaneous not exceeding four percent (4.0%) of the EDC. These include expenses for unforeseen events and other activities.
- 3. Contractor's Profit Margin not exceeding eight percent (8%) of the EDC for projects with an EDC of more than PhP 5 million and ten percent (10%) for projects with an EDC of PhP 5 million and below.
- 4. Value Added Tax (VAT) Component in accordance with law, five percent (5%) in the case of a property owned by a government agency, or twelve percent (12%) in the case of a property owned by a private party, of the sum of the EDC, Overhead, Contingencies, Miscellaneous, and Profit.

The replacement cost for structures is computed at:

Estimated Direct Cost + Estimated Indirect Cost = Total Replacement Cost²⁹

A total of 298 structures owned by 168 PAPs will be affected of which 99 are residential structures, one (1) residential-commercial, three (3) purely commercial and 195 other improvements. The total replacement cost of **PhP 53,780,139**.

²⁸ DPWH ROW Acquisition Manual

⁻

²⁹ For houses, buildings, and other structures, estimates must be based on Section 6.6 of the IRR for RA10752 (DPWH DO No. 197, series of 2016)

13.3 Preliminary ROW Cost Estimates for Crops and Trees

The following applies in compensation for affected crops, fruit trees, and perennials:

- 1) Cash compensation for perennials at current market value;
- 2) Compensation for damaged crops (e.g., rice and corn) at current -market value at the time of taking (compensation will be based on the cost of production per hectare pro-rata to the affected area); and
- 3) Cash compensation for fruit trees will'[0 be based on current market value.

PAPs will be given sufficient time to harvest crops on the subject land. The total cost for trees and crops is computed at:

Forest Charges Rates and or Schedule of Market Values³⁰

A total of 9,815 trees and 2,571,526 m² of crops will be affected with a total market value of PhP 120,051,751.

13.4 Preliminary ROW Cost Estimates for Other Entitlements

The project shall also extend assistance and other entitlements to PAPs who will experience additional hardship due to displacement are eligible for the following:

- 1) Rehabilitation assistance shall be in the form of skills training and other development activities with the value of up to PhP 15,000 will be provided in coordination with other government agencies.
- 2) Inconvenience allowance. Inconvenience allowance for severely affected PAHs where the landowner who owns a house within the affected land needs to move elsewhere in the amount equivalent to PhP 10,000 per household.
- 3) Support and/or maintain access to government welfare programs.
- 4) Inclusion in the Livelihood Improvement Program.

DPWH shall coordinate through the local governments and link PAPs with other agencies concerned about livelihood support (e.g., TESDA, DSWD, etc.) for skills training and development assistance.

13.5 Preliminary ROW Cost Estimates for Resettlement Site Development

During the conduct of public consultation and census, it was explained thoroughly and in their local language, the policy and process of the government on involuntary resettlement. As a national policy, involuntary resettlement should be avoided where feasible by the government. Where population displacement is unavoidable, it should be minimized by exploring all viable project options. People unavoidably displaced should be compensated and assisted, so that their economic and social future would be generally as favorable as it

³⁰ Current Market Values of the of the following entities: DA, PCA, DENR, DOF and LGU-Assessor's Office.

would have been in the absence of the project. Lastly, the PAPs should be fully informed and consulted on resettlement and compensation options.

Based on the census, there are a total of 96 PAHs whose residential structures (99) and residential-commercial structures (1), and (3) purely commercial structures will be affected by the project.

Based on the 2020 Updated Building Cost of National Housing Authority (NHA) Standard Housing Models, the cost for the following housing units in Region X are shown below:

- 1) Rowhouse for PWD (26 m^2) = PhP 475,250
- 2) Rowhouse with storage space (26 m^2) = PhP 461,000
- 3) Rowhouse Mandamus (26 m^2) = PhP 438,700
- 4) Rowhouse Mandamus/Yolanda (33 m²) = PhP 470,700
- 5) Rowhouse with storage space Mandamus (33 m^2) = PhP 475,200
- 6) Rowhouse (36 m^2) = PhP 530,250
- 7) Rowhouse with rainwater collector (36 m^2) = PhP 540,800
- 8) Single attached with loft (36 m^2) = PhP 602,350
- 9) Duplex (42 m^2) = PhP 769,200

The cost for rowhouses (36 m²) amounting to PhP 530,250 was used in the computation of Relocation and Resettlement budget (See Appendix 7). The selected house model was chosen since it is in between the smallest and biggest house models and can provide decent housing for the PAPs.

14 MONITORING AND EVALUATION

The main objective of monitoring the implementation of the RAP is to determine whether these RAP including livelihood restoration program is carried out in accordance with the Resettlement Policy. It involves the monitoring of land acquisition, payment of compensation for lost assets and resettlement of severely PAPs, and livelihood restoration. The key points for monitoring are but not limited to the following:

- 1) Payment of compensation to all PAPs in various categories, according to the compensation policy described in the RAP;
- 2) Delivery of livelihood restoration and social support entitlements;
- 3) Public information dissemination and consultation procedures;
- 4) Adherence to grievance procedures and outstanding issues requiring management's attention;
- 5) Priority of PAPs regarding the options offered;
- 6) The benefits provided from the project; and
- 7) Level of livelihood restoration

14.1 Supervision and Internal Monitoring

The DPWH Environmental and Social Safeguards Division (ESSD) shall conduct the supervision and in-house monitoring of RAP implementation.

The tasks of the Internal Monitoring Agency (IMA) are to:

- 1) Regularly supervise and monitor the implementation of the RAP including livelihood restoration program in coordination with the concerned DPWH RMC1-UPMO, the Resettlement Implementation Committee and other concerned authorities. The findings will be documented in the quarterly report to be submitted to the to the JICA.
- 2) Verify that the re-inventory baseline information of all PAPs has been carried out and that the valuation of assets lost or damaged, the provision of compensation and other entitlements, and relocation if there is any has been carried out in accordance with the RAP Policy and the RAP Report.
- 3) Supervise that the RAP is implemented as designed and approved.
- 4) Verify that funds for implementing the RAP is provided by the RMC1-UPMO in timely manner and in amounts sufficient for the purpose.
- 5) Record all grievances and their resolution and ensure that complaints are dealt with, in timely manner.

14.2 External Monitoring and Evaluation

An External Monitoring Agent (EMA) is a third-party evaluator and shall do the external monitoring and evaluation. The EMA for this Projects is a consultancy firm with qualified and experienced staff with Terms of Reference acceptable to the DPWH and JICA. Also, the EMA shall be responsible for the monitoring of the implementation of the IPP under this project. The UPMO is responsible for the engagement of the EMA; ensures that funds are

available for the monitoring activities both for the EMA and IMA; and submits EMA's and IMA's Monitoring Reports to the JICA.

The external monitoring is to provide an independent periodic review and assessment of (i) achievement of resettlement objectives; (ii) changes in income, living standards and livelihoods; (iii) restoration and/or improvement of the economic and social base of the affected people; (iv) effectiveness and sustainability of entitlements; and (v) the need for further mitigation measures.

The tasks of the EMA are the following:

- 1) Verify results of internal monitoring;
- 2) Verify and assess the results of the information campaign for PAPs rights and entitlements,
- 3) Verify that the compensation process has been carried out with the procedures communicated with the PAPs during the consultations;
- 4) Assess whether resettlement objectives have been met; specifically, whether livelihood and living standards have been restored or enhanced;
- 5) Assess efficiency, effectiveness, impact and sustainability of RP implementation drawing lessons as a guide to future resettlement and indigenous people's policy making and planning;
- 6) Ascertain whether the RAP entitlements were appropriate to meet the objectives, and whether the objectives were suited to PAPs conditions;
- 7) Suggest modification in the implementation procedures of the RAP if necessary, to achieve the principles and objectives of the RAP Policy;
- 8) Review on how compensation rates were evaluated; and
- 9) Review of the handling of compliance and grievances cases.

The services of the EMA will be procured through selection process of DPWH. Relative to compliance monitoring during resettlement implementation, the main activities of external monitoring will revolve around the following:

- 1) Verify whether the overall project and resettlement objectives including livelihood restoration are being met in accordance with the RP, and if not, suggest corrective measures;
- 2) Assess the extent to which implementation of the social safeguards document/plan complies with JICA's Policies;
- 3) Identify problems or potential problems;
- 4) Identify methods of responding immediately to mitigate problems and advise the DPWH accordingly; and;
- 5) Verify if the livelihoods and the standard of living of PAPs, including those displaced persons with no legal titles, are restored or improved.

14.3 Stages and Frequency of Monitoring

The stages and monitoring frequency of the contract packages by the IMA and EMA as follows:

14.3.1 Internal Monitoring

This is the first activity that shall be undertaken to determine whether the RAP was carried out as planned and according to Right of Way Acquisition Policy.

14.3.2 External Monitoring

The EMA will be required to conduct a year-end monitoring of RAP implementation activities. The EMA will prepare and submit an annual report, 15 days after the reporting period.

14.3.3 Final Evaluation

Final evaluation of the implementation of RAP will be conducted three months after the completion of payments of compensation to PAPs and three months after completion of RAP (i.e. completion of land acquisition, involuntary resettlement, livelihood restoration program).

14.3.4 Post- Evaluation

This activity will be undertaken a year after the completion of the project, to determine whether the social and economic conditions of the PAPs after the implementation of the project have improved. This will be led by a third-party evaluator.

14.4 Schedule of Implementation of RAPs and Monitoring

The RMC1-UPMO in coordination with the ESSD shall establish a schedule for the implementation of RAPs and the required monitoring considering the project's implementing schedule. It is expected that one month prior to the start of the RAP implementation, all RAP-related activities have been determined by the IMA and EMA.

The internal and external monitoring will be conducted every month and end of the year, respectively.

14.5 Reporting

The EMA is accountable to the RMC1 UPMO and reports to the ESSD. The UPMO RMC1 submits copy of EMA's and IMA's Reports to JICA.

14.6 Monitoring Indicators

Table 14-1. Monitoring Indicators

| | Monitorin Indicators | _ | Basis for Indicators | | |
|-----|-------------------------|---------|----------------------------------------------------------|--|--|
| Fo | r the Interna | l Monit | oring (IMA) | | |
| 1. | Budget | and | ☐ Have all land acquisition and resettlement staff been | | |
| tin | neframe | | appointed and mobilized for the field and office work on | | |
| | | | schedule? | | |

| Monitoring Indicators | Basis for Indicators |
|----------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | Have capacity building and training activities been completed on schedule? Are resettlement implementation activities being achieved against the agreed implementation plan? Are funds for resettlement being allocated to resettlement agencies on time? Have resettlement offices received the scheduled funds? Have funds been disbursed according to the RAP? Has the social preparation phase taken place as scheduled? Has all land been acquired and occupied in time for project implementation? |
| 2. Delivery of Compensation and Entitlements | Have all AFs received entitlements according to numbers and categories of loss set out in the entitlement matrix? Have AFs received payments for <u>affected structures and lands</u> on time? Have AFs losing from temporary land ROW been approached? |
| | compensated? Have all received the agreed transport costs, relocation costs, income substitution support and any resettlement allowances, according to schedule? Have all replacement land plots, or contracts been provided? Was the land developed as specified? Are measures in train |
| | to provide land titles to PAHs? How many PAHs opted to donate their land to the government? |
| | ☐ How many PAHs did not receive payment because their title is covered by the provisions of Sec. 112 of CA 141? |
| | How many landholdings were subjected to quit claim? Easement? How many PAHs resorted to expropriation? |
| | How many PAH households have received land titles?How many PAHs have received housing as per relocation options in the RAP? |
| | Does house quality meet the standards agreed? Have relocation sites been selected and developed as per agreed standards? |
| | Are the PAHs occupying the new houses?Are assistance measures being implemented as planned for host communities? |
| | ☐ Is restoration proceeding for social infrastructure and services? |

| Monitoring Indicators | Basis for Indicators |
|------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | ☐ Are the PAHs able to access schools, health services, cultural sites, and activities at the level of accessibility prior to resettlement? |
| | ☐ Are income and livelihood restoration activities being implemented as set out in income restoration Plan? For example, utilizing replacement land, commencement of production, numbers of PAHs trained and provided with jobs, micro-credit disbursed, number of income generating activities assisted? |
| | ☐ Have affected businesses received entitlements including transfer and payments for net losses resulting from lost business and stoppage of production? |
| 3. Public Participation and Consultation | ☐ Have consultations taken place as scheduled including meetings, groups, and community activities? Have appropriate resettlement leaflets been prepared and distributed? |
| | ☐ How many PAHs know their entitlements? How many know if they have been received? |
| | ☐ Have any PAHs used the grievance redress procedures? What were the outcomes? |
| | □ Have conflicts been resolved? |
| | □ Was the social preparation phase implemented? |
| | ☐ Was separate consultation done for indigenous peoples? |
| | ☐ How was the participation of IP women and children? |
| | Were they adequately represented? |
| | Were special measures for indigenous peoples implemented? |
| 4. Benefit Monitoring | □ What changes have occurred in patterns of occupation, production and resources use compared to the pre-project situation? |
| | □ What changes have occurred in income and expenditure patterns compared to pre-project situation? What have been the changes in cost of living compared to pre-project situation? Have PAHs' incomes kept pace with these changes? |
| | □ What changes have taken place in key social and cultural parameters relating to living standards? |
| | What changes have occurred for vulnerable groups? |
| | ☐ Has the situation of ICCs/IPs improved, or at least maintained, because of the project? |
| | ☐ Are IP women reaping the same benefits as IP men? |
| | ☐ Are negative impacts proportionally by IP men and women? |
| For the External Moni | toring (EMA) |

| Monitoring Indicators | | Basis for Indicators |
|--------------------------|---|------------------------------------------------------------------------------------------|
| 1. Basic information | | Location |
| on PAP households | | Composition and structures, ages, education, and skill levels |
| | | Gender of household head |
| | | Ethnic group |
| | | Access to health, education, utilities, and other social |
| | | services |
| | | Housing type |
| | | Land use and other resource ownership patterns |
| | | Occupation and employment patterns |
| | | Income sources and levels |
| | | Agricultural production data (for rural households) |
| | | Participation in neighborhood or community groups |
| | | Access to cultural sites and events |
| | | Value of all assets forming entitlements and resettlement entitlements |
| 2. Restoration of | | Were house compensation payments made free of |
| living standards | | depreciation, fees, or transfer costs to the PAP? |
| | | Have PAHs adopted the housing options developed? |
| | | Have perceptions of "community" been restored |
| | | Have PAHs achieved replacement of key social cultural |
| | | elements? |
| 3. Restoration of | | Were compensation payments free of deduction for |
| Livelihoods | | depreciation, fees, or transfer costs to the RAP? |
| | | Were compensation payments sufficient to replace lost assets? |
| | | Was sufficient replacement land available of suitable standard? |
| | | Did transfer and relocation payments cover these costs? |
| | | Did income substitution allow for re-establishment of |
| | | enterprises and production? |
| | | Have enterprises affected received sufficient assistance to re- establish themselves? |
| | | Have vulnerable groups been provided income-earning |
| | _ | opportunities? Are these effective and sustainable? |
| | | Do jobs provided restore pre-project income levels and |
| | _ | living standards? |
| 4. Levels of PAP | | How much do AFs know about resettlement procedures and |
| Satisfaction | | entitlements? Do PAHs know their entitlements? |
| | | Do they know if these have been met? |
| | | How do PAHs assess the extent to which their own living |
| | | standards and livelihood been restored? |
| | | How much do PAHs know about grievance procedures and |
| | | conflict resolution procedures? How satisfied are those who |
| | | have used said mechanisms. |

| Monitoring Indicators | Basis for Indicators | | | |
|--------------------------|---------------------------------------------------------------|--|--|--|
| | | | | |
| 5. Effectiveness of | Were the PAHs and their assets correctly enumerated? | | | |
| Resettlement | Were any land speculators assisted? | | | |
| Planning | Was the time frame and budget sufficient to meet objectives? | | | |
| | Were entitlements too generous? | | | |
| | Were vulnerable groups identified and assisted? | | | |
| | How did resettlement implementers deal with unforeseen | | | |
| | problems? | | | |
| 6. Other Impacts | Were there unintended environmental impacts? | | | |
| | Were there unintended impacts on employment or incomes? | | | |
| 7. IP Indicators | Are special measures to protect IP culture, tradition | | | |
| | resources rights, and resources in place? | | | |
| | How are these being implemented? | | | |
| | Are complaints and grievances of affected IPs/ICCs being | | | |
| | documented? | | | |
| | Are these being addressed? | | | |
| | Did the project proponent respect customary law in dispute | | | |
| | resolution process, in the conduct of public consultation, in | | | |
| | IPAP and MOA implementation? | | | |

15 CONSULTATION

15.1 Preliminary Activities

Prior to the public consultation, an orientation meeting with the RAP Consultant Team was conducted with the representatives from the DPWH – ESSD. The consultation meeting was conducted through Zoom application which was organized by the Study Team. This is in view of the difficulty to be physically present due to the present predicament caused by this COVID 19 Pandemic.

The objective of the meeting is to orient the RAP Study Team to have a common understanding on the laws and policies of the DPWH pertaining to acquisition of right of way. The presentation was also done so that the RAP Study Team will have an idea on the salient provisions of the DPWH polices that should be presented during the local public consultation with the project stakeholders on the ground.

15.2 Review of Previous Studies, Plans and Design Standards

Initial data gathering and review of scope of services, previous studies, plans and design standards were undertaken by the Study Team. Among the initial data gathered and reviewed by the Study Team were the socioeconomic profiles of the affected cities and municipalities, Google maps of the road alignment, construction materials price data, materials source, topographic maps.

Information regarding the existing condition of the project road was gathered through initial ocular inspection. Video footage and photographs were taken on areas particularly with concerns. Coordination with LGUs was done to access to the barangay level officials for the survey activities conducted.

15.3 Public Consultation Meetings

Pursuant to the operational framework for Public Participation and Consultation, all LGUs and PAPs traversed by the road project, other stakeholders and Non-Government Organization NGOs should be fully informed and consulted on resettlement and compensation options. This is to ensure that the implementation of the RAP will be done systematically in accordance with the resettlement policy of the Department.

Using the definition of DPWH of meaningful participation, it is a process that (i) begins early in the project preparation stage and is carried out on an on-going basis throughout the project cycle; (ii) provides timely disclosure of relevant and adequate information that is understandable and readily accessible to affected people; (iii) is undertaken in an atmosphere free of intimidation or coercion; (iv) is gender inclusive and responsive, and tailored to the needs of disadvantaged and vulnerable groups; and (v) enables the incorporation of all relevant views of affected people and other stakeholders into decision making, such as project design, mitigation measures, the sharing of development benefits and opportunities, and implementation issues.

In the conduct of public consultation, the following step-by-step progression of activities were undertaken:

- 1) When and where participation is required;
- 2) Who should be participating;
- 3) How they should participate; and
- 4) What results are expected of their participation.

In line with its continuing efforts to upgrade its operations and services. DPWH has recently formulated a new policy framework on land acquisition, compensation, and resettlement, herein after called "Resettlement Policy". Said framework aims to provide clear guidance and direction to the personnel of the Department in planning, design and implementation of the projects DPWH undertakes. Specifically, the resettlement policy underscores the importance of getting PAPs informed about the project and, more importantly, getting their actual and active involvement in the planning and implementation.

15.3.1 Objective of the Consultation

Providing adequate information to affected communities and stakeholders reduces the potential for conflicts, minimizes the risk of project on communities and enable resettlement and compensation a comprehensive development programme.

In Specific terms, public consultation sought to achieve the following objectives:

- 1. Ensure accurate and transparent resettlement and rehabilitation process for PAP;
- 2. Inform stakeholders of the project activities and provide adequate information on the project, its components and its activities with affected communities;
- 3. Establish grievance and effective complaints mechanism on the project;
- 4. Obtain cooperation and support of the PAPs;
- 5. Inform the PAPs and the communities about various options of resettlement and compensation; and
- 6. Obtain vital information about the needs and priorities of affected settlements.

15.3.2 Public Consultation Proceedings

To ensure wider participation, particularly among the Barangays and potential stakeholders, letters of invitation were sent to notify the respective Barangay officials for the conduct of public consultation. Attached to the letter of invitation are the location map and project description to apprise them on the location of the project. The consultation meetings were conducted in the four (4) municipalities and two (2) cities in the Provinces of Misamis Oriental and Bukidnon.

The public consultations were conducted with the LGUs, PAPs and Non-Government Organization (NGOs) as participants. The meeting was designed to present and inform the stakeholders on the Land Acquisition Resettlement Rehabilitation and Indigenous Peoples Policy (LARRIPP) of the DPWH as per RA 10752, Legal Framework for Infrastructure Right-

of-Way (ROW) Acquisition and Management and other Provisions of the Road Right of Way Act (RA 10752). Highlighted, during the public consultation and discussed clearly are the modes and process of acquisition for affected properties. During the meeting, the team informed the stakeholders that the RAP team will be conducting socioeconomic survey and inventory of affected assets after the consultations in all municipalities traverse by the project.

Further, the team requested permission to enter their premises to conduct the survey/ assessment and informed the affected households on the cut off dates.

15.3.3 Consultation and Participation

The formulation of the RAP has been achieved through close collaboration and consultation with the LGUs of Cagayan de Oro City, Tagoloan, Manolo Fortich, Sumilao, Impasug-ong, and Malaybalay City.

The consultation meeting aimed to:

- a) Provide background on the project titled "Central Mindanao High Standard Highway Construction Project (Cagayan De Oro Malaybalay Section)"
- b) Provide background on the Road Right of Way Act (RA 10752), and the DPWH Policies and Process on Road Right of Way Acquisition.
- c) Provide an avenue to solicit inputs, comments, suggestions, and recommendations from the local stakeholders.
- d) Provide project updates to the stakeholders including the formation of the RAP Implementation Committee (RIC).

There were a series of consultation meeting conducted by the study team from March to April 2021. The first meeting was with representatives from DPWH-Central Office. The objective of the meeting was to orient the RAP Study Team to have a common understanding on the laws and policies of the DPWH pertaining to acquisition of right of way. The meeting was also done so that the RAP Study Team will have an idea on the salient provisions of the DPWH polices that should be presented during the local public consultation with the project stakeholders on the ground.

Table 15-1 to Table 15-4 summarized the meetings undertaken by the CMHSHCP Consultant Team together with DPWH-CO staff. Appendix 5 shows the highlights of the series of public consultation meetings.

| 7. Impasug-ong Coordination/ Consultation Meeting | 29 March 2021 | Face to Face | Department heads of Impasug-ong LGU, DPWH Region X Representative, and RAP Team Total number of LGU attendees is 10 (2 females and 8 males) |

Following to LGUs Coordination/Consultation Meeting, 1st Barangay Public Consultation Meetings were held with the schedule in Table 15-2 targeting possible PAPs with the purpose of sharing information on the project outline as well as the RAP survey outline. Consultation meetings at the barangay level were announced to PAPs with the following method.

- ▶ DPWH issued a letter to LGUs requesting to support for holding consultation meetings.
- ➤ LGUs requested the assistance of the affected barangays through barangay captains.
- ➤ Barangay captains directly instructed respective barangay counsellor to visit PAPs to inform the date and venue of consultation meetings.

Adequate arrangement, such as allocation of female staff at the consultation venue and an opportunity for participants to submit their questions or comments after the consultations was considered to secure environment where every participant could raise their issue without hesitation.

Table 15-2. 1st Barangay Public Consultation Meeting

| Barangay Public Consultation Meeting | Date | Venue | Remarks |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------|--------------|--------------------------------------------------------------|
| 1. Cagayan de Oro City, Barangay Puerto | 14 April 2021 | Face to Face | 35 PAPs attended the Meeting (22 females and 13 males) |
| Barangay Bugo | 24 April 2021 | Face to Face | 14 PAPs attended the Meeting (2 females and 12 males) |
| Barangay Balubal | 04 May 2021 | Face to Face | 16 PAPs attended the Meeting (5 females and 11 males) |

| | | | Application |

The 2nd public consultation meetings were conducted at the PAPs levels from August 17-19, 2022. The announcement approach was same as the 1st Barangay Public Consultation Meetings. The letters of invitation from DPWH to the LGUs were sent at least two (2) weeks before the conduct of the meeting. On the other hand, the LGUs also informed the PAPs through sending invitation letters. In addition, the same arrangement as that used in the 1st Barangay Public Consultation Meeting was applied to ensure comments and questions from all participants without hesitation.

|---------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| w PA ar or yo | appose there are areas with a minimal number of APs. In that case, there are five (5) or 10 PAPs in the or two barangay. Can be consider one public onsultation meeting? | Senior Environm ental Managem ent Specialist (DPWH- ESSD) | The RAP Team Coordinator narrated that this is the first plan is to combine two barangays during the PCM; however, this will be confirmed during the LGU Consultation Meeting. She further explained that upon confirmation of the proximity and possible number of PAPs, the PCM schedule might be shortened or might be prolonged. |
| ar cc av | SSD suggested making trangements before the purtesy call to ensure the vailability of the LGUs layor concerned offices. | Senior Environm ental Managem ent Specialist (DPWH- ESSD) | The RAP Team Coordinator explained that letter prepared by the Consultant be signed at once by the Team Leader. The DPWH still has enough time to prepare an endorsement letter endorsing the RAP Team to all concerned Regional/DEO and LGUs Offices. This letter can be sent through facsimile or email before our courtesy call and LGUs Consultation Meeting. |
| Cagayan | de Oro City Coordination | /Consultati | |
| pe th fre | Tho will be those affected eople? Who will pay for the compensation? Is it om the local or national adget? | City Engineeri ng Office, CDO | The RAP Team Coordinator responded that the PAP is the local people, whose property will be traversed within the project road right-of-way. Further answered that it's a National project and the compensation will be provided from the National Fund. |
| Pı | Casinglot located in the rovince of Misamis riental? | Senior Environm ental Managem ent Specialist (DPWH- ESSD) | The RAP Team Coordinator, responded that Casinglot is located in the Province of Misamis Oriental, Municipality of Tagoloan, the starting point of the Project. |
| tra Pu go | Thy is the alignment averse in Bugo and uerto? Why not directly straight to Malaybalay ity? | Barangay Kagawad (Bugo) | The RAP Team Coordinator responded that the consultant alignment has to consider the cost impact, the IPs to be affected, the topography; engineering aspect was also being considered by the consultant. This alignment is still at the Feasibility Study stage and will also be finalized during the DED stage. |

| Question | Raised | Response |

| 1. The Barangay Administrator of Casinglot pointed to the reservoir constructed last 2018 of which will be passed through present road | Barangay Administ rator (Casinglo t) | The RAP Team Coordinator informed that the alignment is still subject for improvements to avoid and mitigate major adverse impacts of the construction project. |

| Question | Raised by | Response |
|----------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| alignment within KM 0+600 and KM 0+700. He raised whether it is possible to make realignment or not. (Please see attached google alignment). | | |
| It was emphasized by the other local officials that there are now some residential structures in the nearby vicinity of the reservoir. | | |
| 2. If the affected property is untitled, will it be compensated? | Municipa 1 Assessor (Tagoloan | The RAP Team Leader responded that the government does not pay for the lands without transferring the ownership or title. |
| 3. How about if we have only a copy tax declaration, deed of sale and paying taxes, could we paid? | | The RAP Team Coordinator answered, that need to approve the subdivision plan from the Mother Title, to process the land titling. Untitled land cannot be paid, only structures and improvement will be given compensation. |
| 4. Is there any informal settlers in barangays Casinglot and Natumolan that will be affected? | CMHSH CP Consulta nt Team | The Barangay Chairperson of Casinglot responded that there is no informal settlers in Barangay Casinglot. Most of the structures owner do not have land title. He cited that only one owner of the land has the mother title. He only sold the rights lot by lot, without giving the title, except for the rights to build the structure. |
| 5. Are there any structures/houses in Barangay Natumolan to be affected? | RAP Team Coordina tor, RASA Surveyin | Barangay Kagawad from Natumolan responded that there might not have houses to be affected, but the lot owner is a prominent person. |
| 6. A property owned by Moras (a private corporation) might be | Barangay Chairpers on | The RAP Team Leader verified in the maps that only a minor portion of Moras property will be affected. |

| suggested and gave emphasis that on the next presentation make it something that they can understand in simple language. He suggested the Team to have people that can communicate with them. So they can understand more and implication of the Project to the people | by | RAP Team to explain in local dialect the Resettlement Action Plan and Land Acquisition Plan for the local people to understand thoroughly the presentation. |
| to the people. 2. We have so many problems with projects being implemented by the DPWH Regional Office. What happens is that I am the one left to solve the problems. We had a case in San Roque side where problems arose due to road ROW where the DPWH Regional Office move the alignment 5 times and then they would say that we are delaying the projects because of so many problem. | Local Chief Executive (Manolo Fortich) | The RAP Team Coordinator cited and informed that this Project is already discussed with the DPWH and the alignment is under Feasibility Study. She cited that FS is to determine if the project is viable and beneficial to the government. The alignment under FS still preliminary. She elaborated that a year after the FS, the detailed engineering design will be undertaken, of which a more thorough study will be done. During the detailed engineering design, the final alignment will be determined. |
| The Local Chief Executive (LCE) cited, that the alignment being presented where already identified areas that might be affected, then we have already talked with the residents, but later the alignment will be revised again. These cause problems where we had encountered so many times in the past. The ongoing projects now | | |

| Question | Raised by | Response |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| are having those problems. I think this is the most important aspect that we need to address because a lot of people are reluctant already to talk with the DPWH, because of the different alignment. | | |
| 3. I just want to clarify. Will this project be implemented or if the Feasibility Study shows that it is not feasible, it will not push thru. | Local Chief Executive (Manolo Fortich) | The RAP Team Coordinator answered that from past experience, most of the projects being undertaken by JICA are all feasible, and about 90% are being implemented. When JICA starts to invest on projects, most of them are implemented until Civil Works. She elaborated, the FS is a Grant Project under JICA; hopefully, Detailed Engineering Design will also be a Grant so the expenses of government is less. This project is assisted by JICA, hopefully DED is also grant and Civil Works to be loan under JICA . The temporarily plan for Civil Works is to be started by 2023 onwards. |
| 4. The LCE informed all the Barangay Captains that this is just fund for only feasibility study and not for the whole project itself. | Local Chief Executive (Manolo Fortich) | The RAP Team Coordinator responded, it's only for Feasibility Study, not for the whole project itself. |
| 5. That is what we want to clarify. It might be that when the Barangay Officials come back to their places, they will announce that we have a new Highway. What happens, the prices of the lands go up pointing to the new Highway. These really happen, because we have many Highways. We already have a Circumferential Highway. | Local Chief Executive (Manolo Fortich) | The RAP Team Coordinator stated that this Feasibility Study is also to make people aware that sooner or later the government will also construct a new High Standard Highway. She narrated that final alignment are not sure yet. She cited, that alignment during the feasibility study is just a preliminary, that might change during the detailed design stage. |

| | Question | Raised by | Response |
|----|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | This highway that we talking now will cuts thru Sumilao. It will have major effect on places such as Culasi, Vista Villa. People might be super excited about the Project. The price of the land from 200,000 thousand per hectare become 1MP per hectare. Let us be clear about it, this is just a Feasibility Study. This is not the start of the project itself. | Local | The PAR Team Coordinator anguered |
| 6. | I also suggest that you talk to all affected companies because big portions of where you are going thru are pineapple plantations. You need to coordinate with them because those lands are under lease including Culasi, Vista Villa, San Roque, Puntian, | Local Chief Executive (Manolo Fortich) | The RAP Team Coordinator answered, that the Team will be coordinating with the Del Monte Philippines Inc. She is so thankful to the LCE for this information. |
| 7. | We want to let the LCE know that this LGUs consultation meeting is important, because some people are asking, if the Mayor know this Project. Likewise, the Barangay and local government Officials must know about the details of the Project. | Senior Environm ental Managem ent Specialist (DPWH- ESSD) | The RAP Team Coordinator responded and noted for this information dissemination about the Project. She is thankful with the LCE for attending the Consultation Meeting. |
| 8. | Another concern of the LCE based on the initial map being presented, some of the areas where the road will pass thru are mostly untitled land. | Local Chief Executive (Manolo Fortich) | The RAP Team Coordinator responded that as early at the feasibility study stage, they still have time to process the subdivision plan from the mother title, and eventually to the process the land titling. It's better for the people to be aware for future problem like this. |

| Question | Raised | Response |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 9. Specially the IPs, they considered the Tax Declaration as a Proof of ownership. This will be our problem, only tax declaration that they have, then they will not be the owner of the land. This is the problem that we need to address also. The Local government unit could be of helped, that we are going to process this tax declaration into title once we can see a very accurate map where the alignment will pass thru. We will see first who take in position within the alignment, then will going to check if they have titled or not, so that LGUs could help in the process of land titling. Also I do not want them, specially the IPs leaving in the area even without papers, they considered the land as their owned, then we will inform them that it's not their land. This will be our problem. At least if we can identify where the road pass thru, we will talk with them, who take the position, then we will help them process their paper for them to | by | The RAP Team Coordinator answered that LGUs assistance especially to the IPs to process land titling is a big help for them. She cited that CTII mentioned that the FS alignment vs. detailed design alignment will not have a big difference like one km. FS alignment to detailed design alignment is just a little bit difference. |
| acquire title. | C. · | TI DAD T C 1' (1 1 1 |
| 10. With regards to IPs to be affected, we are in coordination with NCIP for their concerns. | Senior Environm ental Managem ent | The RAP Team Coordinator responded that during actual census survey, we will also considered IPs to be affected. There will be also another process, it's an IPRA Law process to be conducted. |

| | constituents may given wrong information. | | alignment maps indicating that there are really affected segments within Barangay La Fortuna. |
| 2. | Why should we avoid Ancestral Domains areas? | Barangay Chairpers on (La Fortuna) | The RAP Team replied that the DPWH does not categorically avoid Ancestral Domains. We only introduce realignments to avoid cutting thru the Ancestral Domains. As much as possible, we adjust towards the perimeter sides of the AD areas so these areas will still be conserved. We might prepare additional plan called the Indigenous People's Plan as required under the D.O. #152. |
| Cagay | an de Oro City Coordination | n/Consultati | on Meeting (Barangay Level) |
| 1. | She asked (in local dialect) "when will we know whether we will be affected or not by the project?" | Project Affected Person | DPWH representative responded (in local dialect) that it will be confirmed during the conduct of Socioeconomic Survey and inventory of assets. |
| 2. | She asked (in local dialect) "is the alignment final already?" | Project Affected Person | The RAP Team Leader replied that the alignment at this stage is not final yet, and that it will be finalized at Detailed Engineering Design stage. He added that there will not be significant or major changes unless there is critical issue in the FS alignment. (DPWH representative explained further in local dialect). |
| 3. | She asked (in local dialect) "is it possible to adjust to the right the alignment to avoid our group of houses in Purok 7? There are no houses at the adjacent area right of the alignment. We were not able to have enough sleep since being informed that we will be affected. We do not want to be relocated. | Project Affected Person | DPWH and RASA representatives referred to the Google Earth Map for the subject portion. RASA representatives pointed that most of the existing houses are not yet indicated. The RAP Team informed the PAPs that their case will be brought to the attention of the Japanese Consultants and will surely be given consideration. |
| 4. | A PAP asked when will be the start of the Survey. | Project Affected Person | RASA representative replied that the Socioeconomic Survey and Inventory of Assets will most probably start in the first week of May. |

| Question | Raised | Response |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 5. He requested to discuss more substantially how the affected properties owners will be compensated. | Barangay Chairman | The RAP Team Coordinator referred to the slides that show how PAPs will be compensated thru Negotiated Sale. The DPWH representative in local dialect, reiterated that compensation shall be the sum of the current market value of the land, the replacement cost for structures and other improvements and the current market value of the crops and trees. |
| 6. The CMHSHCP Consultant Team requested the support of the Barangay Captain for the upcoming socioeconomic survey and inventory of asset, to be conducted most probably first week of June 2021. | CMHSH CP Consulta nt Team | The Barangay chairperson cited that he will guarantee that the Barangay Council will be always ready for any assistance relative to the proposed project. |
| 7. Sir, as caretaker what are the procedure in paying for our crops and land? | Project Affected Person | DPWH representative responded that the owner of the land will be compensated based on the current market value of land, while the owner of crops, will likewise be paid base on the current market value of crops. |
| 8. Is it possible to have the alignment along the boundary lines of the lots? | Project Affected Person | DPWH representative responded that the proposed new highway is a High Standard Highway, as much as possible, curves are minimized because the design speed will be higher. We could not follow the boundaries of lots for the alignment. |
| 9. We hope that we will not encounter difficulties in securing the requirements for transfer or payments for our lands. We are happy that we will have concrete roads but the payment we receive for our lots are not high. 10. Will it be possible to have a single office for the Road Right of Way Acquisition | Project Affected Person Project Affected Person | The CMHSHCP Consultant Team responded that the DPWH requirements are mandatory. He added that the DPWH and the Consultants will explore all possibilities to lessen the difficulties encountered by the PAPs in securing the mandatory required documents and payment for the land is based on current market value as well. The CMHSHCP Consultant Team mentioned that every concern raised will be forwarded or coordinated with the |
| so we will not need to secure required | | DPWH and the Consultants for proper actions. |

| Question | Raised by | Response |

| documents from so many offices? | | |
| 11. We are concerned because we could not contact the owners of our farmlands. For the Cagayan De Oro Diversion Project, we got no payment for our affected crops. Our farmlands have been foreclosed by the banks and there various new owners who we do not know. | Project Affected Person | The CMHSHCP Consultant Team gave assurance that for this project, they will be compensated for affected crops. |
| Tagoloan Coordination/Consultati | on Meeting | (Barangay Level) |
| 1. He expressed his concerns on whether the PAPs who did not secure land title yet will be compensated for the land they occupied aside from their structures. He said his concerns as to the stated policy where the DPWH only pays titled lots. | Project Affected Person | The CMHSHCP Consultant Team responded that the DPWH always adheres to the provisions of the law as defined under RA 10752 with regards to payment of compensation for affected properties due to ROAD ROW acquisition for national government projects. He added that for PAPs who have not yet must secured titles for their lots, otherwise, expropriation would be applied and the concerned courts will be tasked to resolve the case. |
| 2. The PAPs suggested/requested to realign the proposed road project so that it will directly traverse the MORAS Property instead of the reservoir area. | Project Affected Person | The CMHSHCP Consultant Team responded that the preliminary final alignment will be determined considering the results of the Feasibility Study and added that the Socioeconomic Survey and Inventory of Assets would most probably start in the first week of May to determine the actual PAPs. Furthered discussed that the final alignment will be done during the conduct of the detailed engineering design. |

| | Question | Raised | Response | |
|----|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|
| | | by | | |
| 3. | How much will be paid for the land? | Project Affected Person | The CMHSHCP Consultant Team replied that the affected land will be appraised by a Government Finance Institution such as the Land Bank or the Development Bank of the Philippines to determine the current market value per square meter. This will be applied in the computation of the compensation for the | |
| | | | land. | |
| 4. | Could we know the exact alignment of the project so we may know if our projects will be affected? | Project Affected Person | The CMHSHCP Consultant Team replied that the alignment maps will be shared upon the finalization of the selection for the route or alignment. | |
| 5. | He expressed his | Project | The CMHSHCP Consultant Team | |
| | acceptance for the project considering the benefits it will bring to the people. | Affected Person | appreciated the project acceptance of Mr. Betonio | |
| 6. | They mentioned that they | Project | The CMHSHCP Consultant Team listens | |
| | attended the meeting to communicate with authorized persons and officials that they have filed a case in 1974 for a tract of land which will be traversed by the proposed road (Based on present alignment). They added that a decision was given by the court in 2000 declaring the claim of Mr. Neri as invalid considering he has no property in Natumolan. | Affected Person | and noted on their narrated story. | |
| | Manolo Fortich Coordination/Consultation Meeting (Barangay Level) | | | |
| 1. | Is there already a budget for this project? | Project Affected Person | As of this stage, the Feasibility Study is under a Grant by JICA. Then after the FS, and the proposed project is to be approved by NEDA for implementation, funds will be allocated. AS of now that the FS is still on-going, there is still no funds for the actual construction. | |

| Question | Raised by | Response |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 2. I would like to ask if that 60 meter project already has a budget for construction. Why not utilize the existing 10.00 meters Barangay Road where concreting is the only problem? It already has ROW, however it lacks budget. Your proposed project will affect many lot owners who also have future plans for their lots. Will it | Barangay Kagawad (Ampal) | 60.00 meters is the Road Right of Way limit. Our project has four (4) lanes and 3.65 m. width per lane. The 60.00 meters will not be fully-occupied by the concrete road. There are allowances for future expansions. For that Sir, we will check whether the existing road will pass for the High Standard Highway where we limit curves. Can you please point the location of the existing 10.00 meters Barangay Road so we could refer to the Designers? |
| not be easier to follow the existing Barangay Road? 3. If ever the 60.00 meters wide project pushes thru, since only four (4) lanes are for concreting, can we prepare a Memorandum of Agreement that while the government is still not using, the owners may utilize the vacant areas as a favor to prevent the illegal settlers. | Project Affected Person | JICA is strict in monitoring the DPWH on the maintenance of Road Right of Way. DPWH District Engineering Offices are responsible in the clearing and private purposes are strictly not allowed. |
| 4. Our property was traversed by the national highway and the easements were occupied by squatters. What actions can we do to remove the squatters at the frontage of our property? | Project Affected Person | DPWH Regional and District Engineering Offices are responsible for the clearing and maintenance of the ROAD ROW including the road easements. |
| 5. Have you presented the project to the LGUs? How many percent already is the FS? How many affected property owners? | Project Affected Person | Yes Mam, we have already presented the proposed project to the LGUs. This meeting is still part of the FS which is about 20% completed. We still do not have the final data on the final affected property owners. |
| 6. How long will be the construction of this project? We are concerned | Project Affected Person | JICA Projects are funded up to completion. |

| Question | Raised by | Response |
|-------------------------------------------------------------------------------------------------------------------|-------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| that this project will be started but could not be completed for lack of funds. | ~, | |
| 7. Regarding the compensation for the affected property owners, do you have initial negotiation with them? | Project Affected Person | The DPWH will have different teams under the Road Right of Way who will be in-charge with the negotiations. |
| 8. Sir, from creek how many meter is the clearance? | Project Affected Person | DPWH representative responded that regarding the distance from the creek, we could not determine yet as of now. However, design clearance from the creek will be determined during the actual survey and the design alignment of the Japanese Consultants. |
| 9. Will there be compensation for the affected lots? How much is the exact prevailing price? | Project Affected Person | DPWH representative responded in local dialect that the land titles will be checked if qualified for compensation in accordance with the applicable laws specifically RA 10752. However, for land titles acquired under CA 141, twenty (20) meters is reserved by the government for public use. CA No. 141 was amended by Presidential Decree (PD) No. 635, dated Jan. 07, 1975, which increased the ROW strip reserved for public use sixty (60) meters. However, any improvements will be paid by the government. |
| 10. What if in the affected areas there are few holders of land titles and the others only hold Tax Declarations? | Project Affected Person | The CMHSHCP Consultant Team responded with an advice that since there are still several years prior to actual construction, the best recourse is to seek assistance from concerned LGU officials in securing land titles, specially upon confirmation that the said lots will be affected by the ROAD ROW for this project. |
| 11. Upon realization of this proposed project, will there be Toll Fees like in Manila or the SLEX and NLEX? | Project Affected Person | The CMHSHCP Consultant Team responded that there will be no Toll Fees for this High Standard Highway considering that as indicated in the Typical Cross-Section. |

| Question | Raised by | Response |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 12. We are tenants and according to the landowners, they will not allow the project to pass thru the middle of their lands. | Project Affected Person | The CMHSHCP Consultant Team explained that the purposed of the Public Consultation Meeting is to present and discuss to all PAPs the Objectives of the Project and explain with them, how the government, thru the DPWH the process in acquiring and mode of payment for all affected lots, structures, trees and crops to be affected and for the smooth implementation of the Project. |
| 13. How about the access roads, will they be preserved for the local residents' use? She pointed to the access road between Salvador Home Goods Store and Dodong Iligan Lodging. | Project Affected Person | The CMHSHCP Consultant Team cited, that they will inform the Japanese Consultants on this existing access road almost parallel to the proposed alignment, for further study and consideration. (Please see attached location map of the existing access road). |
| 14. He is concerned because their land which will be affected by the proposed new Highway has no title. They are five (5) siblings in the family and they have lived in that property since their childhood. They only have a Tax Declaration. | Project Affected Person | The CMHSHCP Consultant Team responded that only titled lot will be compensated. However, the crops and trees and other improvement will be compensated based on the current market value of crops and trees and current price of construction materials for the affected structures and other improvements. |
| 15. She informed that their lot is rented by Del Monte for 10 years, and the payment has been given in advance. Are we going to repay back Del Monte in the advance payment given to us? | Project Affected Person | This was noted by the CMHSHCP Consultant Team. However, regarding the repaying back the advance payment, it's up to Del Monte to decide. |
| 16. He cited that their house was constructed for about Three Hundred Thousand Pesos (PhP 300,000) before. He asked how much they will receive now if their house will be affected. | Project Affected Person | The CMHSHCP Consultant Team and DPWH representative responded that as explained during the Presentation, the compensation for structure or the house will be computed based on the current prices of materials and current rate for labor, equipment, contractor's profit (if |

| | ~ , | applicable), overhead and all other expenses associated with the structure. |
| 17. Will there be Toll Fees for the proposed new Highway? 18. He raised his concern on what will happen to him if the whole 60.00 meters ROW will come from his lot which is only about 2 hectares. He added that he will be left with no land. He also informed that his title is still on process. 19. He inquired if they could be provided with copies of the updated alignment maps. | Project Affected Person Project Affected Person Project Affected Person | The CMHSHCP project is not a Toll Fee road project. The CMHSHCP Consultant Team relied with an advice that it will be much better if he could secure the title prior to acquisition, if ever the project will push thru. He added that there are unavoidable situations where people, including farmers, will be losing valuable properties due to construction of major roads which are highly necessary for national or regional development. The CMHSHCP Consultant Team informed him that copy of the alignment maps have been provided to the Office of the Barangay Chairman for reference in determining the potential PAPs. The CMHSHCP Consultant Team added that updated alignment maps will be |
| | 3.5 (*) | provided also thru the concerned LGU officials in proper time. |
| Sumilao Coordination/Consultation | | 1 |
| 1. What is the assurance that we will be relocated? How much is the percentage of assurance that there will be an area for our relocation as PAPs? | Project Affected Person | The CMHSHCP Consultant Team responded that Relocation Site will be provided to Informal Settlers only in pursuant to the provisions of Republic Act No. 7279. |

| Question | Raised by | Response |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 2. If my child has an existing land title, is it possible that we will not be provided relocation lot? What if the payment for the affected lot is not enough to buy another lot for our house? | | The CMHSHCP Consultant Team replied that the price or value of affected lots will be based on appraisals to be undertaken by GFIs such as Land Bank and DBP base on the current market value. Affected lots will be appraised according to classification, so we presume payment for residential lots will be sufficient to buy another lot where to build your new houses. He added that since the compensation for the houses will be based on current market value of materials, the affected owners will surely be able to re-construct the same house. |
| 3. There are lots that are rented by Del Monte and Dole for twenty-five (25) years and there are already advanced payments for five years rental. How will be the compensation for the lot owners whose titles are given (surrendered) to the companies? | Project Affected Person | Regarding the advanced payment for five years (5), we still have at least three (3) years prior to target (tentative) actual construction schedule. Also, additional compensation for future harvests is added for the damaged or affected crops. So, we foresee no big problem with regards to the advanced payment. |
| 4. Our Council would like to request that, if really possible, your Team should buy a land where PAFs could transfer or relocation site which will be near the location of their old houses. There are land owners here who are prepared to sell their lots so the PAFs could transfer near their present occupation or sources of living. | Project Affected Person | The CMHSHCP Consultant Team responded that their concern will be forwarded to the DPWH for consideration. |

|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 5. It is really our request that, if we will be relocated to a location near our livelihood because we will really have difficulties if we will be relocated to other Barangays. We are working in a farm and is a potential area where we could transfer residence and we hope you could negotiate for it. We hope assessment for our affected areas will be pushed thru so it will be not hard for us to start our lives again. 6. What will be the | Project Affected Person Project | The CMHSHCP Consultant Team assured that this concern will be given proper attention. Based on the results of the Barangay |
| indication that the alignment is already final? | Affected Person | Public Consultation Meetings, there are areas that have been considered for realignment including along a relocation site in Basag, Vista Villa. After these adjustments, by June 2021, prior to the start of Census and Assets Inventory, we will already have a semi-final alignment for FS level or stage. By first or second week of June, we will know who will be affected and we will inform the PAPs thru the Barangay Chairmen. However, the final alignment for project implementation/construction will be determined during the conduct of the detailed design stage. |
| 7. How many meters will be the distance between the Sayre Highway and the proposed JICA Project? | Barangay Chairpers on | DPWH representative responded that the Sayre Highway and the proposed project of JICA will be near to each other. (please see attached map) |

| Question | Raised | Response |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 8. Many lots located in our place are rented by Del Monte in the past years, and we only have Tax Declarations. After several years, we were able to secure titles and the lots were sub-divided thru the assistance of Del Monte. Who will receive the payment now, the original owners of the land or Del Monte? | Project Affected Person | The CMHSHCP Consultant Team and the DPWH representative both responded that the registered owners of the lots will receive the compensation for the affected lots while Del Monte will be compensated for the crops. |
| 9. There is a parcel of land which was already sold, however, they only have Deeds of Sale. Are they going to be paid? 10. How about the timberland where there is a claimant, does he has rights? | Project Affected Person Project Affected Person | The CMHSHCP Consultant Team responded that since, as per tentative implementation schedule, the construction project will start by 2023, it will be better to process the transferring of the title now. The CMHSHCP Consultant Team responded that there will be no compensation for the timberland, however, if there will be affected crops or structures, the claimant will be compensated. |
| 11. He raised his concern on the present alignment which will traverse directly the Relocation Site in Purok Basag, Vista Villa, Sumilao, Bukidnon near the boundary with Ticala, Manolo Fortich, Bukidnon. He informed that the Relocation Site was initiated by the Municipal Government for those who previously resided in accident and landslide prone areas. He added that the Municipal Government will have difficulty putting-up another Relocation Site. | Municipa 1 Vice- Mayor | The CMHSHCP Consultant Team responded that their concerns will be brought to the attention of the Japanese Consultants. (please see attached location map) for consideration. |

| Question | Raised by | Response |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Further, he requested to re-align the project towards the open areas right side of the alignment so as to avoid also the farmlands of the relocated families whose livelihood will be affected heavily if they lose their farmlands located in San Roque, Sumilao, Bukidnon. | | |
| 12. He mentioned that the Municipal Mayor has instructed him to talk with the RAP Team to convince the Designers that the Relocation Site in Basag must be avoided. | Barangay Chairman (Vista Villa) | The CMHSHCP Consultant Team cited that the relocation site will surely be avoided by the consultant. |
| 13. Relayed the request of the whole community of the Relocated Families for the re-alignment to avoid disrupting their settlement which is very valuable to their lives. | Barangay Kagawad (Vista Villa) | The CMHSHCP Consultant Team and DPWH representative assured that the request for the realignment to avoid the Relocation Site in Sitio Basag, Sumilao, will be forwarded to the Japanese Consultant. |
| 14. He raised his concern regarding the fruitbearing trees such as lanzones which might be affected. | Barangay Kagawad (Vista Villa) | It was informed by the CMHSHCP Consultant Team that in case there will be affected fruit-bearing trees, the future harvests of the fruit-bearing trees will be considered in the computation of compensation. |
| 15. He voiced his request to avoid the water sources within the relocation site in Sitio Basag. Malaybalay Coordination/Consult | Project Affected Person | The CMHSHCP Consultant Team cited that this will surely be address by the Consultant. |

| | Question | Raised by | Response |
|----|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1. | In case, the PAPs do not participate in the consultation meetings, what will happen? | Barangay Chairpers on | Upon finalization of the alignment, we have what we call the Parcellary Survey. If the PAPs or the owners still do not want to cooperate, they will be sent notices that their properties will be affected. If the owners still do not want to cooperate, the government thru the |
| 2 | If the affected lots do not | Project | DPWH may apply expropriation as the mode of acquisition in order to avoid/minimize delay on the project. The CMHSHCP Consultant Team |
| 2. | have title, will they not be paid? | Affected Person | responded that only titled lot will be compensated. So, since we have still at least three (3) years before the actual construction, we suggest that you process the land titling. |
| 3. | How could the titles be processed, the owners have not paid taxes for a long time? | Project Affected Person | The CMHSHCP Consultant Team responded that unpaid property tax, must be paid now, so that you can process for the titling of the land. |
| 4. | | Barangay Chairpers on | The CMHSHCP Consultant Team responded that the proposed CMHSHCP is not a toll fee expressway. It's almost the same like existing Sayre Highway, except, the CMHSHCP road right-of-way limit is 60meter and the proposed alignment is more wider that the existing Sayre Highway. |
| 5. | My question is: Is there an assurance that before the construction in 2023, the affected owners will be compensated? There are instances the affected owners are not paid so the project could not be continued and there are cases the PAPs are already paid but they remain in their properties. | Project Affected Person | The DPWH will start Road ROW Acquisition at least one year prior to the start of actual construction works. Houses and other structures will not be demolished or removed unless paid while lots with complete requirements will be processed before being occupied. |

| Question | Raised | Response |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 6. There are titled lots here and there are owners who only hold Tax Declarations. Are owners with Tax Declarations only going to be paid also? 7. For example, we still have no title for the lots when construction comes, what will you do? | by | Our tentative schedule for the project's construction works is 2023 and we will have the semi-final alignment for the FS Stage by June this year, so it is our advice to secure the title if your lots will be affected. This subject will be discussed again with the DPWH. However, as per RA 10752, the mode of acquisition applicable is expropriation. |
| 8. What is the probability that this project has funds? | | We are still at the Feasibility Study Stage. The Feasibility Study Stage is being undertaken thru a Grant by JICA. |
| 9. What is also the probability that this project will be implemented? | | We are still at the Feasibility Stage, so we are not sure of its implementation. However, most proposed DPWH projects considered for FS by JICA are implemented. After the FS, NEDA will decide on approval for its implementation. So, after one year, we will know whether it will be implemented or not. |
| 10. Why are you going to have a new highway while we have a good existing highway? | | DPWH, JICA and other concerned officials are looking on positive economic activities for the future, hence, this project is being considered. |
| 11. Can we get a copy of the Minutes of the Meeting? | Project Affected Person | The minutes of the meeting will be provided thru the Office of the Barangay Chairman. May we respectfully ask for a |
| If you are going to look at the project, it traverses right at the center of a farm establishment. You can not divide a poultry like that technically, due to biosecurity. Can we have a better option that could not severely affect other farms? | | copy of the plan so we can justify your request for consideration in order not to divide your farm which bio- security will not allow. We will notify you if it is possible to re-align. |

| 4. Will the existing access roads be preserved upon the construction of the proposed Highway? The existing access roads are be able to accommodate trucks such as those used in transporting sugar canes. | Project Affected Person | The CMHSHCP Consultant Team responded that the existing access roads will be considered in the design of the proposed High Standard Highway. He informed that their concerns of preserving their existing access roads will be brought to the attention of the Japanese Consultants who are responsible for the Design. (please see attached location of the existing access road). |
| 5. Will there be toll payments for the Highway? | Project Affected Person | The query regarding the toll payments will be referred to the Japanese Consultants also. |
| 6. He raised his concerns that their lot is being rented by DOLE Philippine Inc. | Project Affected Person | The CMHSHCP Consultant Team responded that the registered owners of the lots being rented by DOLE Philippine Inc. will receive the compensation for the affected crops, while the land owners will receive compensation for the affected lots. |
| 7. She raised her concern on what will happen to them if they will be affected considering that their land is under Agrarian Reform. | Project Affected Person | The PAP in local dialect, responded in behalf of the RAP Team Leader that land under Agrarian Reform Title still need to be studied how they will acquire the Title prior to address the compensation for their land. |
| 8. He raised his concern regarding their land because their lots Title is under the name of his mother. | Project Affected Person | The CMHSHCP Consultant Team replied that their case will be resolved by the DPWH in accordance with RA 10752. |
| 9. He asked why they were informed/requested to attend the meeting while they have already sold the subject lot. | Project Affected Person | The CMHSHCP Consultant Team replied that the of lot owners given by the Municipal Assessor was based on the current Tax Declarations. It means that the new owners have not yet applied for Tax Declarations and that may have no Title/s yet. |
| 10. Our lots are under contract with Del Monte, how shall we be paid or compensated? | Project Affected Person | The CMHSHCP Consultant Team also responded that the registered owners of the land will receive the compensation for the land while Del Monte will be |

| 1. | Is there a need for the project since there is an existing Alae Bypass Road near the proposed Cagayan de Oro – Malaybalay Section. This can save a lot of resources for the government. | Project Affected Person | The JICA Team explained that the objective of the Project is to improve transport efficiency by constructing Cagayan de Oro-Malaybalay section of the Central Mindanao High Standard Highway, thereby contributing to enhance connectivity between both cities as well as the economic development of the surrounding area. The project is classified as a high standard highway which refers to roads providing smooth traffic flow with full access control and/or limited access, including expressways as well as primary roads. On the other hand, the bypass road shall serve as an alternate route from the decongested población of Tagoloan. |
| 2. | How many structures are to be affected in Tagoloan | Project Affected Person | 3 – Residentials will be affected in Tagoloan |
| 3. | Clarification if the study is in the feasibility study stage. | Project Affected Person | The JICA Team explained that still in the FS stage and final alignment will be considered during the Detailed Engineering Design Stage. |
| Mano | lo Fortich, Bukidnon 2 nd Pub | lic Consulta | |
| | When will the project start? | Project Affected Person | The project is targeted to commence in 2027 and will be completed by 2029. |
| 2. | Will the government conduct a preconstruction conference before the start of construction? | Project Affected Person | This was duly noted and received by DPWH and CMHSHCP Consultant Team. |
| 3. | Have you identified the parcel of land that will be affected by the project? | Project Affected Person | The CMHSHCP Consultant Team answered that the survey team coordinated with the LGU regarding the ownership of land. The areas where the identity of all owners will be determined is during the detailed engineering design when the implementing agency will conduct parcellary survey. |
| 4. | Who determines the value of land that will be acquired by the government? | Project Affected Person | Representative from DPWH Region X responded that DPWH will engage a Government Financing Institution (GFI) or an independent property appraiser |

| | Question | Raised by | Response |

| 5. | Is the project a tollway project? | Project Affected Person | The CMHSHCP Consultant Team informed the PAPs that the project is not a tollway project. |
| 6. | Did the study team coordinated with the PAPs before they conduct their activities? | Project Affected Person | Representative from DPWH Region X responded that the Study Team has been properly coordinating with the LGUs, the barangays, and PAPs before conducting their activities. |
| Sumil | ao, Bukidnon 2 nd Public Con | sultation M | eeting |
| 1. | payment for affected structures? | Project Affected Person | Representative from DPWH Region X responded that the payment for improvements and/or structures are based on replacement cost using the current market prices. |
| 2. | How do you determine if the whole or part of the structure that will be affected will be compensated? | Municipa l Planning and Develop ment Officer | Representative from DPWH Region X explained that this will depend on the severity of affected structures. The affected structures will be validated during the detailed engineering design stage. |
| 3. | What is the basis of replacement cost method? Will DPWH pay us first before proceeding in the construction? | Project Affected Person | Representative from DPWH Region X expounded that Replacement Cost is defined as the amount necessary to replace the improvement and/or structure based on current market prices for materials, equipment, labor, contractor's profit and overhead and all other costs associated with the acquisition and installation in place of the affected improvements and/or structures or current market prices of materials and labor to re-construct a similar structure for houses and other fixed structures with no deductions for salvaged materials. The payment for improvements and/or structures will be shouldered by DPWH before the start of clearing operations. |

| Question | Raised by | Response |
|--------------------------------------------------------------------------------------------|-------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 4. What if the PAP has no legal right on the land. | Project Affected Person | Representative from DPWH Region X responded that PAPs who are not land owners but occupy lands or structures within the ROW to be acquired for the project, and who are not "professional squatters" will be compensated for affected structures but not for land. |
| 5. How do you determine the affected crops and the basis for compensation? | Project Affected Person | Representative from DPWH Region X responded that there will be tagging of crops during the DED stage. The affected crops and trees will be paid based on its current market value. |
| 6. What if we can only provide tax declaration instead of land title? | Project Affected Person | Representative from DPWH Region X said that the PAPs need to present the land title to show the ownership of the land for them to be compensated. PAPS having only a tax declaration will only be compensated if they are paying the lot for more than 30 years. |
| 7. Who are the vulnerable groups? | Project Affected Person | CMHSHCP Consultant Team said that the vulnerable groups are the households with elderly (aged 60 years old and above); indigenous people (IP); poor households whose income fall below the poverty threshold; households with member who has disability (PWD); solo parent; and women-headed households (WHH). |
| 8. What if we are still in the process of titling our land? | Project Affected Person | CMHSHCP Consultant Team responded that they still have enough time to process the titling of their lands and can seek assistance from the Office of the Municipal Assessor regarding the matter. |
| 9. Will the government provide us resettlement site in case we need to relocate our house? | Project Affected Person | The local government unit or the National Housing Authority are the government agencies that provide government housing projects. According to MPDC Carnazo, the LGU of Sumilao has ongoing resettlement projects which can be availed by the PAPs. |

| | of land? | Person | Government Financing Institution (GFI) or an independent property appraiser (IPA) accredited by BSP or professional association of appraisers recognized by BSP to determine the current market value of land. |
| 4. | When is the start of the | Project | The project is targeted to commence in |
| | project? | Affected Person | 2027 and will be completed by 2029. |

The above-mentioned problems of the PAPs were tackled and settled. Other issues and concerns discussed during the consultation have been taken into consideration as well. After the meeting, stakeholders expressed strong support with the proposed project. All the consultations were properly documented.

Central Mindanao High Standard Highway Construction Project (Cagayan de Oro Malaybalay Section)

Preliminary Right-of-Way Action Plan (Appendices)

June 2024

Department of Public Works and Highways

Table of Contents

| Appendix 1 – Master List of Project-Affected Persons | 1 |
|------------------------------------------------------------------------------|-----|
| Appendix 2a – RAP Preliminary Cost Estimates for Land | 1 |
| Appendix 2b – Pricing of Land Based on BIR Zonal Value | 13 |
| Appendix 2c – Pricing of Land Based on Tax Declaration | 32 |
| Appendix 2d – Recent Prices of Comparable Properties in the Area | 33 |
| Appendix 2e – OCTs/TCTs and tax Declaration with Lot Descriptions | 38 |
| Appendix 2f – IPA Valuation Report | 263 |
| Appendix 3a – RAP Preliminary Cost Estimates for Structures and Improvements | 314 |
| Structure with Pricing (Right Side) | 319 |
| Structure with Pricing (Left Side) | 490 |
| Appendix 4 – RAP Preliminary Cost Estimates for Trees | 1 |
| Appendix 5 – RAP Preliminary Cost Estimates for Crops | 140 |
| Appendix 6 – Consultation Meeting | 186 |
| Appendix 7 – NCIP Documentation | 525 |
| Appendix 8 – Summary of Updated Building Cost of NHA Standard Housing Models | 527 |
