## What Can JICA Do through Follow-up Cooperation ?

Follow-up cooperation is broadly classified into three categories.

### Dispatch of technical staff

#### Surveys

- Follow-up studies
- Formation of follow-up cooperation projects
- Monitoring and evaluation

#### Expediting of Execution

- Dispatch or employment of repair engineers
- Supervision of bidding and work
- Procurement management

### Equipment supply and rehabilitation work support

#### Equipment Supply

- Parts for equipment repairs
- Provision of new equipment and replacement

#### Rehabilitation Work

- Rehabilitation

### Soft-type Cooperation

#### Activity Support

- Surveys and research
- Holding of seminars, Workshops, etc.
- Preparation of educational materials, books, etc.
- Support of former training participants' networks (Alumni association membership lists, alumni association management, etc.)
- Public interest activities, etc.

#### Support for Japanese

#### Cooperating Organizations

- Holding of local seminars, workshops, etc.
