**JICA Knowledge Co-Creation Program  
(Long-Term)  
2017-2018**

**General Information for All Applicants  
on  
Graduate Studies and Internship Program  
of  
“Innovative Asia”  
~A New Whole-of-government Policy Package for  
Circulation of Asia’s Competent Human Resources~  
  
2<sup>nd</sup> Batch**

国別研修

「イノベーティブ・アジア」プログラム第2バッチ

This information pertains to one of the Japan International Cooperation Agency (JICA)'s Knowledge Co-Creation Program (Long-Term). This program will be implemented as part of the Official Development Assistance of the Government of Japan based on bilateral agreement between both governments.

Each country may have its own schedule and/or qualifications for the program. The additional information is listed on the separated paper.

## 1. Background

In line with the "Japan Revitalization Strategy" approved by the Japanese Cabinet in June 2016, the Government of Japan is advancing the measures to mobilize the diverse governmental resources, in order that competent human resources of Asian developing/emerging countries play more active roles in contributing to industrial growth of their home countries through having deeper working experience at best innovative Japanese companies, thereby knowing better how innovation is being promoted in Japan.

To promote the above policy initiative, the following strategies are decided to:

- (1) launch a new initiative of ODA to offer opportunities for graduate study and internship in Japan,,
- (2) hold job-matching events and provide related information for students who belong to “partner schools” and are interested in working in Japan,
- (3) take necessary measures such as providing preferential treatment with regard to their visa status and expediting the administrative procedure when students of “partner schools” hope to work in Japan on certain conditions.

## 2. Objectives

This initiative aims to enhance the circulation of competent human resources between Japan and Asian countries and to promote innovation in the whole Asia.

Also inputs by Asian innovative human resources to Japan’s business community are expected to bring about diversity to it, resulting in the mutual benefits between Japan and Asian countries, which will strengthen bilateral diplomatic relationships in the long run.

To this end, opportunities for study and internship in Japan for competent students who are studying at ‘partner schools’ in Asian countries will be provided.

## 3. Program Outline

(1) Program Title: **Innovative Asia Initiative**

(2) Language of the Program: **English**

## 4. Duration

<p><b>(1)Overall Program</b></p>	<p>Participants will be dispatched to Japan in 5 batches over the course of 5 years from 2017. The first 2 batches (intake for 2017 and 2018) will be accepted as JICA participants. The framework of this program from the 3<sup>rd</sup> batch will be duly established and announced by the Japanese Government later this year or early next year.</p> <p>Participants will be dispatched in September each year from 2017 to 2021.</p>
<p><b>(2)2nd Batch participant</b></p>	<p><b>Standard</b> Timetable</p>

<p><b>group's stay in Japan</b></p>	<p><u>September, 2018 – September, 2020 (For Master's Student)</u></p> <ul style="list-style-type: none"> <li>- 2 years as a master's student</li> <li>- Internship in summer break for all participants and up to 6 months internship after graduation if participants can find the place to work in Japan</li> <li>- 6 months as a research student if necessary and if Japanese university of your choice only accepts the official entrance in April</li> </ul>
-------------------------------------	---

## 5. Number of Participants

1,000 participants over 5 years.

The number of participants for each batch will be decided by the Japanese Government , and is subject to change due to budgetary conditions.

## 6. Target Countries

<p><b>2<sup>nd</sup> Year (2<sup>nd</sup> Batch: 2018)</b></p>	<p><b>【12 countries】</b>          Bangladesh, Cambodia, India, Indonesia, Laos, Malaysia, Myanmar, Pakistan, the Philippines, Sri Lanka, Thailand, Vietnam,  <i>※Subjected to the request from the respective government</i></p>
--	--

## 7. Target Participants

Target participants are selected from the **60 partner schools (See Annex) of the target 12 countries** who graduated and will graduate before September 2018.

Please refer to the section 10 below for more details.

## 8. Fields of Study at Japanese Universities

In this program, participants will be accepted in master's or doctor's courses at Japanese universities in such fields as Science and Technology, and Engineering, especially, Information Technology, Internet of Things, Artificial Intelligence, etc.

Proposed research topics must be relevant to the program objectives.

## 9. Internship at Japanese Companies, Research Institutes, etc.

All participants are expected to experience internships at Japanese companies, research institutes, or governmental organizations, etc. during summer break and/or other appropriate opportunities.

Internship programs are carried out in English.

In principle, no reward or compensation should be paid to the companies and the participants. Details of the internships will be fixed according to the hosting bodies' schedule.

## 10. Qualifications and Requirements

Applicants must satisfy the following requirements:

<b>(1) Nationality</b>	<ul style="list-style-type: none"> <li>- Citizens of one of the 12 Asian countries Bangladesh, Cambodia, India, Indonesia, Laos, Malaysia, Myanmar, Pakistan, the Philippines, Sri Lanka, Thailand, Vietnam</li> </ul>
<b>(2) Age</b>	<ul style="list-style-type: none"> <li>- Under 35 years of age (as of September 1<sup>st</sup>, 2018 for the 2<sup>nd</sup> Batch participants)</li> </ul>
<b>(3) Education</b>	<ul style="list-style-type: none"> <li>- Bachelor's degree (as of September 1<sup>st</sup>, 2018 for the 2<sup>nd</sup> Batch participants)</li> </ul>
<b>(4) Working Experience /Status</b>	n/a
