

In case of Emergency ONLY

※When you can not come out to the hallway.

How to use the escape ladder for emergency in your balcony.

■ There is an escape ladder per 2 rooms in balcony.

※If there is not one in your balcony, break the white partition by kicking and use the escape ladder in the neighbor's room.

■ Lift the lid a little.

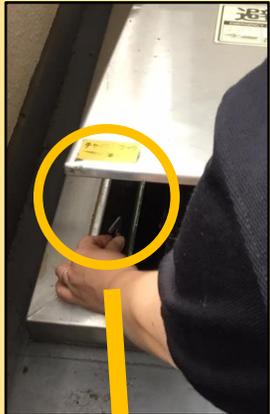

■ Push the bar inside and unlock it.

■ Open the lid completely. (upright position)

■ Push the red part down and the ladder will come out.

■ Watch your step.

unlock

Push the red part

Do not grab mark!!!
