NOTES TO FINANCIAL STATEMENTS
JAPAN BANK FOR INTERNATIONAL COOPERATION

1. Basis of Presentation

The accompanying financial statements have been prepared from the accounts maintained by Japan Bank for International Cooperation ("JBIC") in accordance with the provisions set forth in conformity with accounting principles and practices generally accepted in Japan, which are different in certain respects as to application and disclosure requirements from International Financial Reporting Standards.

The financial statements are not intended to present the financial position and results of operations in accordance with accounting principles and practices generally accepted in countries and jurisdictions other than Japan.

The Bank's accounts are separated into International Financial Account and Overseas Economic Cooperation Account under Article 41 of the Japan Bank for International Cooperation Law ("JBIC Law") whereby the accounting shall be separated in accordance with the categories of international financial operations and overseas economic cooperation operations and be recorded by establishing the respective account for each. In separating accounts, transactions directly related to either of the operations are attributed to the account for these operations and overhead expenses and others are allocated to both of the accounts by using a certain allocation rate.

Consolidated financial statements are not prepared because JBIC has no subsidiaries.

The amounts indicated in millions of yen are rounded down by omitting the figures less than one million. Totals may not add up exactly because of such omission.

Amounts in U.S. dollars are presented solely for the convenience of readers outside Japan. The rate of ¥111.25=\$1.00, the exchange rate as of September 30, 2003, has been used in translation. The presentation of such amounts is not intended to imply that Japanese yen have been or could be readily converted, realized or settled into U.S. dollars at that rate or any other rate.

2. Significant Accounting Policies

(a) Cash and cash equivalents

"Cash and cash equivalents" as stated in the statements of cash flows consists of cash in hand and due from Bank of Japan included in "Cash and due from banks" in the balance sheets.

(b) Securities

All securities are classified as "Available-for-sale Securities" which have no market value and are carried at cost based on a moving average cost valuation.

(c) Valuation method for derivative financial instruments

All derivative financial instruments are carried at fair value.

(d) Hedge accounting for Interest Rate Risks

(i) Hedge accounting

JBIC applies the deferral method of hedge accounting.

(ii) Hedging instruments and hedged items

Hedging instrument: interest rate swaps

Hedged items: loans, bonds and notes

(iii) Hedging policy

To hedge interest rate risks, JBIC utilizes hedging instruments within the range of the hedged assets and liabilities.

() Evaluation of hedge effectiveness

JBIC judges the effectiveness of the hedge by measuring and comparing the fluctuations of fair value or cumulative fluctuations of cash flows of hedging instruments and corresponding hedged items from the inception of the hedges to the judging point.

(e) Hedge accounting for Foreign Exchange Risks

JBIC applies the deferred method as a hedge accounting to hedges of foreign exchange risks associated with various foreign currency denominated monetary assets and liabilities. In the previous fiscal year, the transitional treatments described in the JICPA Industry Audit Committee Report No. 25 was applied to these transactions. Effective this interim fiscal year, in accordance with the standard treatments of JICPA Industry Audit Committee Report No. 25, hedge accounting is applied to currency-swap transactions, exchange swap transactions and similar transactions intended to hedge risks of borrowing and lending in different currencies by swapping the

borrowing currency for the lending currency.

The effectiveness of the above described hedging instruments, such as currency-swap transactions, exchange swap transactions and similar transactions, hedging the foreign exchange risks of monetary assets and liabilities denominated in foreign currencies is assessed based on comparison of foreign currency position of the hedged monetary assets and liabilities and the hedging instruments.

(f) Foreign currency translation and revaluation method

JBIC maintains its accounting records in Japanese yen. Assets and liabilities denominated in foreign currencies are translated into Japanese yen at the market exchange rate prevailing at the interim fiscal year end.

JBIC adopted the transitional treatments described in the "Treatment of Accounting and Auditing Concerning Accounting for Foreign Currency Transactions in the Banking Industry" (JICPA Industry Audit Committee Report No. 25). In the current interim fiscal year, however, JBIC applies hedge accounting in accordance with the standard treatments of JICPA Industry Audit Committee Report No. 25 to currency-swap transactions, exchange swap transactions and similar transactions intended to hedge risks of borrowing and lending in different currencies by swapping the borrowing currency for the lending currency. Summary of the hedge accounting is described in Note 2 (d) and Note 2 (e).

As a result, currency-swap transactions, exchange swap transactions and similar transactions which had been accounted for on an accrual basis are stated at market value as derivative transactions and net assets or liabilities are recorded on the balance sheets. Consequently, "Miscellaneous assets" and "Miscellaneous liabilities" increases by ¥167,255 million (\$1,503 million), respectively. The change has no effects on the results of operations.

(g) Depreciation basis for fixed assets

(i) Premises and equipment

Premises and equipment are depreciated on the declining balance basis except for the buildings (excluding furniture and equipment) acquired on or after April 1, 1998, which are depreciated on the straight-line basis. JBIC appropriates necessary depreciation cost for this interim fiscal year by divided estimated annual cost into those of correspond to current period.

The principal estimated useful lives are as follows:

Buildings: 38 years to 50 years

Equipment: 2 years to 20 years

(ii) Software

Software used by JBIC is amortized on the straight-line basis over its useful life (5 years).

(h) Method of amortization for deferred charges

"Discounts on Bonds and Notes" are amortized over terms of redemption, and "Bonds and Notes Issuance Costs" are amortized over 3 years, on the straight-line basis in accordance with the Commercial Code of Japan.

(i) Allowance for possible loan losses

JBIC provides "Allowance for possible loan losses" as follows:

The allowance for claims on debtors who are legally bankrupt ("Bankrupt Borrowers") or substantially bankrupt ("Substantially Bankrupt Borrowers") is provided based on the outstanding balance after the write-offs described in Note 5 (h) and the deductions of the amount expected to be collected through the disposal of collateral and execution of guarantees.

The allowance for claims on debtors who are not legally bankrupt but are likely to become bankrupt ("Potentially Bankrupt Borrowers") is provided based on an assessment of the overall solvency of the debtors after deducting the amount expected to be collected through the disposal of collateral or the execution of guarantees.

The allowance for claims on debtors other than Bankrupt Borrowers, Substantially Bankrupt Borrowers and Potentially Bankrupt Borrowers is provided primarily based on the default rate, which is calculated based on the actual defaults during a certain period in the past.

The allowance for possible losses on specific overseas loans is provided based on the expected loss amount considering the political and economic situations of these countries.

All claims are assessed initially by the operational departments and secondly by risk evaluation departments based on internal rules for self-assessment of asset quality. The internal audit department, which is independent from the operational departments, reviews these self-assessments, and the allowance is provided based on the results of the assessment.

(j) Allowance for employee bonuses

"Allowance for employee bonuses" is set aside to pay employee bonuses with respect to the portion of estimated bonus payments to employees that correspond to the current period. Allowance for employee bonuses to executive directors are included in the account as of September 30, 2003 and 2002, and are not included in as of March 31, 2003.

(k) Allowance for employee retirement benefits

Allowance for employee retirement benefits represents the future payment for pension and retirement to employees, and is recorded as the amount accrued at the interim fiscal year end, based on the projected benefit obligations, and the estimated pension plan asset amount at the interim fiscal year end. The method of accounting for net actuarial gains/losses is as follows:

Net Actuarial Gains/Losses are charged to net income of the year.

"Allowance for employee retirement benefits" includes allowance for retirement benefits to executive directors.

(l) Consumption tax

Consumption tax including local consumption tax is excluded from the transaction amounts.

3. Cash and cash equivalents

The reconciliation between the balance of cash and cash equivalents at the end of each (interim) fiscal year and the amount of cash and due from banks reported in the (interim) balance sheets as of September 30, 2003, 2002 and March 31, 2003 are as follows:

	September 30, 2003 (In millions of yen)	September 30, 2002 (In millions of yen)	March 31, 2003 (In millions of yen)	September 30, 2003 (In millions of U.S. dollars)
Cash and Due from Banks	¥ 591,804	¥ 824,635	¥ 288,284	\$ 5,320

Other Securities	620	645	642	6
	¥ 122,852	¥ 122,748	¥ 122,912	\$ 1,104

5. Loans

All of Loans are loans on deeds. The amounts reported in the (interim) balance sheets as of September 30, 2003, 2002 and March 31, 2003 are as follows:

International Financial Account	September 30, 2003 (In millions of yen)	September 30, 2002 (In millions of yen)	March 31, 2003 (In millions of yen)	September 30, 2003 (In millions of U.S. dollars)
Bankrupt Loans	¥ 130	¥ 2,641	¥ 665	\$ 1
Non-accrual Loans	240,189	230,847	147,029	2,159
Past Due Loans (3 Months or More)	10,463	34,328	92,620	94
Restructured Loans	418,988	286,012	372,451	3,766
	<u>¥ 669,771</u>	<u>¥ 553,829</u>	<u>¥ 612,767</u>	<u>\$ 6,020</u>

Overseas Economic Cooperation Account	September 30, 2003 (In millions of yen)	September 30, 2002 (In millions of yen)	March 31, 2003 (In millions of yen)	September 30, 2003 (In millions of U.S. dollars)
Bankrupt Loans	¥ -	¥ -	¥ -	\$ -
Non-accrual Loans	51,584	99,212	90,596	463
Past Due Loans (3 Months or More)	19,338	66,335	51,186	174
Restructured Loans	765,930	-	-	6,885
	<u>¥ 836,853</u>	<u>¥ 165,547</u>	<u>¥ 141,783</u>	<u>\$ 7,522</u>

- (a) "Bankrupt Loans", which are placed non-accrual status, are loans to borrowers who have begun bankruptcy, composition, reorganization, winding-up or special liquidation proceedings under the Bankruptcy Law, the Corporate Reorganization Law, the Civil Rehabilitation Law, the Commercial Code or other similar laws of Japan, or who have had their transactions with the promissory note clearinghouse suspended, or loans to borrowers who have begun similar proceedings under any foreign law. Those loans are categorized as loans to "Bankrupt Borrowers" under self-assessment of asset quality.
- (b) "Non-accrual Loans" are loans which are placed non-accrual status and are other than "Bankrupt Loans." Those loans are categorized as loans to "Substantially Bankrupt Borrowers" or "Potentially Bankrupt Borrowers" under self-assessment of asset quality.
- (c) "Past due Loans (3 month or more)" are loans whose principal and/or interest is past due three months or more counted from the date following the scheduled payment date, and are other than "Bankrupt Loans" and "Non-accrual Loans." Those loans are also categorized as loans to "Watch Borrowers" under self-assessment of asset quality.
- (d) "Restructured loans" are loans whose contracts were amended in favor of obligors (e.g. reduction of or exemption from stated interest, deferral of interest payments, extension of maturity dates, renunciation of claims) in order to assist or facilitate restructuring processes of the obligors in financial difficulties, and are other than "Bankrupt Loans", "Non-accrual Loans", and "Past due Loans (3 month or more)". Those loans are also categorized as loans to "Watch Borrowers" under self-assessment of asset quality.
- (e) The amounts of Loans indicated above are the gross amounts prior to reduction of allowance for possible loan losses.
- (f) In the event that a debtor country which becomes temporarily difficult to pay and requests debt rescheduling with respect to external public debt (whose creditors are nations, Trade Insurance Institutions and Export Credit Institutions, etc.) because of the unfavorable balance of international payment, meetings of creditor countries (the "Paris Club") would be held to discuss debt relief measures (rescheduling). When creditor countries agree on debt relief measures, debt-rescheduling agreements between the creditors and a debtor are agreed, and temporary liquidity assistance is made according to the agreements. Since the debtor carries out Economic Restructuring Program which was agreed with the International Monetary Fund ("IMF") and

continues to make repayments of the debt, in September 30, 2003, 2002 and March 31, 2003. The principal amount of loans for which JBIC has agreed to provide debt relief pursuant to the Paris Club agreements is as follows:

	September 30, 2003 (In millions of yen)	September 30, 2002 (In millions of yen)	March 31, 2003 (In millions of yen)	September 30, 2003 (In millions of U.S. dollars)
International Financial Account	¥ 466,232	¥ 424,533	¥ 363,922	\$ 4,191
Overseas Economic Cooperation Account	1,225,426	1,204,376	1,203,975	11,015

In the past, JBIC did not categorize loans rescheduled in the Paris Club, indicated above under "Restructured Loans". This was based on the consideration that, unlike loans provided by private financial institutions, their nature as public creditor provides an asset securing mechanism under such international framework which accords a high probability of repayment.

However, JBIC has shifted its focus to easy-to-understand operational comparison with private financial institutions. Therefore, starting from the current interim fiscal year, JBIC classifies assets rescheduled in the Paris Club, which are categorized as loans to "Watch Borrowers" under self-assessment of asset quality and are not "Past due Loans (3 months or more)", as "Restructured Loans". The amounts of such loans, among "Restructured Loans" indicated above, are ¥118,206 million (\$1,063 million) of which ¥ 75,874 million (\$682 million) is the amount of principal for International Financial Account and ¥765,930 million (\$6,885 million) of which ¥554,030 million (\$4,980 million) is the amount of principal for Overseas Economic Cooperation Account.

(g) As JBIC's debtors need mostly long-term loans, JBIC generally enters into commitment line contracts with these debtors. JBIC is committed to lend necessary funds up to the predetermined amount, which shall be within the borrowers' financing needs for the projects and up to the agreed maximum to lend, upon borrowers' request, provided that the request meets terms and conditions for disbursement prescribed in the Loan Agreement. The total balance of unused commitment lines as of September 30, 2003, 2002 and March 31, 2003 are ¥5,495,015 million (\$49,393 million), ¥5,994,875 million and ¥5,907,279 million respectively.

(h) With respect to the claims with collateral or guarantees on debtors who are legally or substantially bankrupt ("Bankrupt Borrowers and Substantially Bankrupt Borrowers"), the remaining booked amount of the claims after deduction of the amount which is deemed collectible through the disposal of collateral or the execution of guarantees was written-off against the respective claims. The amounts of the accumulated write-offs as of September 30, 2003, 2002 and March 31, 2003 are ¥7,468 million (\$67 million), ¥8,265 million and ¥7,870 million respectively.

6. Miscellaneous assets

A part of the net earnings on the International Financial Account is paid to the National Treasury, pursuant to Article 44 of the JBIC law. Preliminary payments to the National Treasury, made on a best estimation basis amounted to ¥6,734 million (\$61 million) for the interim year ended September 30, 2003, ¥3,737 million for the interim year ended September 30, 2002 and ¥10,971 million for the year ended March 31, 2003 respectively, and accounted for under Miscellaneous assets on the (interim) balance sheets.

7. Premises and Equipment

Depreciation expense in First half of FY 2003, 2002 and FY 2002 and Accumulated Depreciation as of September 30, 2003, 2002 and March 31, 2003 are as follows:

	First half of FY2003 (In millions of yen)	First half of FY2002 (In millions of yen)	FY 2002 (In millions of yen)	First half of FY2003 (In millions of U.S. dollars)
Depreciation Expense				
International Financial Account	¥ 503	¥ 556	¥ 1,127	\$ 5
Overseas Economic Cooperation Account	211	228	466	2

	September 30, 2003 (In millions of yen)	September 30, 2002 (In millions of yen)	March 31, 2003 (In millions of yen)	September 30, 2003 (In millions of U.S. dollars)
