

 **Revital[®]**

Exceptional care close to you

Kaizen Presentation

is a leading East African
manufacturer of medical
consumables

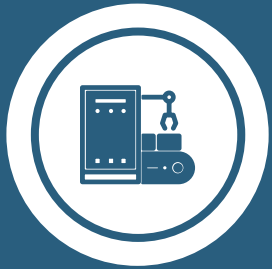

Founded in 2008, **based in Mombasa, Kenya** and we operate in 20+ countries with 40+ products in the manufacturing.

We **address the lack of medical supply manufacturing capacity** on the African continent, with capacity for 960M+ syringes/year while supplying to 22+ countries across the globe

We currently employ **500 people of which 80% are female**

We have **international certifications** for our manufacturing process including WHO PQS (1 of 7 companies globally), WHO-GMP, ENISO 13485, ISO 14001, ISO 9001 & CE

At **Revital**, our fiercely local value proposition and continuous step by step improvement to achieve our target of an improved healthcare sector

Local production

Strengthening the manufacturing footprint of East Africa, by identifying persistent healthcare problems to develop inclusive solutions

Local innovation

Introduction of new technologies and the daily training and development of our team to promote increased productivity and efficiency to ensure a keen attention to detail

Local/International network

Looking inside and outside for the development of key networks to ensure development in sales and marketing to instill a new perspective to the African Healthcare sector

Analytics

Departmental analysis to pin point areas of improvement in terms of Quality, Cost and Delivery

The path to African healthcare independence

At **Revital** our implantation of Kaizen started from the very core of our business
