

Side Event of the 27th Conference of the Parties (COP27) of the United Nations Framework Convention on Climate Change (UNFCCC) at Sharm El Sheikh in Egypt

Announcement of the First Report on Energy Efficiency in Egypt (November 15th, Egypt Pavilion)

At the event, H.E Dr. Mohamed Shaker El Markabi, Minister of Electricity and Renewable Energy of Egypt, announced the completion and publishing of the First Report on Energy Efficiency in Egypt, which is the first report for the period of the National Energy Efficiency Action Plan-II (NEEAP-II) approved by the cabinet in compliance with the Egypt Sustainable Development Strategy 2030 and highlighted the achievements on energy savings in both supply and demand sides of the electricity sector. Energy savings led to CO2 emissions reductions as well as financial savings. H.E thanked JICA for its sincere support and its fruitful collaboration with the Ministry of Electricity that resulted in such great achievement.

Mr. KATO Ken, Chief Representative of JICA Egypt and Yemen Offices, stated that this report is the fruit of JICA Technical Cooperation with the Government of Egypt for Capacity Development on Energy Efficiency and Conservation. He praised the faithful cooperation between the JICA expert team and the Ministry of Electricity's team and other ministries and entities who worked together in making such a distinguished Energy Efficiency Report through continuous discussion and opinion exchange.

H.E. Minister of Electricity
thanking JICA for its great
support
