Wild animals monitoring. August 2020.
Daytime monitoring

Distribution of flora species by habits registered in the Borinque Geothermal Field. March 2014 – September 2020.

Environmental item	Item to be monitored	Monitoring site	Frequency	Method	Party in charge
Waste*	Generated amount	Power plant construction site	Monthly	Total of generated amount (weight or volume)	Construction contractor
Not applicable for this period. In 2021 starts the construction of plant.					

*Appropriate waste management including disposal of sludge will be implemented in accordance with Law for the Integrated Management of Residues (Law 8839), and in reference to Resolution No. 1948-2008-SETENA17 (page26).
