Wild animals monitoring. March 2021.

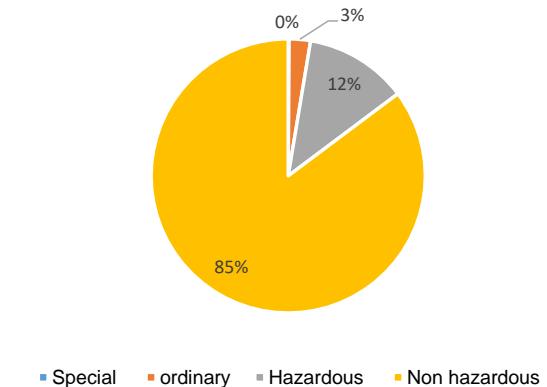

Bird monitoring

Distribution of flora species by habits registered in the Borinqueñ Geothermal Field. March 2014 – April 2021.

Environmental item	Item to be monitored	Monitoring site	Frequency	Method	Party in charge
Waste*	Generated amount	Power plant construction site	Monthly	Total of generated amount (weight or volume)	Construction contractor

Period report January 2021 – March 2021**Waste generated in the PG Borinquen**

Waste	kg
Special	41.5
Ordinary	955.4
Hazardous	4617.1
Non hazardous	32399.7

*Appropriate waste management including disposal of sludge will be implemented in accordance with Law for the Integrated Management of Residues (Law 8839), and in reference to Resolution No. 1948-2008-SETENA17 (page26).
