

QUARTERLY PROGRESS REPORT – I. (18' SEPTEMBER – DECEMBER' 2018)

RAP Implementation Monitoring Format (Annexure M)

for

Mumbai – Ahmedabad High Speed Rail Limited

Submitted by:

NATIONAL HIGH SPEED RAIL CORPORATIONLIMITED 2nd FLOOR, ASIA BHAWAN, ROAD NO-205, DWARKA SECTOR 9, NEW DELHI – 110077

Quarterly Progress Report Number 1

Time-Frame: 18th September' - 31st December, 2018

PROJECT AT GLANCE

The Ministry of Railways formulated the Indian Railways Vision 2020 in December 2009. The vision aims to modernize the existing conventional lines and enhance their traffic capacity as well as develop high-speed railway lines. Seven routes were selected as candidates for the high-speed railway system. Among them, the Mumbai–Ahmedabad route was given top priority by the Experts Committee on Modernization of India's National Railways established by the Ministry of Railways. Based on this plan, the Mumbai–Ahmedabad High-Speed Railway will be implemented. In this context, Japan and India issued a joint statement in May 2013 committing to conduct a joint study on the Project. Based on this decision, the Joint Feasibility Study for Mumbai-Ahmedabad High-Speed Railway Corridor was conducted from December 2013 to June 2015. Then, the Prime Ministers of Japan and India issued a joint statement in December 2015, agreeing to introduce the Shinkansen High-Speed Railway (HSR) System to the Mumbai Ahmedabad route

The Mumbai–Ahmedabad High-Speed Railway Line (HSRL) will connect Mumbai, the capital city of Maharashtra and the second most populous metropolitan area in India, with Ahmedabad which is a metropolis in Gujarat. The approximately 508-km-long line will consist of high-speed railway vision running along the Arabian Sea coast and connecting with Surat and Vadodara en route which are the second and third largest city in Gujarat. The alignment will pass through

Maharashtra, Gujarat and part in Dadra & Nagar Haveli covering 12 districts. The stretch in Maharashtra is 155.72 km, the stretch in Dadra & Nagar Haveli is 4.3 km and stretch in Gujarat is 348.15 km.

1. TOTAL LAND REQUIREMENT FOR THE PROJECT

In total, 8878 land plots with area comprising 1434.47 ha of land in 297 villages is required for the project. This includes private land, government land, forest land and land of Indian Railways. Around 78.4% of land plots affected are private land and remaining land belongs to Indian Railways, Government land and forest land.

2. KEY OBJECTIVE OF RESETTLEMENT ACTION PLAN

The main objective of the detailed resettlement action plan (RAP) is to ensure that the project design and implementation are socially acceptable based on the JICA Guidelines for Environmental and Social Considerations, 2010¹. From July, 2017 to July 2018, a Social Impact Assessment Study was done based on which a RAP has been prepared. The RAP is approved by NHSRCL as per no. NHSRCL/MA/CE01/JICAAPJTAPPRSL-TIGN/52.1/2588 dated 12.09.2018. It has identified all potential social issues in the project and has developed mitigating measures for the impact of the project. The total estimated cost of implementing the RAP is ₹14,217.28 crores.

3. PROJECT IMPACT

The project being linear in nature is not expected to result in large-scale displacement of community. Impact on livelihood is mainly due to the acquisition of private agricultural land and business units along the project corridors. District-wise details of Project Impacts are presented in the table below.

SUMMARY OF PROJECT IMPACTS

- > Total Number of Project Affected Household: 14,884
- > Number of Affected Title Holder: 10,305
- Number of Affected Non-Title Holder: 4,579
- > Total Number of Affected Structures: 3892
- Total Number of Affected CPRs: 37
- > Total Number of Affected Commercial Structures: 271
- Total number of Impacted Trees: 37,394

4. MONITORING OF RESETTLEMENT ACTION PLAN

From July, 2017 to July 2018, a Social Impact Assessment Study was done based on which a RAP has been prepared. The RAP is approved by NHSRCL as per no. NHSRCL/MA/CE01/JICAAPJTAPPRSL-TIGN/52.1/2588 dated 12.09.2018. It has identified all potential social issues in the project and has developed mitigating measures for the impact of the project. The total estimated cost of implementing the RAP is ₹14,217.28 crores.

NHSRCL is submitting the first quarterly progress report to JICA for the period of September 18th , 2018 to December 31st, 2018.

KEY HIGHLIGHTS OF THIS QUARTER

- 1. <u>Engagement of Staff for RAP Implementation:</u> NHSRCL has engaged human resources to cover this aspect at all three levels- Headquarters, Districts and Villages.
 - **a.** NHSRCL's senior management along with Social Development Officer and Assistant Social Development Officer is in charge of matters at Headquarter level.

- 1

- 1

- 1

- 1

- i. Managing Directorii. Officer on Special Dutyiii. Social Development Officer
- iv. Assistant Social Development Officer 1v. Project Managers (Civil) 1
- V. Project Managers (CIVII)
- vi. Project Managers (QAQC)
- **b.** At the site 5 Chief Project Managers at Ahmedabad, Vadodara, Surat, Palghar and Mumbai are managing land acquisition and Resettlement Action Plan implementation related issues in Gujarat, Dadar & Nagar Haveli and Maharashtra.

i.	Chief Project Manager	- 5
ii.	Deputy Chief Project Managers	- 12
iii.	Project Manager	- 12
iv.	Assistant Social Development Officer	- 4
٧.	Assistant Project Manager	- 8
vi.	Retired revenue officer	- 4
vii.	Communicators Deployed by NHSRCL	- 13

c. There is a deployment of community representatives at the level of village to ensure effective implementation of RAP. Through RAP implementing agency i.e. M/s Arcadis about 92 manpower has been deployed for land acquisition and social safeguard activities.

Details Provided in Row 1 of Attachment M

2. Progress of Joint Measurement Survey: Out of total 297 villages falling in the project alignment, field-work for JMS has been completed in 237 villages. This is around 79 percent of the total villages. The other steps involved include preparation of Joint Measurement Reports for the villages, submission to district authorities and subsequent approval. Approximately 56.25% of the Joint Measurement Reports submitted to district administration have been approved by Land Acquisition Officer. Efforts are in place to expedite the process to complete the remaining stretch of JMS.

Details Provided in Row 2 of Attachment M

3. Valuation of Properties attached to the structure:

Valuation has to be done for structures, tress and utilities attached to the land being acquired. After confirmation on numbers in Joint Measurement Report, the values of the structure is calculated by government authorized valuer. The details are further confirmed by Road & Building Department in Gujarat and Public Works Department in Maharashtra and DNH.

Approximately, 32% valuation is complete for structures. NHSRCL is following up with respective state government and administration of Union Territory to speed up the process,

regular follow-up meetings are held with State Government officials at different level in this regard.

Details Provided in Row 3 of Attachment M

4. Verification of Impacts after completion of JMS

NHSRCL created a software for Management Information System in March, 2019. After Joint Measurement Reports for the villages are finalized by the district administration, the complete details are filled in the software. While 14884 households were identified at the time of socioeconomic survey during RAP. This current number of Project Affected Households after JMS is 8186 after completion of Joint Measurement Report. Number of Project Affected persons identified is 37426.

Details Provided in Row 4 of Attachment M

5. Adopting the RAP

RAP has been summarized and translated into Gujarati and Marathi in Dec, 2018. NHSRCL plans to submit this copy to all land acquisition officers. In future communication campaigns will be organized for Project Affected Persons (PAP).

Details Provided in Row 5 of Attachment M

6. Progress of Land Acquisition

At present, NHSRCL is acquiring land on consent basis in both the states Maharashtra and Gujarat to reduce involuntary displacement. Consent camps are regularly organized to create awareness on the entitlement matrix & get final consent of the PAPs .

Out of 1434.47 hectares of total land requirement, 1022.59 hectares is private land. Till December 31st, approximately 37.201 hectares and as on 22nd January'2019 approximately 101 hectares of land has been acquired through consent.

Details Provided in Row 6 of Attachment M

- 7. <u>Income Restoration Programme (IRP) Assistance:</u> NHSRCL plans to initiate this activity in districts where JMS is complete from February onwards. The priority district to start this activity will be Ahmedabad, Anand and Kheda. Micro-level planning is started in the villages where Joint Measurement Reports have been approved by Land Acquisition Officers. These plans are prepared after conducting training needs assessment.
- 8. <u>Relocation of Common Property Resources</u>: The actual impact on CPRs will be confirmed only after Joint Measurement Reports are verified by Land Acquisition Officer. The verified CPR number getting affected by the project is 20. Currently, NHSRCL is in discussion with communities and land acquisition officers for relocation of common property resources.
- 9. <u>Grievance Redress:</u> NHSRCL has submitted the proposal to set up grievance committee to the state administration. Till the time district administration takes a decision on this proposal, NHSRCL is resolving the grievances internally at the level of headquarter and Site offices through Land Acquisition Officers of District Administration. The record of grievances is maintained. It is expected that state and UT administration will expedite the process of approving NHSRCL's proposal and systematic way to address the grievance can be established with support of district administration. GRC has been successfully established in Thane district in Maharashtra.
- 10. <u>Details on Consent Camp</u>: Till date 71 no. of consent camp has been held.
