## Quarterly Progress Report Number 3

**Time-Frame: 1<sup>st</sup> April' - 30<sup>th</sup> June, 2019**

### **PROJECT AT GLANCE**

The Ministry of Railways formulated the Indian Railways Vision 2020 in December 2009. The vision aims to modernize the existing conventional lines and enhance their traffic capacity as well as develop high-speed railway lines. Seven routes were selected as candidates for the high-speed railway system. Among them, the Mumbai–Ahmedabad route was given top priority by the Experts Committee on Modernization of India’s National Railways established by the Ministry of Railways. Based on this plan, the Mumbai–Ahmedabad High-Speed Railway will be implemented. In this context, Japan and India issued a joint statement in May 2013 committing to conduct a joint study on the Project. Based on this decision, the Joint Feasibility Study for Mumbai–Ahmedabad High-Speed Railway Corridor was conducted from December 2013 to June 2015. Then, the Prime Ministers of Japan and India issued a joint statement in December 2015, agreeing to introduce the Shinkansen High-Speed Railway (HSR) System to the Mumbai Ahmedabad route

**Figure 1: Route of Mumbai–Ahmedabad High-Speed Railway line**

The Mumbai–Ahmedabad High-Speed Railway Line (HSRL) will connect Mumbai, the capital city of Maharashtra and the second most populous metropolitan area in India, with Ahmedabad which is a metropolis in Gujarat. The approximately 508-km-long line will consist of high-speed railway running along the Arabian Sea coast and connecting with Surat and Vadodara en route which are the second and third largest city in Gujarat. The alignment will pass through Maharashtra, Gujarat and part in Dadra & Nagar Haveli covering 12 districts. The stretch in Maharashtra is 155.72 km, the stretch in Dadra & Nagar Haveli is 4.3 km and stretch in Gujarat is 348.15 km.

### **1. TOTAL LAND REQUIREMENT FOR THE PROJECT**

In total, 7359 land plots with area comprising 1379.62 ha of land in 297 villages is required for the project. This includes private land, government land, forest land and land of Indian Railways. Around 72.40% of land plots affected are private land and remaining land belongs to Indian Railways, Government land and forest land.

## **2. KEY OBJECTIVE OF RESETTLEMENT ACTION PLAN**

The main objective of the detailed resettlement action plan (RAP) is to ensure that the project design and implementation are socially acceptable based on the JICA Guidelines for Environmental and Social Considerations, 2010<sup>1</sup>. From July, 2017 to July 2018, a Social Impact Assessment Study was done based on which a RAP has been prepared. The RAP is approved by NHRCL as per no. NHRCL/MA/CE01/JICAAPJTAPPRSL-TIGN/52.1/2588 dated 12.09.2018. It has identified all potential social issues in the project and has developed mitigating measures for the impact of the project. The total estimated cost of implementing the RAP is ₹16,729.85 crores.

## **3. PROJECT IMPACT**

The project being linear in nature is not expected to result in large-scale displacement of community. Impact on livelihood is mainly due to the acquisition of private agricultural land and business units along the project corridors. District-wise details of Project Impacts are presented in the table below.

### **SUMMARY OF PROJECT IMPACTS (As per RAP)**

- Total Number of Project Affected Household: 14,884
- Number of Affected Title Holder: 10,305
- Number of Affected Non-Title Holder: 4,579
- Total Number of Affected Structures: 3892
- Total Number of Affected CPRs: 37
- Total Number of Affected Commercial Structures: 271
- Total number of Impacted Trees: 37,394

## **4. MONITORING OF RESETTLEMENT ACTION PLAN**

From July, 2017 to July 2018, a Social Impact Assessment Study was done based on which a RAP has been prepared. The RAP is approved by NHRCL as per no. NHRCL/MA/CE01/JICAAPJTAPPRSL-TIGN/52.1/2588 dated 12.09.2018. It has identified all potential social issues in the project and has developed mitigating measures for the impact of the project.

NHRCL is submitting the third quarterly progress report to JICA for the period of April 1<sup>st</sup>, 2019 to June 31<sup>st</sup>, 2019.

c. Through RAP implementing agency i.e. M/s Arcadis about 79 manpower has been deployed for land acquisition and social safeguard activities. Further, additional deployment of about 54 manpower has also been done by engaging two agencies i.e. CPMA and RANE for Information Education and Communication activities in Palghar district.

*Details Provided in Row 1 of Attachment M*

2. **Progress of Joint Measurement Survey:** Out of total **297 villages** falling in the project alignment, field-work for JMS has been completed in **251 villages**. This is around 85 percent of the total villages. The other steps involved include preparation of Joint Measurement Reports for the villages, submission to district authorities and subsequent approval. **Approximately 81% of the Joint Measurement Reports** submitted to district administration have been approved by Land Acquisition Officer. Efforts are in place to expedite the process to complete the remaining stretch of JMS.

*Details Provided in Row 2 of Attachment M*

3. **Valuation of Properties attached to the structure:** Valuation has to be done for structures, trees and utilities attached to the land being acquired. After confirmation on numbers in Joint Measurement Report, the values of the structure is calculated by government authorized valuer. The details are further confirmed by Road & Building Department in Gujarat and Public Works Department in Maharashtra and DNH.

*Details Provided in Row 3 of Attachment M*

4. **Verification of Impacts after completion of JMS** NHRCL created a software for Management Information System in March, 2019. After Joint Measurement Reports for the villages are finalized by the district administration, the complete details are filled in the software. While 14884 households were identified at the time of socio-economic survey during RAP, for the villages where JMS have been completed & JMR are received, the number of Project Affected Households are 9470 and corresponding number of project affected persons identified are 42944.

*Details Provided in Row 4 of Attachment M*

5. **Adopting the RAP** RAP has been summarized and translated into Gujarati and Marathi and the same has also been uploaded in NHRCL Website. NHRCL has also submitted a copy to all land acquisition officers. Further, communication campaigns are also been organized for Project Affected Persons (PAP).

*Details Provided in Row 5 of Attachment M*

6. **Progress of Land Acquisition** At present, NHRCL is acquiring land on consent basis in both the states Maharashtra and Gujarat to reduce involuntary displacement. Consent camps are regularly organized to create awareness on the entitlement matrix & get final consent of the PAPs .

As per RAP, the total land requirement was 1434.47 hectares, however at present, total land requirement is reduced to 1,379.62 ha (154.66 ha governmental land, 127.50 ha railways land, 998.78 ha private land, 98.68 ha forest land). Till June 30<sup>th</sup> 2019, approximately 306.54 hectares of private land has been acquired through consent/direct purchase and in total (comprising of Forest, Railways, Government and Private land) 555.16 hectares of land has been acquired/transferred.

*Details Provided in Row 6 of Attachment M*

7. **Income Restoration Programme (IRP) Assistance:** RAP implementation agency have started to undertake "Training Need Assessment" surveys for identification of PAPs interested to undertake livelihood training. The priority district to start this activity were Ahmedabad, Anand and Kheda. The trade of training/training plan will be prepared after

completion of training needs assessment survey. A draft Income Restoration Plan for Anand district have also been submitted to NHRCL by RAP implementation Agency.

8. **Relocation of Common Property Resources:** As on 30<sup>th</sup> June' 2019 about 113 CPRs have been identified in the villages wherein JMS/JMR has been completed/submitted. During JMS ROW marking has been done on ground, based on the field survey new affected additional CPRs has been identified. Currently, NHRCL is in discussion with communities and land acquisition officers for relocation of common property resources.
9. **Grievance Redress:** The RFCT-LARR 2013 has a mechanism of hearing grievances and objections by Collector/LAO's at district level and all concern Collector/LAO's are also resolving objections under Section-15 of the RFCT-LARR 2013. Thus, the State and District Administration may follow the same route without nomination of their representatives separately for District Level GRC.

However, NHRCL has established Level 1 (i.e. District Level Committee), Level 2 (i.e. Regional Level Committee) and Level 3 (i.e. Head Office Level Committee) Grievance Redressal Committee. NHRCL has also notified/ uploaded all GRC details in public domain (i.e. NHRCL Website).

10. **Details on Consent Camp:** During the quarter 233 no. of consent camp has been held and 181 no. of stakeholder and village level consultations has been held by RAP Implementation Agency.
