Outline

Through dialogues and field visits both in Japan and Indonesia, participants will learn the importance of regional economic cooperation and integration. Taking the Indian Ocean Rim economic region as an examples, participants will examine policy for industrial development in their respective country. The supplemental phase in Indonesia will deepen participants' understanding on the concepts and theories which they learn in Japan.

Objective/Outcome	Target Organization / Group	
<p>【Objective】 The participants examine policies and measures for promoting trade and investment for industrial development by learning concept and efforts for regional economic cooperation and integration from case studies of Indian Ocean Rim countries and also analyzing comparative strength of each country among the economic region they belong to.</p> <p>【Outcome】 (1)To clarify issues on policies/measures for foreign trade and investment promotion of own country to draft report about their countries' comparative strength in industrial sector. (2)To comprehend the importance of policies/measures considering regional economic integration and international specialization by understanding essential concepts and theories on trade and investment, current international trends, and case studies. (3)To formulate action plan as concrete policies and measures for facilitating trade and investment through analyzing each country' s comparative strength in industrial sector among regional economic community. (4)Supplemental phase (Indonesia): To revise action plan by applying lessons of Indonesia government and outcome of opinion exchange with entrepreneurs in Indonesia. (5)To consider concrete policies/measures for implementing action plan made in the training course with commitments of related institutes.</p>	<p>【Target Organization】 Organizations in charge of national industrial policy</p> <p>【Target Group】 Executive officer (Person in charge or involved in designing/making of industrial policy.)Director level is preferable.</p>
