**Objective/Outcome**

**Objective**
Junior officers from Coast Guard organizations shall gain practical skills to perform their duties and improve their abilities to deal with int’l issues in a timely/appropriate manner. By fostering mutual/common understanding through the course, a network of participating countries shall be built up, and thereby, int’l cooperation will also be strengthened.

**Outcome**
1. Improvement of socio-scientific knowledge that will be the basis for addressing international issues
2. Improvement of legal thinking ability related to the maritime safety and security field
3. Acquisition of methods of resolving issues to contribute to the construction of international maritime norm based on the rule of law by examining maritime issues from various angles based on practice and legal theory
4. Preparation of a policy paper for deriving a solution for a particular issue by using method on comparison and consideration after sorting out the background and causes

**Contents**

- **Preliminary Phase**
  2. Preparation: Be familiar with the laws and regulations of one’s country concerning maritime safety and security as well as int’l laws and conventions.

- **Core Phase**
  **Compulsory subjects**
  **Elective subjects**

**Website**
This project is designed to award a master’s degree to training participants who enroll in the GRIPS/JCGA education cooperation program through this training and attain appropriate results after completing the program.
