	Outline		
around the w stakeholders	elopment projects have attracted attention from governments as a means to a vorld, in order to accelerate various improvement and innovation by strate . This program offers opportunities to analyze various clusters in Japan a .ored policies, strategies, activities for each cluster.	gic and subs ⁻	tantial integrations among
	Objective/Outcome	Target	Organization / Group
settings of	practical and effective cluster approach, which is appropriate for the targeted regional industry	[Target Organization] National/Regional Governments, business associations, universities and research institutes, which	
	ize and share the description of participant's cluster development, such strategy, operation, activity.	<pre>initiates and/or facilitates cluster [Target Group] - Officers/staffs engaged in cluster development, operation, management, etc.</pre>	
2. To compar approach	re participant's cluster by understanding the basic concept of cluster		
3. To clarif cluster	By the role/function of stakeholders in launching/managing/operating	More than 3 years in relevant fieldSufficient English ability for	
4. To select setting	appropriate methods and tools to activate cluster in the respective	discussion	
	e to propose an idea/plan to activate participant's cluster by using ined from the program		
	Contents		(A) 2017/10/01~2017/10/31
cluster	on/Problem identification: Report based on analysis of participant's	Course Period	(B) 2017/09/27~2017/10/28 (C) 2017/11/19~2017/12/19
- Lectures and Case analysis: Basic concept/principal of cluster, government policy as cluster strategic plan, Ornizational structure and the function, Cluster initiative organizations, Cluster coordinators and facilitators (or Pointpersons, secretariat etc.), Various types of Linkage		Desertsont	Industrial Development an
		Department in Charge	Public Policy Department
- Summary: Action plan based on the review of participant's cluster approach *The term Cluster was introduced by Michael Porter (1990) as a "geographical concentration of interconnected companies and institutions in a particular field.". However, the economic cluster model is more than a group of firms within the same industry, and it represents a synergy, a dynamic relationship and a network between not only the companies that comprise a cluster but also the successful partnering of the stakeholders			(A) JICA Hokkaido (Sapporo)/(B) JIC Chubu/(C) JICA Hokkaido (Sapporo)
*Cluster ope all cluster	erates in widely different settings, but there is no single model to make successful. Each cluster needs to find the approach that will be most ider the given circumstances.	JICA Center
