Course No. : J1704080		No. : 1784762	
Sector : Gender and Development/Gender and Development			
Sub-Sector :			
Language : English			
Outline			
Since human trafficking has become serious in ASEAN countries, it must be tackled promptly and accurately. However, it is impossible to tackle with it by only one country. Establishing network as a wide area issue is essential. This course aims to enhance mutual understanding on anti-human trafficking especially prevention and protection and to promote more effective regional cooperation.			
Objective/Outcome		Target Organization / Group	
【Objective】 Participants including Japan enhance mutual understanding on anti-human trafficking. In particular, participants comprehend the role and cooperation system of concerning agencies tackling with prevention and protection. In addition, participants consider how they enhance their capacity and partnership and how they strengthen the cross boarder network.		【Target Organization】 Governmental and non-governmental organizations related to anti-human trafficking 【Target Group】 (For countries allocated single seat to participate) Officials at the rank of assistant director or higher involved in formulation of anti-human trafficking policies in related government ministry or agency. The priority should be put on persons who are in charge of protection and support for social reintegration of victims. (For countries allocated two seats to participate) In addition to the above, staffs on the front line of fight against human trafficking. The priority should be put on persons who are in charge of protection and support for social reintegration of victims (e.g. Social workers)	
【Outcome】 1. To understand the Japanese government's approaches against human trafficking 2. To understand the support measures for trafficked person by Japanese non-governmental organizations 3. To identify the series of procedure and the role of relevant organizations involved with prevention, prosecution, protection and support of trafficked person and to analyze good practices and issues. 4. To share respective situation and approaches of anti-human trafficking among participants, and consider each country's measures against human trafficking and approaches for strengthening the transnational network against human trafficking.
