

Enhancement of Access to Justice 司法アクセス強化		New
Target Countries :		
Course No. : J1804425	No. : 1884640	
Sector : Governance/Legal and Judicial Development		
Sub-Sector :		
Language : English		
Outline		
This seminar aims to introduce the efforts to improve access to justice in Japan, to share issues and experiences on access to justice of each participant's country, and to exchange opinions and networking among participants.		
Objective/Outcome		Target Organization / Group
【Objective】 To obtain information that is helpful for taking measures on improving access to justice by analyzing factors and backgrounds that impede access to justice and realization of rights.		【Target Organization】 Bar Association, Court, Ministry of Justice or corresponding ministries, public institutions and NGOs which are responsible for legal aid
【Outcome】 1. To Understand how information concerning laws, regulations and procedures are provided by government authorities and private sector in Japan. 2. To understand the disparity in regards to access to justice between cities and rural areas, and its countermeasures in Japan and analyze the own issues of participant's country. 3. To understand the framework in Japan to provide legal service to the poor and analyze the issues of participant's country. 4. To understand the framework in Japan to provide legal services for those who have special needs such as foreigners, elderly people, people with disabilities and analyze the issues of participant's country. 5. To understand effective measures for providing information concerning laws, regulations and procedures by government authorities and private sector.
