

Inclusive land administration and improved tenure security 包摂的な農地行政と保有権改善		Updated	
<b>Target Countries :</b>			
<b>Course No. :</b> J1804026		<b>No. :</b> 1884681	
<b>Sector :</b> Agricultural/Rural Development/Agricultural Policy and System			
<b>Sub-Sector :</b>			
<b>Language :</b> English			
<b>Outline</b>			
This program will equip participants with knowledge on global discussion on improving tenure security, Japan's agricultural land management and related policies. Further, the participants will acquire skills in drafting the action plan on inclusive land administration.			
<b>Objective/Outcome</b>		<b>Target Organization / Group</b>	
<p><b>【Objective】</b> This program aims to build participants' capacity in identifying and addressing the issues of land tenure and agricultural investment. The participants are expected to promote the inclusive and sustainable land use based on their action plans to be developed through the training in Japan.</p> <p><b>【Outcome】</b> 1. To understand a global overview on current agricultural land related issues. 2. To apply international initiatives and instruments towards improved land governance to the action plan. 3. To learn from the lessons learned and good practices from Japan's land administration system, land reform and existing challenges. 4. To draft improvement plans based on Outputs 1-3 above.</p>		<p><b>【Target Organization】</b> Administrative agencies of central or local government that engage in planning and supervising agricultural land system.</p> <p><b>【Target Group】</b> 1. Executive officers in charge of policy planning on agricultural land management. (The senior management level such as Director-general is highly desirable) 2. At least 10 year experience in relevant field is essential.</p>
