

Sustainable Use of Fisheries Resources through Diversification of Fisheries-based Livelihoods in Small-island States 島嶼国における水産業多様化と資源の持続的利用		Updated
<b>Target Countries :</b>		
<b>Course No. :</b> J1804031	<b>No. :</b> 1884759	
<b>Sector :</b> Fisheries/Rural Development in Fisheries		
<b>Sub-Sector :</b>		
<b>Language :</b> English		
<b>Outline</b>		
With special attention on the context of small-island states, this course offers practical training on various measures/approaches for sustainable use of fisheries resources and diversification of fisheries-based livelihoods. The course encompasses such topics as reef resource management, FAD fisheries, fishers cooperatives, aquaculture, value-addition to fishery products and marketing.		
<b>Objective/Outcome</b>		<b>Target Organization / Group</b>
<p><b>【Objective】</b> Participants enhance their technical capabilities to promote sustainable use of fisheries resource and diversification of fisheries-based livelihoods with due considerations of constraints/difficulties of small island states.</p> <p><b>【Outcome】</b> 1. Participants acquire skills and knowledge on various analytical tools including sector analysis and stakeholder analysis 2. Participants have better understanding on roles and functions of key stakeholders of fishery sector development and resource management (administration/research/producer organizations) as well as effective coordination/cooperation mechanisms among stakeholders 3. Participants have better understanding on the issues of tropical fisheries resource management and measures to address these issues 4. Participants acquire skills and knowledge on diversification of fisheries-based livelihoods including FAD making/deployment, small-scale aquaculture, fish processing/value-addition, marketing, handy craft making etc 5. Participants improve their skills and knowledge on project planning (application of Project Cycle Management method)</p>		<p><b>【Target Organization】</b> National/local fisheries line agency Fisheries research institute Fisheries development authority/corporation Producer organizations</p> <p><b>【Target Group】</b> Officers of national/local fisheries line agency, Fisheries extension officers, Fisherman's organizations staffs. More than 3 years of experience with related work. Have a good command of English.</p>
<b>Contents</b>		
1a. Compilation of a country report that summarizes 1) current status and issues of fisheries sector and resource management in the country, 2) measures taken by the governments to address said issues 1b. Lectures and practices on the use of analytical tools 2. Visits to fisheries administration, research institutions, fishers' cooperative association and others, and lectures on their organization/activities 3. Case studies of various initiatives on tropical fisheries resource management 4. Field observations and practices on relevant topics 4a. Group discussion on adaptive application of measures/approaches for sustainable use of fisheries resources and diversification of fisheries-based livelihoods in the context of small-island states 4b. Formulation of an action plan		<b>Course Period</b>
		2018/6/20~2018/8/4
