

| Comprehensive City Planning 都市計画総合 | | Continuing | |
|---|----------------|--|---|
| Target Countries : Countries having cities of 200,000 population or more | | | |
| Course No. : J1804183 | | No. : 1884767 | |
| Sector : Urban/Regional Development/Urban Development | | | |
| Sub-Sector : | | | |
| Language : English | | | |
| Outline | | | |
| The ever-growing populations in developing countries are over-concentrated in cities. However, infrastructure in these area has not been adequately developed to meet the pace of urbanization typified by expansion of people and economic activities and the spread of urban districts. This program aims to propose an comprehensive city planning system by learning Japanese system and conducting case study. | | | |
| Objective/Outcome | | Target Organization / Group | |
