**Course No. :** (A) 201984798-J002/ (B) 201984799-J002/ (C) 201984800-J002

**No. :** (A) 201984798/ (B) 201984799/ (C) 201984800

**Sector :** Environmental Management/Solid Waste Management

**Sub-Sector :**

**Language :** (A) English/ (B) English/ (C) Portuguese

**Outline**

Through lectures and field visits about Japanese strategies and activities by government (central and local), corporates and communities, this course aims to clarify the issues and enhance capacity of solid waste management, especially recourses circulation, 3Rs, social awareness and citizen participation. Through the above, participants will formulate action plans towards sustainable recycle-oriented society.

Objective/Outcome	Target Organization / Group	
<p><b>【Objective】</b>                      Participants clarify their respective countries' issues on SWM, and formulate action plans concerning measures for a sustainable recycle-oriented society.</p> <p><b>【Outcome】</b>                      1. To clarify the common issues and country specific issues regarding SWM.                      2. To comprehend the laws, regulations and systems of solid waste management of Japanese central and local government, and to clarify the differences between Japan and participants' respected country.                      3. To comprehend concepts and methods of resource recycling and 3Rs and to find the way to apply to participants' country.                      4. To acquire the know-how to build a sustainable society through the cases or activities of government, communities, and corporates.                      5. To formulate an action plan towards a sustainable recycle-oriented society.</p>	<p><b>【Target Organization】</b>                      Central and local government, related organizations, or corporates engaged in solid waste management</p> <p><b>【Target Group】</b>                      &lt;Expected job title&gt;                      Administrative officers of governments (central and local) and related organizations                      &lt;Expected job experiences&gt;                      More than 3 years experiences in SWM                      &lt;Other&gt;                      Participants should stay engaged in SWM after the program</p>	
<p><b>Contents</b></p> <p>1-1. Inception report presentation and discussion                      1-2. Present situation of solid waste problems                      2-1. Environmental plans, policies, laws of Japan and local government                      2-2. Government operations of SWM                      3-1. Reduce (3R)                      3-2. Recycle (3R)                      3-3. PPP, cooperation with private sectors                      4-1. Environmental Education                      4-2. Social awareness and citizen participation, Environmental Education                      5. Discussions and formulation of action plans</p>	<p><b>Course Period</b></p>	<p>(A) 2019/6/10~2019/7/6                      (B) 2019/10/21~2019/11/16                      (C) 2019/8/25~2019/10/19</p>
	<p><b>Department in Charge</b></p>	<p>Global Environment Department</p>
	<p><b>JICA Center</b></p>	<p>(A) JICA Kansai ( I )                      (B) JICA Kansai ( I )                      (C) JICA Kansai ( I )</p>
	<p><b>Cooperation Period</b></p>	<p>2017~2019</p>

**Implementing Partner** (A) (B) Learning and Ecological Activities Foundation for Children (LEAF), (C) Kyoto Environmental Activities Association (KEAA)
