Course No. : 201984681-J002

No. : 201984681

Sector : Agricultural Development/Agricultural Policy

Sub-Sector :

Language : Vietnamese

Outline

This program aims to build participants' capacity in identifying and addressing the issues of land tenure and agricultural investment. During the Japan program, participants shall have opportunities to know global agenda on improving tenure security, Japan's agricultural land management and related policies. The participants are expected to prepare an action plan to promote inclusive land administration after their return.

Objective/Outcome	Target Organization / Group	
<p>【Objective】 The participants make a report for promoting inclusive and sustainable land use in their country based on the knowledge acquired in Japan.</p> <p>【Outcome】 1. To analyze current issues/challenges on agricultural land related issues in participants' countries 2. To be able to explain a global overview / international initiatives and instruments towards improved land governance. 3. To be able to explain the lessons learned and good practices from Japan's land administration system, land reform and existing challenges. 4. To draft a report including action plan based on Outputs 1-3 above.</p>	<p>【Target Organization】 Administrative agencies of central or local government that engage in planning and supervising agricultural land system.</p> <p>【Target Group】 1. Executive officers in charge of policy planning on agricultural land management. 2. more than 7 years occupational experience in relevant field</p>
