

4. Governance

Target Countries :

Course No. :J1604151

Sector :Governance/Legal and Judicial Development

Sub-Sector :

Language :English

Outline

The program is organized by UNAFEI, which has a wealth of experience and depth of knowledge in providing useful training for criminal justice practitioners. This course, which targets criminal justice practitioners such as police officers, prosecutors, judges and officials of anti-corruption agencies responsible for detection, suppression and prevention of corruption, covers specific themes which reflect up-to-date international trends in the field of combating corruption. This course consists of presentations by, and group discussions among, course participants as well as a variety of lectures from Japanese and foreign experts and observation visits to relevant institutions. Thereby, it offers an invaluable opportunity for its participants to share experience and knowledge among each other and to search for "best practices" which can be applied to each country in its own context. Furthermore, it serves as a basis for creating a worldwide network of practitioners in the field of criminal justice.

Objective/Outcome	Target Organization / Group	
<p>【Objective】 Participants will share their countries' current criminal justice approaches against corruption and their challenges. In addition, they will examine recent international trends of anti-corruption. Thereby each country will formulate desirable countermeasures against corruption and establish a global network for cooperation and information-sharing.</p> <p>【Outcome】 Participants will: 1. identify and share the current situations and issues in their countries relating to combating corruption. 2. share the latest international trends, including Japan's experiences relating to combating corruption. 3. discuss effective countermeasures to address issues in the respective countries relating to combating corruption. 4. share the best practices for combating corruption in the respective countries, and establish a global network for cooperation and information-sharing.</p>	<p>【Target Organization】 Agencies governing anti-corruption law- or policy-making, or engaged in investigation, prosecution and adjudication of corruption cases.</p> <p>【Target Group】 1. Relatively high-ranking officials involved in law- or policy-making on corruption control. 2. Supervising officials of investigators, public prosecutors and judges who deal with corruption cases.</p>	
Contents	Course Period	2016/10/09 ~ 2016/11/17
<p>【Preliminary Phase】 Preparation of individual presentations with advice from UNAFEI professors</p> <p>【Core Phase】 1. Individual presentations with Q & A session 2. Lectures by UNAFEI professors, officials from relevant Japanese organizations and visiting foreign experts. 3. Observation visits to relevant facilities, such as prosecutors' office, court etc. 4. Discussion in group workshops and formulation of a final report 5. Presentation of the final report with Q & A session</p>	<p>Implementing Partner</p>	<p>United Nations Asia and Far East Institute for the Prevention of Crime and the Treatment of Offenders(UNAFEI)</p>

Participatory Local Social Development (PLSD) 参加型地域社会開発 (PLSD)		1684505 Updated
Target Countries : _____		12 participants
Course No. : J1604105		
Sector : Governance/Local Governance		
Sub-Sector : Agricultural/Rural Development/Rural Development		
Language : English		
Outline		
For self-reliant and sustainable community development, it is fundamental to analyze the capacity of local community in terms of a local societal system and locally shared resource utilization to capacitate the local organizations. Based on PLSD theory and framework developed by Prof. Ohama, this program provides the theoretical framework and practical strategies for participatory local social development.		
Objective/Outcome		Target Organization / Group
【Objective】 To be able to propose an improved project plan and/or activity in consideration of Participatory Local Social Development perspectives.		【Target Organization】 National/Local Governments, Universities, NGOs implementing local/community level projects on social development.
【Outcome】 1. To gain comprehensive knowledge of the Participatory Approach (PA) as effective methodology to raise awareness among targeted local residents and organize them. 2. To acquire the basic framework to analyze the local people's capability and mechanisms of resource utilization and management in the context of a local community/societal system. 3. To obtain comprehensive knowledge and skills of Participatory Local Social Development planning and implementation. 4. To prepare an improved project plan and/or activity by reanalyzing participant's current project, based on Participatory Local Social Development perspectives.		
Contents		Course Period 2016/08/03 ~ 2016/09/12
<Participatory Approach Methodology for promoting local people's participation> - Framework of historical background and basic concept for PLSD - Theory and Practice, Effectiveness and Limitation of Participatory Approach (PA)		Implementing Partner
		Under Planning
<Methodology for analyzing the current situation in a local community> - Three factors of development and self-organization power - Function pattern and step-by-step approach of local community system		Department in Charge
		Industrial Development and Public Policy Department
<Case study and observations> - Japan : Iida in Nagano, Kobe in Hyogo, Philippines, Tanzania, etc.		JICA Center
		JICA Chubu
<Implementation of the PLSD theory and methodology> - Points to note and methods for planning, implementation, management and evaluation - Reviewing Inception Report/Analysis and sharing revised project plans		Cooperation Period
		2016~2018

Outline

This program is designed for field workers engaging in community development on site. Participant will have opportunity to learn effective community facilitation concept and method of community-led development. These make it possible for community development activities to be modified into community-led development utilizing local resources through collaboration among various stakeholders.

Objective/Outcome	Target Organization / Group	
<p>【Objective】 Newly acquired concept and methodology of community based development are shared within CBOs and community where the participants work for and tangible changes in strategy and activities of community development are observed.</p> <p>【Outcome】 1. To objectively figure out issues to be solved and a goal to be attained after reviewing community development activities. 2. To be able to practice facilitation methods with clear awareness of the concept of community and the role of outsiders in community based development. 3. To be able to obtain specific lessons learnt from experience of Japanese local community such as utilizing local resources with community initiative through collaboration between local government and civil society, thus to be able to apply those lessons in own fields. 4. To formulate an action plan in order to utilize and share newly obtained development concept and facilitation methods in each organization or community .5. Newly acquired development concept and methods are shared among the organization and practiced in the communities.</p>	<p>【Target Organization】 NGOs or CBOs and local governments that have staffs/officers who are actively engaged in community development on site.</p> <p>【Target Group】 1. be a field staff who actively works in community development site. 2. have 3 years or more experience in the field of community based development. 3. Currently engaged in community development with prospects of continuous involvement in the future.</p>	
Contents	Course Period	2016/07/03 ~ 2016/08/06
<p>【Preliminary Phase】 To formulate Inception Report(includes experience of community development practice by the participants) 【Core Phase】 1. (1) Workshop: Sharing/reviewing experiences, views of the participants on community development (2) Workshop/Lecture: Basic concept and history of community development 2. (1) Workshop: Role of outsiders in community development (2) Workshop/Lecture: Skills/methods of fact-based community facilitation 3. (1) Field visits: Case Studies on Facilitation of Community Development in Japan. Visiting a local community where people initiated community-based actions through facilitation of outsiders and collaboration among stakeholders. (2) Workshop: Finding lessons from field visit 4. (1)Workshop/Individual Work: Finding lessons from the course and planning the ways of sharing in the organizations participants belong to and practicing the lessons (Action Plan) (2) Action Plan sharing, discussion, and amendment 【Finalization Phase】 After reviewing the progress of implementing the action plan, a final report will be submitted to JICA.</p>	Implementing Partner	Under Planning

Building democracy is now a core issue for regions such as Middle East and North Africa which are under the Spring of Arab. International society has supported democratization of those regions, assisting elections. However, achieving democratization is not a easy task. This program offers the opportunity for learning the way to establish democracy, focusing on the stage of election and after that stage.

Objective/Outcome	Target Organization / Group	
<p>【Objective】 Participants understand appropriate mechanism of national assembly, fair administration of elections, and independent media reports. Applying this knowledge, participants draft an Action Plan to tackle with issues they face.</p> <p>【Outcome】 1. To understand and explain functions of national assembly, learning the overview and workings of Japanese Diet and its secretariat 2. To know fair management of elections and explain electoral administration 3. To deepen knowledge of media reports which are highly independent of government, and compare with the ones in participants' country 4. To draft an Action Plan to tackle with issues participants face on legislative and electoral administration</p>	<p>【Target Organization】 national assembly secretariat and election commission</p> <p>【Target Group】 senior officials of national assembly secretariat or election commission at the level of director or in a higher position</p>	
<p>Contents</p>	<p>Course Period</p>	<p>2016/05/08 ~ 2016/05/25</p>
<p>1. (1) Lectures: Japanese democracy, role of political party (2) Site visits: Japanese Diet, local assembly 2. (1) Lectures: Japanese electoral administration, electoral system, election crimes, political funds control (2) Site visits: the poll, ballot-counting place 3. (1) Lectures: Japanese media reports (2) Site visits: Japan Broadcasting Corporation (NHK) 4. Action Plan preparation and presentation</p>	<p>Implementing Partner</p>	<p>Under Planning</p>
