- \*1 Program Title (English/Japanese)
- \*2 Classification

The program is classified into New, Updated, or Continuing.

\*3 Innovative and Quality

The indicator appears if the program is the Innovative and Quality Program.

\*4 Target Countries

The conditions shown here if the program requires the participating countries to fulfill certain conditions such as geographical conditions, social circumstances, or representation in international conventions or bodies.

\*5 Course Number

If the program is implemented more than twice a year, the each course has it own course number as well as it is distinguished as course (A) and course (B).

- \*6 Global Issues (Sector)
- \*7 Global Issues (Sub-Sector)
- \*8 Language

Language used in the program

\*9 Outline

Description of the program characteristics

\*10 Objective/ Outcome

The objective or outcome which should be achieved by participants and/or participating organizations following completion of the program.

\*11 Target Organizations / Group

[Target Organizations] indicates the type of organization targeted by the program.

[Target Group] shows specific qualifications / requirements of participants.

\*12 Contents

Description of the program contents. In some cases, [Preliminary Phase] or [Finalization Phase] may be included as a part of the overall program.

[Preliminary Phase] Activities which should be performed by participants / participating organizations prior to the visit to Japan (e.g. preparation seminar, research, report writing etc.). [Finalization Phase] Activities which should be performed in the home country following completion of the program in Japan, so as to diffuse outcomes of the program from individual participants to the participating organization or society of recipient country (e.g. implementation of Action Plan, submission of Final Report etc.).

\*13 Course Period

Total period spent in Japan from arrival to departure. (NB: Subject to change)

\*14 Department in Charge

JICA department responsible for the program.

\*15 JICA Center

JICA domestic center responsible for the management of the program.

\*16 Cooperation Period

Fiscal years in which the program will be provided (normally 3 years).

\*17 Implementing Partner

Organizations primarily responsible for implementation of the program.

\*18 Remarks and Website

Other information relevant to the program, such as the background, details of implementing partner organizations and bodies to participants etc. as well as relevant website address.
