UNAFEI's anti-corruption program consists of presentations by participants, lectures by experts from and outside Japan, group discussions, and observation visits. UNAFEI has a wealth and depth of experience in providing useful training, and its programs offer a unique opportunity to share experiences, gain knowledge, create international networks, and improve country practices.		
Objective / Output	Target Organization / Group	
(Program Objective) Participants will share their respective countries' experience and future directions in anti-corruption efforts, with reference to recent international trends, and establish a global network for the exchange of updated information on the practice of the respective countries. (Output 1) The current situations and issues in participants' countries concerning combating corruption in criminal justice will be identified and shared. (Output 2) Recent international trends, including Japan's experiences concerning combating corruption will be shared. (Output 3) Effective countermeasures to address issues in the respective countries concerning combating corruption will be discussed. (Output 4) Future directions for addressing issues concerning combating corruption will be shared, and a global network centered on UNAFEI will be established.	Relatively high-ranking officials who are involved in policy-making on corruption control in criminal justice or supervising officials who actually deal with corruption cases, including legislative administrators, investigators, public prosecutors and judges;	
Contents	Program Period	2011 / 10 / 12 ~ 2011 / 11 / 12
(Before) Preparation of individual presentation with advice from UNAFEI faculty. (Japan) Individual presentation, and questions and answers. (Japan) Lectures by UNAFEI faculty and persons from relevant organizations, including foreign experts. (Japan) Observation visits to relevant facilities, such as prosecutors offices, etc. (Japan) Discussion in group workshops and formulation of the joint report on the main topic. (Japan) Presentation of the joint report formulated in the group workshop.	Implementing Partner	UNAFEI

To strengthen the governance of Asian countries, this seminar is designed to improve the institutional capacities of Supreme Audit Institution (SAI)s in Asia by enabling senior level officials to find effective solutions to their current common challenges on government audit through sharing knowledge and experiences.		
Objective / Output	Target Organization / Group	
(Program Objective) Effective solutions and directions on “how to strengthen SAIs to meet the public expectation on SAI” will be shared in participating SAIs. (Output 1) Each participant can explain the current situation on his/her own SAI’s challenges which the SAI ought to address by discussing and sharing participating SAIs’ knowledge and experiences. (Output 2) Upon renewing understanding of his/her own SAI’s challenges by the output 1, each participant will learn the audit system of both national and local governments of Japan and their experiences. And, participants can explain the view on how to deal with challenges after taking lectures given by experts. (Output 3) Based on the output 1 and 2, participants will formulate a report on innovative practices to address common challenges to their own SAIs and other SAIs as well.	(1) Senior Officials (at Director level or above) of the Asian Organization of Supreme Audit Institutions (ASOSAI). (2) have a minimum of five(5) years of experience, in principle, in Supreme Audit Institution. (3) 30–45 years of age, in principle

<p>The main theme of this seminar is how public administration should contribute to the socioeconomic development of developing countries, and it also examines governance fields requiring improvement in order to achieve continuous growth. As a point of reference, this seminar presents the historical and recent trends in of developmental processes in post-war Japan from the perspective of governmental policy formulation while also including historical factors and social background. This discussion of the issues and causes experienced by Japan, together with those currently facing developing countries is applied in the study of paths that will move these developing countries towards development and expansion.</p>		
Objective / Output		Target Organization / Group
<p>【Program Objective】 Policy formation ability of the senior government officials, who are responsible for policy making, will be enhanced.</p> <p>【Expected Module Outputs】 (1) To get a better grasp of the roles of public administration and human resource development in Japan, which served as crucial elements for socioeconomic development during the post war period. (2) To examine the validity of their administration and human resource development system, and identify issues/challenges in comparison with those of Japan and other participating countries. (3) To seek a new way of policy formulation and public administration in developing countries by grasping and analyzing the current situation and its issues. (4) To discuss the issues and challenges, which participating countries face and draft an improvement plan for them.</p>		<p>【Target Organization】Central Government 【Target Group】 (1) must be senior government officials of a corresponding ministry of the central government (director-general level), or an equivalent position (section manager at a minimum), and must be involved in policy formulation. (2) have experience of policy formulation and coordination for more than five (5) years. (3) have a university or equivalent (or above) academic degree. (4) be proficient in spoken and written English.</p>
Contents		Program Period
<p>【Activity in Preliminary Phase in home country】 Preparation of Inception Report 【Activity in Core Phase in Japan】 Lectures, study tour, presentation and discussion mentioned below are planned to be conducted. (1) Presentation: Inception Report "The Roles of Public Administration to contribute to the socioeconomic development taking of the country" (2) Lecture: Development of Governance in Japan, Japanese civil service system, Ethics for civil servants, Financial Policy in Japan, Local government system and decentralization, Management of Policy Making Process, Socioeconomic development in developing countries, International Comparison of Administrative reform, HRD in developing countries, Decentralization and local governance in developing countries, Governance in developing countries and development aid from donors, Countermeasures against corruption in developing countries (3) Study Tour: Private Enterprise, Prefectural or Municipal Government (4) Presentation: Improvement Plan "The Roles of Public Administration to contribute to the socioeconomic development taking of the country"</p>		<p>2011 / 10 / 30 ~ 2011 / 11 / 19</p> <p style="text-align: center;">Implementing Partner</p> <p style="text-align: center;">Under Planning</p> <p style="text-align: center;">JICA Center</p> <p style="text-align: center;">JICA Tokyo(Public Policy)</p> <p style="text-align: center;">Cooperation Period</p> <p style="text-align: center;">2011~2013</p> <p style="text-align: center;">Remarks and Website</p> <p style="text-align: center;">Affiliated Ministry: National Personnel Authority This program is for high ranking officers.</p>

<p>In auditing public works, Japan SAI has found numerous improper cases regarding non-compliance to relevant standards in design and cost estimation and non-compliance to the design in construction, etc. Japan SAI provides such valuable experience and expertise, which no other SAIs have, to participating SAIs so as to strengthen their capability in auditing public works and thus to contribute to the improvement of the public works in their countries.</p>		
Objective / Output	Target Organization / Group	
<p><Program Objective>Based on experiences and knowledge of the SAI of Japan, the necessity and importance of audit of public works, such as the improvement of social infrastructure that is essential for the future development of the country, are understood not only in terms of the accounting method but also from the perspective of designing, cost estimation, construction and usage, and viewpoints and methods/techniques necessary for public works audit are acquired.</p> <p><Outputs></p> <ol style="list-style-type: none"> 1. To be able to explain the Japanese audit system, the historical background of public constructions in Japan, the technical and engineering viewpoint of audit, and audit knowledge on public works. 2. To be able to prepare an Action Plan to report their own country. The knowledge acquired through this program should be summarized in the Action Plan. 3. Activities (based on the Action Plan) to share the knowledge and ideas that are acquired and discussed in Japan are implemented. 	<p><Target Organization>Supreme Audit Institution (SAI) <Expected Job Title>Auditor of SAI <Expected Job Experience> Have a minimum of 5 years of experience in government audit <Other Qualifications>Be proficient in spoken and written English</p>	
Contents	Program Period	2011 / 6 / 19 ~ 2011 / 7 / 13
<p>In the preliminary phase, each participant should submit Inception Report. BOAJ will give feedback if there needs to be improvement in the report. During the seminar in Japan, Inception Report presentation, lectures on Outline of the Board of Audit Japan, History of Audits of Public Works, Implementation System of Audit of Public Works and hands-on practice by using structure models etc., are conducted. Participants will formulate 'Action Plan' which should include what they have learned and understood from the lectures, and they present it at the end of the seminar. After return to own country, Final Report containing the progress results of Action Plan is submitted.</p>	Implementing Partner	Board of Audit of Japan
