

5. Peace building

Capacity Development on Governance in Conflict-affected Countries 紛争影響国におけるガバナンス能力強化		Group Solution	1280251 New
Target Countries : <input type="text"/>		10 participants	
Sector :Peace-building/Governance			
Sub-Sector :			
Language :English			
Appeal			
It is crucial for the country leaders in conflict-affected countries to have clear and distinctive images of improvement of the governing system (such as legal system, media and public relations). The target countries are conflict-affected ones which JICA supports in the governance field. The course also aims to build network with relevant institutions related to JICA's on-going cooperation in those countries.			
Objective/Output		Target Organization / Group	
<p>【Objective】 To improve the comprehension of the participants with reference to the governance in order to enhance the policy formation and implementation capacity for more stable state building process.</p> <p>【Objective for each unit】</p> <ol style="list-style-type: none"> To understand the current situations of the governance structure of the participants' countries and issues of the governance in conflict affected countries. To obtain the concrete images on how the state should be for a better functioning. To understand Japanese governance structure, relations between administrative, legislative and juridical authorities and those between central and local governments, to extract the lessons which can be referred to strengthen the national functions of the own state, and to apply the lessons to resolve the issues of the own country. To review the state imagery which each country aims for, considering the roles, competence and inter-relations among different authorities, and elaborate the policy recommendations. The draft of policy recommendation will be shared in the organizations and the implementation of the recommendation will be taken into account. 		<ul style="list-style-type: none"> • Central government (Office of the President, Cabinet Office, Ministry of Justice, Interior Ministry, etc.) • Directors for 2012, Mid-careers for 2013 and 2014 • Have 10 years of experience in the above targeted organizations • Expected to involve in the field for three years after the training 	
Contents		Program Period	2012 / 7 / 11 ~ 2012 / 7 / 25
