JICA has organized a Media Seminar and Tour on December 7, 2022 to mark its 60th anniversary of cooperation with Tanzania.

The main objective was to introduce the history of JICA's cooperation to the media and strengthen their relations. More than 40 journalists attended the seminar and paid a visit to two project sites supported by JICA; namely Muhimbili Power Sub-station and Mfugale Flyover.

Opening the seminar, Chief Representative of JICA Mr. YAMAMURA Naofumi showed his gratitude towards an opportunity to meet and interact with some members of the Tanzanian media and exchange ideas and experiences as well as strengthen relations with journalists.

Senior Representative of JICA Mr. WATANABE Hideki shared the history of JICA's cooperation with Tanzania over the past 60 years while other JICA officers explained about different activities. The JICA 60th Anniversary video was displayed to journalists during the event.
