

Project for Capacity Development of Business Persons and Networking through Uzbekistan-Japan Center for Human Resources Development Phase-3 (Technical Cooperation)

PROJECT OVERVIEW

The project supports the Uzbekistan-Japan Center for Human Resources Development (UJC), a bilateral institution dedicated to developing business human resources and strengthening economic cooperation between Uzbekistan and Japan. Through capacity development and expanded outreach activities, the project enhances UJC's role in promoting business networking and supporting private sector development in Uzbekistan.

PROJECT OBJECTIVE

The project aims to expand the outreach of UJC's business-related training and support activities to contribute to Uzbekistan's economic growth and job creation. It also seeks to strengthen sustainable operations of UJC by enhancing its engagement with business communities and improving linkages between Uzbek and Japanese enterprises.
