Notes: 1. This table outlines the manner in which disclosure requests, including those forwarded from other organizations, were handled on an individual request basis.

2. Figures recorded under “Cases transferred in full to other organizations” indicate the number of disclosure requests transferred in full to other organizations in accordance with Article 12 or Article 13 of the relevant act. Cases in which a request was divided and transferred to multiple administrative organizations have been counted as a single request. Cases in which a disclosure request was partially transferred to other organizations have not been recorded under “Cases transferred in full to other organizations”; the portion that was not transferred to other organizations is recorded as one request under “Disclosure decisions” or “Withdrawn.”

3. Figures recorded under “Withdrawn” represent the number of disclosure requests withdrawn by the requesting party following initial receipt by JICA, resulting in completion with no decision made as to the disclosure of information. This does not include requests not fully recorded, such as information disclosure requests withdrawn by the requesting party following the provision of information during the request recording process.
