Strengthening Indonesia’s State Asset Management through Technical Cooperation:
Implementation of the 2nd Seminar on "State Asset management"

The Directorate General of State Assets Management (DGSAM) – the Ministry of Finance Republic of Indonesia and Japan International Cooperation Agency (JICA) will hold the 2nd Seminar on "State Assets Management" on May 26, 2010 (Wednesday), at the Hotel Borobudur, Jakarta. The main speakers will include three (3) experts from the Japan’s Ministry of Finance: Mr. Akira YAMAGISHI (Director, National Property Examination and Appraisal Office – Finance Bureau), Mr. Masahiko YAMAKAMI (Director, National Property Department – Tohoku Local Finance Bureau), and Mr. Katsumi OKABE (Director, National Property Examination and Appraisal Section II, National Property Department – Kanto Local Finance Bureau). Around 40 people from DGSAM are expected to participate in this Seminar.

These experts are governmental officers from the Ministry as well as Local Finance Bureaus currently engaged in state asset management. Through this Seminar, they are expected to share their knowledge and experiences regarding concerning the state assets management and disposal practices, and credit management.

This Seminar is a continuation of the first seminar, which was held on April 21, 2010 at the same venue; with the main speakers of four (4) experts from Japan’s Ministry of Finance, including Mr. Yoshiji HARUYAMA (Director, Fiscal Investment and Loan Management Division).

This Seminar will be divided into four (4) lecture sessions: (i) The general description as well as management – disposal of state asset, (ii) The implementing institutions for state asset management – disposal (the relations between the Ministry and local agencies), (iii) The practices for common state asset management – disposal, and (iv) The management – disposal of special state asset.

This seminar is held as part of a Technical Cooperation Project (TCP) named “Project for Strengthening Institutional Capacity for the State Asset Management,” which has been implemented since September 2009 through the cooperation between DGSAM and JICA as a support towards the Government of Indonesia (GOI)’s efforts to strengthen its state asset management system.

The project focuses on the development of the laws and regulations, capacity development of the related government personnel, and development of database through the sharing of Japan's experience in its own state asset management. JICA has also dispatched one active Japanese government official, Mr. Yoshihide YAMAMOTO, to the Ministry of Finance – Republic of Indonesia to support the Project as a Chief Advisor.
