African Initiative for Combating Desertification to Strengthen Resilience to Climate Change in the Sahel and the Horn of Africa

Senegal
3 March 2017

Richard Byron-Cox (Dr.)
Target 15.3 of the SDGs
Under LDN/TSP countries receive:

- Technical guidance to assess & define national baselines related to the indicator frameworks
- Access to cutting-edge technical expertise
- Training through in international capacity building and knowledge exchange events.
- Direct technical and financial assistance including access to the best data, support for a multi-stakeholder consultation process and mainstreaming LDN
- Assistance in identifying LDN investment opportunities, in order to link LDN target setting with LDN implementation.
Engaging in the LDN/TSP

Participation is open to all countries of the Sahel region. In order to do so (which is voluntary), your UNCCD National Focal Point Institution should submit a letter of interest to LDNtargetsetting@unccd.int. You can also contact us on this e-mail address for more information.

The project is still open for participation and will certainly make for useful partnership with this African Initiative for Combating Desertification to Strengthen Resilience to Climate Change in the Sahel and the Horn of Africa.
The Capacity Building Marketplace

1. Its mission is capacity building for SLM exclusively
2. Democratizes the capacity building process
3. It really about affecting things on the ground
4. Full of information, opportunities and possibilities and we shall be opening a special part for the Sahel and Horn of Africa
5. Innovative, dynamic and interactive in every way
6. It’s absolutely FREE
7. Reaches the whole world 24/7
8. Always seeking partnership especially with CBOs
9. It’s fast, easy to use & updated every working day

It can help fulfil all 3 of the objectives
Presentation of the CBM live

The CBM operates 24 hours a day and updated daily. It can be found at:
