JADIP

Japan-Africa Development and Innovation Platform

KAKEHASHI AFRICA launched the **Japan-Africa Development and Innovation Platform (JADIP)** under the motto "Network is Power".

JADIP sought to bring together Development Agencies, Companies, International Organizations, NGOs, Government Organizations, Academics, etc., to discuss and share their experiences on collaborations between Japan and Africa as far as **Business**, **Development** and **Innovation** are concerned.

This will be organized in all the regions under the Kakehashi-Africa's jurisdiction.

We had supports from **JICA**, **JICE** and **the University of Tokyo**. We look forward to having JETRO, UNDP, UNIDO, and agencies and companies on board.
