Japanese Experience on Integration of Urban Development and Railway Transport System, Transit-oriented Development (TOD)

Speaker

Ms. Tomoko Abe

Team Leader for JICA's Technical Cooperation Project

Ms. Tomoko ABE is an urban planner with expertise on urban development and Transit-oriented Development (TOD) and currently holding the position of Manager of the Overseas Department at ALMEC Corporation, a global consulting firm with headquarters located in Japan. She has worked globally on various urban planning and development projects and studies with focus on Transit-oriented Development funded by Japan International Cooperation Agency (JICA), the Asian Development Bank (ADB), and other organizations in Asian countries, such as the Philippines, Vietnam, Indonesia, Mongolia, Sri Lanka and Japan. She received her M.E in Architecture degree from the Science University of Tokyo in Japan.

Moderator

Dr. Marie Danielle V. Guillen

Ateneo de Manila University

Dr. Marie Danielle V. Guillen is currently an independent consultant with expertise on policy and planning (regional and urban planning) sciences specifically transport, climate change and participatory planning including social safeguards. Her most recent international consultancy projects were on transport safety and accessibility and climate change. She is also a Lecturer at the Ateneo de Manila University-Japanese Studies Program and a Professorial lecturer 2 at the University of the Philippines- Asian Institute of Tourism. She received her PhD. and M.S. in Policy and Planning Sciences both from the University of Tsukuba, Japan.

What is the JICA Chair?
