One Stop Border Post (OSBP) projects

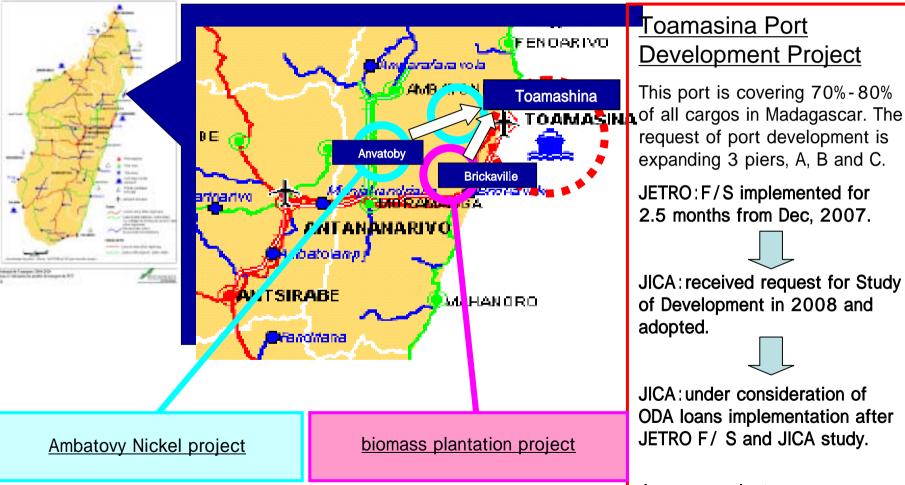

Japan's Assistance for Energy Sector in Africa

[Power Pool] The free trade of power within regions

There are 4 power pools in Sub-Sahara Africa, SAPP (South African Power Pool), EAPP (East African P P), WAPP (West African P P), CAPP (Central African P P). Exceptionally, in the case of significant power shortage within a pool, power has been traded among pools.

Case of PPP: Toamasina Port (Madagascar)

Toamasina Port **Development Project**

This port is covering 70%-80% request of port development is expanding 3 piers, A, B and C.

JETRO: F/S implemented for 2.5 months from Dec, 2007.
