

# JEPAK Newsle

A publication of JICA Ex-participants Alum

**Editorial Desk**

ighted to publish this year's Newsletter for the benefit of our members. This has been especially encouraging to be able to produce this important communication tool among the membership because we have had a very difficult year; and outside the JEPAK fraternity.

Mr. S. Kiiru

leading to the replacement of some Management Committee members, was especially and distressful. However, thanks to the spirit of cooperation and farsightedness among the members, which at the last Special General Meeting was able to provide a new way forward that has advanced the Alumni's objectives, including the publication of this newsletter possible. I take this opportunity to thank JICA Kenya Office for their continued financial and technical support, without which little would have been achieved.

At least, we wish to thank all those who contributed articles to this issue and take the opportunity to invite other members to contribute articles of topical significance for our next issue.

**SALUTATIONS**

- Message From The Patron 1
- Message From Resident Representative JICA Kenya Office 1
- Message From the Chairman 2

**POLITICAL ECONOMY**

- Role of JEPAK Professionals in National Development 3
