Let's celebrate the diversity

世界は多様性に満ちている

Idea to share

The world is big. *Very big.* It is full of different people, places, and things. All of these aspects differentiate us from one another, and give us our own identity.

That's why it's important to not only acknowledge these differences, but celebrate many cultures from around the world.

Just being with people from other cultures gives us the opportunity to learn new ideas and customs. And that opens up new ways of thinking.

世界はとてつもなく大きい。 様々な人、場所、物であふれている中で、いろんな側面から互いの違いに気づき、自分のアイデンティティが作られます。

だからこそ、こうした違いを認める だけでなく、世界中の文化を祝福す ることが大切です。

文化の異なる人と一緒にいるだけで、 新しい考えや習慣を学ぶ機会となり ます。そして、それが新たな考え方 へと広がります。

Culture and Diversity Quiz

To celebrate culture and diversity, let's test your knowledge with fun culture quiz.

世界中の文化と多様性を祝い、クイズに挑戦!

Q1. Which CONTINENT is the most linguistically diverse in the world? 世界で最も言語的に多様な大陸は?

Q1.Which CONTINENT is the most linguistically diverse in the world?

Answer Africa! The continent is home to anywhere from 800 to 1,500 of the world's languages.

Q2.What's the most linguistically diverse COUNTRY in the world?

Answer More than 820 languages (or 12 % of the world's total) are spoken in Papua New Guinea. And, although English is its official language, only one to two % of the population actually speak it.

Q3Which country is known as "the land of no rivers"?

Answer Saudi Arabia. Most of their fresh water comes from desalinization plants or underground reservoirs.

Q4. Which country has been labeled the most diverse?

<u>Answer</u> In almost every category—culturally, economically, climatically, racially, linguistically, ethnically, and religiously, India is either the most diverse country in the world or the runner-up.

Q5. Which country is the largest producer of oxygen.

Answer Siberia is home to approximately 25 % of the world's forests that span an area larger than the continental U.S., making Russia the largest producer of most of the world's oxygen.

Q6 Where was the world's oldest fossil found?

Answer 3.4 billion-year-off fossil was found in Australia.

Q7 What is the most popular language in the world?

<u>Answer</u> With almost 1.2 billion native speakers, the most popular language in the world is Chinese. In fact, one in six people in the world speak Chinese!
